314. Carburet of calcium, referred to in No. 704 of the tariff, is a hard, irregular-shaped substance, of a black or dark-gray color, varying according to the impureness of the ingredients entering into its composition. This product has the property of decomposing the water with which it comes into contact and transforming into oxide of calcium. In such condition it exhales a carburet of hydrogen called acetylene, is very combustible and of a great illuminating power, which renders it fit for lighting purposes. Carburet of calcium rapidly alters in contact with damp air and then exhales an odor of garlic. On throwing a particle of 4 or 5 grams of this product into an ordinary glass containing one-third of its capacity of water, it immediately emits a gas smelling like garlic which inflames on the approach of an incandescent body.

# CENTRAL AMERICA.

## BRITISH HONDURAS.

Replying to tariff circular, I have to report that there are no export duties levied on the trade of this colony or bounties paid on its products. The tariff may be said to be for revenue only, and is levied on the merchandise of all countries alike.

I send, under separate cover, copies of the tariff now in force, and a copy of chapter 17 of the Consolidated Laws of the Colony relating to the customs.

ALBERT E. MORLAN, *Consul.*

BELIZE, *August 16, 1897.*

thereof before the collector or other proper officer; and the master shall further answer all such questions concerning the ship and the cargo and the passengers, crew, and the voyage as shall be required of him by such officer, and if he refuses to answer, or does not answer truly, the questions required of him, or shall fail to make due report, or if the particulars or any of them contained in such report be false, he shall forfeit a sum not exceeding $500; and all goods not duly reported may be detained by any officer of customs until so reported, or the omission explained to the satisfaction of the collector, and may in the meantime be removed to the Queen's warehouse.

12. The master of every ship required to have a manifest on board shall produce such manifest to any officer of customs who shall come on board such ship, after her arrival within the limits of any port of the said colony, and who shall demand the same for inspection; and such master shall also deliver to any officer of customs a true copy of such manifest signed by the master if required so to do, and if such master shall not in any case produce such manifest, or shall not deliver such copy, he shall forfeit and pay for every such offense a sum not exceeding $300.

13. When any ship shall arrive within the limits of any port in the colony and shall not bring to on being approached and hailed or otherwise signaled by any boat belonging to Her Majesty's customs hoisting and carrying the custom-house flag, the master of such ship shall forfeit and pay a sum not exceeding $500.

14. It shall be lawful for any officer of customs to board any ship arriving in the colony and freely to stay on board until all goods laden therein shall have been duly delivered therefrom or until her departure, and such officer shall have free access to every part of such ship, with power to search, rummage, fasten down hatchways and other places, and to mark any goods before landing, and to lock up, seal, mark, or otherwise secure any goods on board such ship; and if any place, box, or chest on board of such ship shall be locked and the keys be withheld, such officer may open or cause to be opened any such place, box, or chest; and if any goods liable to duty be found concealed on board such ship, they shall be forfeited; and if the officer shall place any lock, mark, or seal upon any place or goods on board, and such lock, mark, or seal be willfully opened, altered, or broken before due delivery of such goods, or if any such goods be unlawfully conveyed away, or if the hatchways, or any other place, after having been fastened down by the officer be opened, the master of such ship shall forfeit for each such offense a sum not exceeding $500.

15. If any dispute shall arise as to the proper rate of duty payable on any goods entered for home consumption, the importer or consignee or his agent shall deposit in the hands of the collector the duty demanded by such collector, which shall be deemed and taken to be the proper duty payable, unless an action or suit shall be commenced by the importer within one month after such deposit in the supreme court against such collector to ascertain whether any and what duty is payable on such goods and on payment of such deposit and on the passing of a proper entry of such goods by the importer, consignee, or agent, such collector shall cause delivery thereof.

### REGULATIONS INWARD.

16. No goods, except ice, live stock, bullion, or coin, shall be unladen from any ship arriving from parts beyond the seas at any port or place in the colony, nor bulk be broken after the arrival of such ship without the sanction of the collector, before the due report of such ship and due entry of such goods shall have been made and warrant granted in manner hereinafter directed, and no goods shall be so unladen except at such times and places and in such manner and by such persons and under the care of such officers as are herein directed; and all goods not duly reported, or which shall be unladen contrary hereto, shall be forfeited; and if bulk be broken contrary hereto, the master of such ship shall forfeit a sum not exceeding $500. All gunpowder and other goods specially dangerous in cargo shall be landed before any other goods, except live stock, ice, bullion, or coin.

17. Every person entering any goods inward, whether for payment of duty upon the first perfect entry or for payment of duty upon the taking out of the warehouse, or whether such goods be free of duty, shall deliver to the collector a bill in duplicate of the entry of such goods according to one of the forms in Schedule B to this chapter, or such other form as the collector shall prescribe from time to time, containing the several particulars indicated or required thereby; and shall pay any duty which may be payable upon the goods mentioned in such entry; and such entry being duly signed by the collector or other proper officer shall be the warrant for the landing and delivery of such goods: *Provided*, That if the duty on any one entry shall exceed in amount the sum of $500, then, and in every such case, the person making the entry may be allowed thirty days for the payment of the said duty thereon, upon security being given for the payment of the same to the satisfaction of the collector.

18. If the goods in any entry be charged to pay duty according to the number, measure, or weight thereof, such number, measure, or weight shall be stated in the

Digitized by Google

entry; and if the goods in such entry be charged to pay duty according to the value thereof, such value shall be stated and shall be ascertained by the production of the invoice of the goods referred to in such entry, and by the declaration of the importer of such goods or his known agent, which declaration shall be written on the bill of entry of such goods and shall be subscribed with the hand of the importer thereof or his known agent, in the presence of the collector or other proper officer, at the port of importation: *Provided also,* That if it shall appear to the collector that such goods have been invoiced below the real and true value thereof at the place from whence the same were imported, the goods may in such case be examined by two competent persons, to be nominated and appointed by the collector, and such persons shall declare on oath, if required, before the collector what is the true and real value of such goods; and the value so declared shall be deemed to be true and real value, upon which the duties due thereon shall be charged and paid.

19. If the importer of such goods shall refuse or neglect to pay the duties imposed thereon, together with the charges that shall have been occasioned by such examination, it shall and may be lawful for the collector, and he is hereby required, to take and secure the same with the packages thereof, and to cause the same to be publicly sold by auction within the space of twenty days at the most after such refusal or neglect made, and at such time and place as such collector shall, by four or more days' public notice, appoint for that purpose, which goods shall be sold to the best bidder or at the best price, and the money arising from the sale thereof shall be applied in the first place in payment to the importer of the amount in respect of which he was willing to pay duty upon such goods, and in the next place in payment of the said duties, together with the charges that shall have been occasioned by the said sale and examination, and the overplus, if any, shall be carried to account as duties of customs.

20. If, notwithstanding what is hereby provided, upon the examination of any goods entered for duty, which are chargeable with duty upon the value thereof, it shall appear to the collector that such goods are not valued according to the true value thereof, or that they are properly chargeable with a higher rate or amount of duty than that to which they would be subject according to the value thereof, as described in the entry, and after such goods shall have been examined by two competent persons, to be nominated or appointed by the collector as aforesaid, and declared by them on oath, if required, to be invoiced below the real and true value thereof, it shall be lawful for such officer to detain the same, in which case he shall forthwith give notice in writing to the person entering the same of the detention of such goods, and the collector shall within seven days after the detention of such goods determine either to deliver such goods on the entry of such person or to retain the same for the use of the Crown, in which latter case he or they shall cause the value at which the goods were so entered and the duties already paid on such entry to be paid to the person entering the same, in full satisfaction for such goods, or may permit such person, on his application for that purpose, to amend such entry at such value and upon such terms as he may direct, and if the collector shall retain such goods he shall and may dispose of them by sale or otherwise for the benefit of the Crown, and if the proceeds arising therefrom in case of sale shall exceed the sum so paid, and all charges incurred by the Crown, they shall be carried to account as duties of customs.

21. The importer of any goods intended to be warehoused without payment of duty on the first entry thereof, or his agent, shall deliver to the collector a bill of entry in duplicate of such goods, in the form No. 2 in Schedule B hereto, and containing the particulars therein, or in such other form as the collector may direct; and such bill of entry, when signed by the collector or other proper officer, shall be transmitted to the proper officer of customs, and be the warrant for the due warehousing of such goods.

22. The importer, owner, or consignee of any ice, live stock, or any bullion or coin not being small parcels, forming part of the baggage of passengers, shall, within four days after the landing thereof, deliver to the collector a full and true account thereof, including its value, and in default he shall, for every such neglect or omission, be liable to a penalty of $50.

23. If the importer of any goods or his known agent shall make or subscribe a declaration before the collector or other proper officer that he can not, for want of full information, make perfect entry thereof, it shall be lawful for the collector or other proper officer to receive an entry by bill of sight in such form as the collector may from time to time prescribe for the packages of such goods, by the best description which can be given. Such entry, being signed by the collector or other proper officer, shall be the warrant for provisionally landing such goods to be examined by such importer in the presence of the proper officer, and within three days after the goods shall have been so landed, or within such further time as the collector shall see fit after the landing thereof, the importer shall make a perfect entry thereof.

24. Where an entry for the landing and examination of goods for delivery on payment of duty shall be made by bill of sight, such goods shall not be delivered

until perfect entry thereof shall have been made and the duties due thereon paid, unless the importer shall have deposited with the collector a sum of money sufficient in amount to cover the duties payable thereon.

25. If full and perfect entry of any goods landed by bill of sight as aforesaid be not made within three days of the landing thereof, or within such further time as the collector may see fit, or unless deposit as aforesaid be made, such goods shall be taken to the Queen's warehouse, and if the importer shall not within three months after such landing make perfect entry of such goods and pay the duties thereon, together with the charge of removal and the warehouse rent, such goods shall be sold for the payment of such duties and charges.

26. If the importer of any goods shall not within ten days after the arrival of the importing ship, or within such further time as the collector may allow, make perfect entry, or entry by bill of sight, of such goods, and land the same, it shall be lawful for any officer of customs to convey such goods to a Queen's warehouse; and whenever the cargo of any ship shall have been discharged within such ten days, with the exception only of a small quantity of goods, the officers of customs may convey such remaining goods to a Queen's warehouse, and likewise at any time may convey any small packages of goods to a Queen's warehouse, although such ten days shall not have expired, there to be kept waiting the due entry thereof during the remainder of such ten days, except as hereinafter mentioned; and if any goods so deposited, being of a perishable nature, shall not be claimed forthwith, or, not being of a perishable nature, shall not be claimed within three months after such warehousing, or within such extended period as the collector shall in any case permit, and all charges of removal and warehouse rent be not paid, such goods may be sold, and the proceeds thereof applied first to the payment of duties, freight, and charges, and the overplus (if any) shall be paid to the proprietor of the goods or his duly authorized agent, and in case such goods can not be sold for a sufficient sum to pay the duties and charges, the same may, by direction of the collecter, be destroyed: Provided that if the importing ship and goods be liable to the performance of quarantine, the time for entry and landing of such goods shall be computed from the time at which such ship and goods shall have been released from quarantine.

27. No entry, nor any warrant for the landing of any goods, or for the taking of any goods out of any Queen's warehouse, shall be deemed valid unless made in accordance with the customs law.

28. Every importer, agent, or other person entering any goods who shall fail to comply with the requirements of the customs law applicable to the goods entered by him shall forfeit a sum not exceeding $100, and such goods shall be liable to forfeiture.

29. Every person who shall make or cause to be made any such entry of any goods, not being duly authorized thereto by the proprietor or consignee of such goods, shall for every such offense forfeit a sum not exceeding $500.

30. If any goods which are liable to the payment of duty upon the value thereof shall receive damage during the voyage an abatement of such duties may be allowed in proportion to the damage so received: Provided due proof be made to the collector that such damage was received after the goods were shipped in the ship importing the same, and before they were landed in this colony; and provided claim to such abatement of duties be made at the time of the first examination of such goods.

31. An officer of customs shall thereupon examine such goods with reference to such damage, but if the officer of customs be incompetent to estimate such damage, or if the importer be not satisfied with the abatement made, the collector may choose two competent merchants, experienced in the nature and value of such goods, who shall examine the same and subscribe a declaration stating in what proportion, according to their judgment, such goods are lessened in value by reason of such damage, and thereupon the collector may make an abatement of the duties according to the proportion of damages so declared by such merchants: Provided always that it shall be lawful for the collector to permit the importer or proprietor of such goods to sell the same or any part thereof by public auction while in custody of the officer of customs, and to receive duty on the price realized at such sale instead of the abatement as before provided.

32. No goods whatsoever shall be unshipped from any ship arriving from parts beyond seas, or shall be landed or put on shore from any such ship, except on days not being Sundays or holidays, and within the legal and specified hours to be fixed by the collector, with the sanction of the governor, unless special authority be given by the collector, and then only on depositing the overtime pay due to the officer or officers of customs attending; nor shall any goods be so unshipped or landed unless in the presence or with the authority of the proper officer of customs, and such goods shall be landed at some wharf or place duly appointed for the landing of goods, and no goods after having been put into any other ship, boat, or lighter to be landed shall be removed into any other ship, boat, or lighter previously to their being duly landed, without the permission or authority of the proper officer of

customs, and all goods unladen or landed contrary to this or any customs law shall be forfeited.

33. If any goods which shall be hereafter imported shall be removed from any ship, wharf, or other place previous to examination by the proper officer of customs, except under the supervision of an officer of customs, or with an authority in writing from such officer and for such purpose as shall be therein expressed, and in due conformity therewith, every person who shall assist or be in any wise concerned in such removal, or who shall knowingly harbor, keep, or conceal, or knowingly permit or suffer to be harbored, kept, or concealed, any such goods, or to whose hands or possession any such goods shall knowingly come, shall forfeit for each and every of such several offenses either the treble value of such goods or a penalty not exceeding $500, at the election of the collector.

34. Goods upon which duty may have once been paid shall, whenever all or any such goods shall have been shipped for any place out of the colony and returned into the colony within three months after the shipment from the same, for any cause or reason whatsoever be readmitted duty free, upon proof being given to the satisfaction of the collector that such goods are the same in all respects which were imported into the colony, and upon which the proper duty was paid when so imported: *Provided always*, That all articles which have been imported as aforesaid, and which have been exported for repairs or restoration, may be reimported at any time within six months from the time of exporting the same, subject to all the foregoing provisions except as to time, without payment of any duty.

35. The unshipping, carrying, and landing of all goods and packages, and the bringing of the same to the proper place for examination or for weighing, and the putting into and taking out of the scales after weighing, and the opening and closing of the same and the carriage thereof to the Queen's warehouse, shall be performed by or at the expense of and risk of the importer.

36. If the proper officer of customs shall place any lock, mark, or seal upon any stores on board any ship in the colony and such lock, mark, or seal be willfully opened, altered, or broken, or if any such stores be unlawfully conveyed away, the master of such ship shall forfeit a sum not exceeding $250.

37. If any indecent or obscene print, painting, book, card, lithograph, or engraving, or any other indecent or obscene article, or any base or counterfeit coin shall be imported into the colony, the same shall be immediately forfeited, and shall and may forthwith be seized by any officer of customs and peremptorily destroyed as the collector shall direct.

38. It shall not be lawful for any person to import any spirits, cordial, liqueurs, wines, tobacco, or cigars into any place in this colony except the port of Belize, or such other port as the governor in council may from time to time sanction.

### REGULATIONS OUTWARD.

39. The master of any ship bound from the colony shall, before any goods be laden therein, deliver to the collector an entry outward signed by such master in the form of Schedule C, or in such other form as the collector may from time to time prescribe; and if any goods be laden on board any ship before such entry be made, the master of such ship shall forfeit and pay the sum of $250, and before such departure the master shall deliver to the collector a content in writing signed by him in the form or to the effect of the form in the Schedule D to this chapter, or in such other form as the collector may from time to time prescribe; and shall make and subscribe a declaration to the truth of such content as far as the particulars can be known to him; and the master of every ship bound from the colony, whether in ballast or laden, shall before departure come before the collector or other proper officer of customs and answer such questions concerning the ship and cargo (if any) and the crew, passengers and voyage, as shall be demanded of him by such officer, and thereupon the collector or other proper officer of customs shall make out and give to the master a certificate of the clearance of such ship for her intended voyage (Schedule E); and if any ship shall depart without such clearance, or if the master shall deliver a false content, or shall not truly answer any question demanded of him, he shall forfeit and pay any sum not exceeding $500: *Provided always*, That where it shall be necessary to lade any heavy goods on board any ship before the whole of the inward cargo is discharged, it shall be lawful for the collector to issue an order for that purpose previous to the entry outward of such ship.

40. No clearance shall be granted unless all the inward cargo shall have been duly accounted for to the satisfaction of the collector, and all other requisites of the law complied with, and no clearance shall be demanded unless all official documents connected with the ship shall have been deposited with the proper officer before 3 o'clock in the afternoon of the day on which such clearance is required: *Provided*, That nothing shall prevent the collector from granting a clearance on any day, although such papers shall have been delivered later than 3 o'clock on that day.

41. Before any warehoused goods shall be permitted to be exported, the exporter shall give such security by bond as the collector shall require, that such goods shall be duly shipped and exported to some port out of this colony, and shall be landed at the port for which they are entered outward within such time as the collector may deem reasonable, or be otherwise accounted for to his satisfaction, provided that any person desirous of exporting any such goods may, subject to the approval of the collector, give a general bond, with such security, in such amount, and under such conditions as the collector may require, in lieu of separate bond for each exportation.

42. No person shall export any warehoused goods nor shall enter any such goods for exportation in any ship of less burden than 5 tons, nor to be landed at any place within 10 miles of this colony.

43. Before any warehoused goods shall be shipped, or water-borne to be shipped to some port out of this colony, the exporter or his agent shall deliver to the collector a shipping bill in duplicate of such goods in the form Schedule F, or in such form and containing such particulars as the collector shall from time to time approve and require; and such bill, being duly signed by the collector or other proper officer of customs, shall be the warrant for the shipment of such goods.

44. No goods upon the export of which bond is required shall be shipped, or water-borne to be shipped, in order to be exported except at a wharf or place appointed for the purpose by the collector, and except during the legal hours appointed for landing goods.

45. No ship or boat, on board of which any goods shall be shipped under bond, or which has on board any other goods for exportation, shall take on board or carry any goods to be landed within the limits of this colony, or call anywhere within this colony whilst on her voyage with such goods, without the special written permission of the collector.

46. No such ship or boat as aforesaid shall leave the port of Belize after 5 o'clock in the afternoon, nor before 8 o'clock in the morning, without the special written permission of the collector of customs.

47. The master of every ship or boat who, without reasonable excuse, the proof of which shall lie upon him, shall act in contravention of either of the two previous sections, shall be liable to a penalty not exceeding $500 for each offense, and the ship or boat shall be liable to be forfeited.

48. If any goods taken out of any Queen's warehouse to be exported shall not be duly exported to parts beyond the limits of the colony, or shall be relanded therein, such goods not having been duly relanded or short-shipped under the care of the proper officer of customs, the same shall be forfeited, together with the ship or boat which may have been used in the relanding or carrying such goods, and the exporter of such goods and every person who shall assist or be otherwise concerned in the relanding of such goods, or who shall knowingly harbor, conceal, or keep the same, or in whose possession any such goods shall be found, shall be liable to forfeit treble the value of such goods, or the sum of $500, at the election of the collector.

49. If the proper officer of customs shall place any lock, mark, or seal upon any goods taken from the Queen's warehouse without payment of duty on board any ship, and such lock, mark, or seal be willfully opened, altered or broken, or if any such goods be unlawfully removed from such ship, the master shall forfeit and pay for each and every of such offense any sum not exceeding $500.

50. Any officer of customs may go on board any ship after clearance outward within the limits of any port in the colony, or within one league of the coast thereof, and may demand the ship's clearance, and if the master shall refuse to produce the same, and to answer such questions concerning the ship, cargo, and intended voyage as may be demanded of him, he shall forfeit a sum not exceeding $25.

51. The exporter of goods for which no bond is required shall, within seven days after the clearance outward of the exporting ship, either by himself or his agent, deliver to the collector a full and particular account of such goods in such form as the collector may direct, and shall subscribe a declaration to the truth of such particulars, and, in default, the exporter, or his agent, shall for every such offense forfeit a sum not exceeding $50.

### REGULATIONS COASTWISE.

52. All ships trading from one part of the said colony to another part thereof shall be considered as engaged in the coasting trade.

53. No goods shall be carried coastwise in any coasting ship except such as shall be so laden to be so carried at some port or place in the said colony; and if any goods shall be taken into or put out of any coasting ship at sea, or if any coasting ship shall touch at any place over the sea or outside the limits of the said colony, or deviate from her voyage unless forced by unavoidable circumstances, or if the master of any coasting ship which shall have touched at any place over the seas or outside

the limits of the said colony shall not declare the same in writing under his hand to the collector at the port in the said colony where such ship shall afterwards first arrive, the master of such ship shall be liable to forfeit for each and every of such offenses a sum not exceeding $500.

54. It shall be incumbent on the master of every coasting vessel having goods on board liable to excise or import duty, without delay to report his arrival at any port to the collector at such port, and any master failing so to do shall be liable to forfeit for each such offense a sum not more than $100.

GENERAL RULES.

55. All bonds relating to the customs required to be given in respect of goods or ships shall be taken by the collector for the use of Her Majesty; and after the expiration of the time (if any) limited therein, for the performance of the condition thereof, every such bond upon which no prosecution or suit shall have been commenced shall be void and may be canceled and destroyed.

56. All bonds given by persons under the age of 21 years in pursuance of the directions herein contained shall be valid and effectual to all intents and purposes, anything in any law or custom to the contrary in anywise notwithstanding.

57. It shall be lawful for all officers of customs to take such samples of any goods imported as shall be necessary for ascertaining the amount of any duties payable on the same, and also for the collector to permit reasonable moderate samples in his discretion to be taken of any goods warehoused without payment of duty: *Provided*, That if such aforesaid samples are not duly claimed and removed within one month after they have been taken, they shall be sold as the collector may direct, and the proceeds thereof, after payment of all expenses, shall be paid to Her Majesty for the public uses of the colony.

58. If any person shall counterfeit, falsify, or willfully use when counterfeited or falsified any document required by this chapter or any other law relating to the customs, or any instrument used in the transaction of any business or matter relating to the customs, or shall alter any such document or instrument after the same has been officially issued, or counterfeit the seal, signature, initials, or other mark of or used by any officer of customs for the verification of any such document or instrument, or for the security of goods or any other purpose in the conduct of business relating to the customs, every person so offending shall for each and every such offense forfeit a sum not exceeding $500.

59. It shall be lawful for the governor in council from time to time to appoint any port, within the colony, and declare the limits thereof, and appoint proper places within the same to be legal wharves for the lading and unlading of goods, and to define the bounds and extent of any such wharves upon which particular goods may be laden and unladen, and to revoke any such appointment from time to time, and to appoint any new place or places within any port or ports to be a legal wharf or wharves for the lading or unlading of goods.

60. All articles imported for the use of Her Majesty's army or navy shall be landed and received free from any duty, on the production of a bill of lading for the same and certificate signed by the officer in command that such articles have been imported solely for the use of the army or navy as aforesaid.

61. All import or excise duties on any articles supplied by contractors or others for the use of Her Majesty's army or navy shall be refunded on the production of a certificate from the officer commanding Her Majesty's land forces in the colony, or from a naval officer commanding on this station, that such articles have been supplied for such public purposes as aforesaid.

62. In lieu of exemption from import duties and of the allowance of drawbacks, there shall be granted and paid from the public treasury to the several officers and soldiers of Her Majesty's said military forces graduted pecuniary allowances according to the scale specified in Schedule H: *Provided always*, That no person shall be entitled to draw any of the said allowances when such person shall be away from this colony on leave of absence.

63. At the close of every month the officer commanding Her Majesty's military forces shall transmit to the treasurer a return showing the number and rank of the officers and soldiers of such forces serving during such month, certified by him, and the allowances payable under this chapter shall then be paid monthly out of the public treasury to the person who may for the time being be authorized by such commanding officer to receive the same.

64. No import duty shall be payable in respect of—

(*a*) Chargers imported by and bona fide the property of field officers, or departmental officers of relative rank, or of staff officers, or adjutants of regiments, and necessary for the proper discharge of their military duties, under a certificate from the officer commanding the troops.

(*b*) Articles of personal and horse equipment necessary for the performance of military duty, under a like certificate.

65. All articles whatsoever imported for the use of the governor shall be landed and received free from any duty, and the governor shall be entitled to a drawback equal to the duties paid upon their importation on any articles supplied to him by any importer or trader in this colony

66. If any goods be imported, exported, or carried coastwise contrary to this chapter all such goods shall be forfeited, and the master of such ship in which the same shall be so imported, exported, or carried coastwise shall be liable to forfeit any sum not exceeding $500, except where any other penalty is specially imposed.

67. The stores of any ship arriving at or departing from the colony shall be subject to the same duties and regulations as the like sort of goods shall be subject to when imported by way of merchandise: *Provided*, That duty has not previously been paid on the same.

68. If any declaration required to be made by this or any other customs law be untrue in any particular, or if any person required by any such law to answer questions put to him by the officer of customs touching certain matters shall not truly answer such questions, the person making such declaration or answering such questions shall, over and above any other penalty to which he may be subject, forfeit any sum not exceeding $500.

69. All goods deposited in any warehouse or place of security under any law for the warehousing of goods, without payment of duty upon the first importation thereof, or which may be imported and on board any ship, shall, upon being entered for home consumption, be subject to such and the like duties as may at the time of passing such entry be due and payable on the like sort of goods under any customs law in force at the time of passing such entry, except in cases where special provision shall be made by such law to the contrary.

70. No kerosene oil or goods of a combustible, inflammable, or perishable nature shall be brought into or deposited in a Queen's warehouse; and if any such goods shall be landed by the officers of customs under the provisions of the customs law, the same may be deposited in any other available place as the collector may deem fit, and while so deposited the same shall be deemed to be in the Queen's warehouse, and such goods shall be chargeable with such expenses for securing, watching, and guarding the same, until sold or cleared, as the collector shall see fit; and neither the collector or any other officer of customs shall be liable to make good any damage which such goods may sustain by reason of their being so deposited and dealt with as aforesaid.

71. Goods abandoned by the importer or proprietor as not worth the duty may be disposed of or destroyed within such time and in such manner as the collector may direct, at the cost and charges of such importer or proprietor.

QUEEN'S WAREHOUSE.

72. It shall be lawful for the governor in council from time to time to appoint the ports in the said colony which shall be warehousing ports for the purposes of this chapter for the due keeping and preservation of goods without payment of duty on the first entry thereof; and the governor shall provide, from time to time, all necessary Queen's warehouses for the warehousing and securing such goods; and also to alter, vary, or revoke such appointment, and to grant another or others in its stead: *Provided*, All such appointments be published in the Gazette.

73. It shall be lawful for the importer of goods to warehouse the same in the Queen's warehouses without payment of duty on the first entry thereof, subject to the rules and regulations herein contained: *Provided*, That for every package of goods so warehoused the importer or proprietor thereof shall pay warehouse rent according to Schedule G hereto, or such other rent as the collector, with the approval of the governor in council, shall fix. All goods so warehoused shall be stored by the importer in such parts or divisions of the Queen's warehouse as the collector shall direct, and in such manner as that easy reach may be had to each package.

74. If any goods entered to be warehoused shall not be duly carried and deposited in the Queen's warehouse in pursuance of such entry, such goods shall be forfeited, and the importer shall, in addition to the duty payable on such goods, forfeit a penalty not exceeding $500.

75. Upon entry and landing of any goods to be warehoused, the proper officer of customs shall take a particular account of the same and shall enter the same in a book to be kept for that purpose; and no goods which shall have been so warehoused shall be taken or delivered from the Queen's warehouse except upon due entry and under the care of the proper officer for exportation, or upon due entry and payment of the duty for home use.

76. All goods which shall have been so warehoused shall be duly cleared either for exportation or for home consumption within three years from the day of the entry thereof; and if such goods be not so cleared, it shall be lawful for the col-

lector to cause the same to be sold, and the produce shall be applied first to the payment of the duties, next to the payment of the warehouse rent and other charges, and the overplus (if any) shall be paid to the proprietor or other person duly authorized to receive the same; and such goods when sold shall be held subject to all the conditions to which they were subject previous to such sale, except that a further time of three months from the date of the sale may be allowed to the purchaser for the clearing of such goods from the Queen's warehouse: *Provided*, That it shall be lawful for the collector to grant to the importer further time for the goods to remain warehoused, if he shall see fit so to do.

77. If any goods entered or warehoused, or entered to be delivered from the Queen's warehouse shall be lost or destroyed by any unavoidable accident, either on shipboard or in the landing or shipping of the same, or in the receiving into or delivery from the Queen's warehouse, it shall be lawful for the governor to remit or return the duties payable or paid on the quantities of such goods so lost or destroyed.

78. Whereas spirits and tobacco and certain other goods are liable to fluctuation in quantity by the effect of the atmosphere, or other natural causes, it shall be lawful for the collector or for the proprietor or importer of such goods as aforesaid to require the same to be regauged, remeasured, or reweighed by the proper officer of customs (whose regauging, remeasuring, or reweighing shall be conclusive to all parties) at the time when the same shall be respectively delivered from the Queen's warehouse, and the duties respectively payable thereon by such proprietor or importer shall be paid according to the quantity so ascertained, unless it shall be mutually agreed by and between the said parties that the said duties shall be paid on the quantities originally entered.

79. Goods warehoused at any warehousing port of the said colony, being first duly entered, may be delivered under the authority of the collector, without payment of duty, for the purpose of removal to another port of the said colony, under bond to the satisfaction of such officer for the due arrival and rewarehousing of such goods at such other port, or for the payment of all duties due upon such goods, or to be otherwise accounted for to the satisfaction of such collector.

80. In case of any embezzlement, waste, spoil, or destruction of any goods warehoused under the authority of this chapter, by or through the willful misconduct of any officer of customs, such officer of customs shall be deemed guilty of a misdemeanor, and shall upon conviction suffer such punishment as may be inflicted by law in cases of misdemeanor; and if such officer shall be prosecuted to conviction by the importer, consignee, or proprietor of such goods, no duty shall be payable of or in respect of such goods, and no forfeiture or seizure shall take place of any goods so warehoused in respect of any deficiency caused by such embezzlement, waste, spoil, or destruction of such goods; and the damages occasioned by such waste, spoil, or destruction of such goods shall be repaid and made good to such importer, consignee, or proprietor, under such regulations and directions as shall be for that purpose made and given by the governor.

81. If any importer or proprietor of any goods warehoused, or any person or persons shall by any contrivance fraudulently open any Queen's warehouse, or gain access to the goods therein, such importer, proprietor, or other person or persons shall forfeit and pay for every such offense $500, and all goods liable to duty which shall be found in the act of being removed, or be removed without a legal warrant for the same shall be deemed to be goods respectively liable to and unshipped without payment of duty, unless the person or persons in whose possession the same shall be found and seized shall prove to the contrary.

82. No goods shall be cleared from the Queen's warehouse, either for home consumption or for exportation in less quantity than the entire package of such goods originally warehoused, and if for home consumption, in quantity the duty on which will amount to less than $5.

83. With the sanction of the collector and under such regulations and restrictions as he shall from time to time require and direct, it shall be lawful for the importer or proprietor, in the warehouse, to sort, separate, pack, and repack any goods intended for exportation.

84. No compensation shall be made by the customs to any importer, proprietor, or consignee of any goods by reason of any loss or damage occasioned thereto in the Queen's warehouse by fire or other inevitable accident.

85. If after any goods shall have been duly entered or landed to be warehoused, and before the same shall be actually deposited in the Queen's warehouse, the importer shall further enter the same or any part thereof for home use or exportation, the goods so entered shall be considered as virtually and constructively warehoused, although not actually deposited in the Queen's warehouse, and shall and may be delivered and taken for home use or exportation as the case may be.

SMUGGLING.

86. Where any ship or boat shall be found within the limits of the colony, and shall not bring to upon signal made by any ship or boat in Her Majesty's service, or in the service of the customs, hoisting and carrying the proper pendant and ensign, or the custom-house flag, in order to bring such ship or boat to, and thereupon chase shall be given, or if any person on board such ship or boat so chased shall, during the chase or before such ship or boat shall bring to, throw overboard any part of the lading of such ship or boat, or shall stave or destroy any part of such lading to prevent seizure thereof, then and in every such case the said ship or boat shall be forfeited.

87. In case any ship or boat liable to seizure or examination under any customs law, or any law for the prevention of smuggling, shall not bring to on being required so to do, on being chased by any ship or boat in Her Majesty's navy, or by any ship or boat duly employed for the prevention of smuggling, such ship or boat respectively hoisting and carrying a proper pendant and ensign or custom-house flag, it shall be lawful for the captain, master, or other person having the charge or command of such ship or boat in Her Majesty's navy, or employed as aforesaid (first causing a gun to be fired as a signal), to fire at or into any such ship or boat, and such captain, master, or other person acting in his aid or assistance, or by his direction, shall be, and he is hereby, fully indemnified and discharged from any and every indictment, information, prosecution, penalty, action, or other proceeding for so doing and from all the consequences thereof.

88. If any ship or boat whatsoever shall be found within the limits of the colony with a cargo on board and such ship or boat shall afterwards be found light or in ballast, and the master is unable to give a due account of the port or place where such ship or boat shall have legally discharged her cargo, such ship or boat, with her guns, furniture, ammunition, tackle, and apparel shall be forfeited.

89. All ships, lighters, and boats made use of in the removal, carriage, or conveyance of any goods liable to forfeiture under any customs law shall be liable to forfeiture.

90. All ships and boats belonging in the whole or in part to any of Her Majesty's subjects, having false bulkheads, false bows, double sides or bottoms, or any secret or disguised place whatsoever in the construction of any ship or boat intended to be used for the purpose of concealing goods, or having any hole, pipe, or other device in or about such ship or boat to be used for the purpose of running goods, shall be liable to forfeiture, with all the guns, furniture, ammunition, tackle, and apparel belonging to such ship or boat.

91. No boat or lighter without the sanction of the collector shall go or remain alongside any ship for the purpose of landing cargo until due report of such ship shall have been made, under a penalty not exceeding $50.

92. If any goods liable to the payment of duties shall be unshipped from any ship or boat in the colony, customs or other duties not being first paid or secured, or if any uncustomed goods whatsoever which shall have been warehoused or otherwise secured in the colony, either for home consumption or exportation, shall be clandestinely or illegally removed from or out of any warehouse or place of security, then and in every such case all such goods so removed as aforesaid shall be forfeited, and all ships and boats, and all horses and other animals and carriages, and things made use of in the removal of such goods shall be liable to forfeiture.

93. If any goods subject to the payment of duty shall be found or discovered to have been concealed in any manner on board any ship or boat within the limits of the colony, or shall be found, either before or after landing, to have been concealed in any manner on board such ship or boat within such limits as aforesaid, then and in every such case all such goods shall be forfeited, and all such other goods which shall be packed with and used in concealing them, with the connivance of the owner, shall be liable to forfeiture.

94. If any person shall import or cause to be imported goods of one denomination concealed in packages of goods of any other denomination, or any package containing goods not corresponding with the entry thereof, or shall directly or indirectly import, or cause to be imported or entered, any package of goods as of one denomination which shall afterwards be discovered, either before or after delivery thereof, to contain other goods, or goods subject to a higher rate or amount of duty than those of the denomination by which such package or the goods in such package were entered, such package and the goods therein shall be forfeited, and such person shall forfeit for every such offense a penalty not exceeding $500, or treble the value of the goods contained in such package, at the election of the collector.

95. All goods liable to duty which shall be found in the process of being removed without a legal warrant for the same shall be deemed to be goods respectively liable to and unshipped without payment of duty, unless the person in whose possession the same shall be found or seized shall prove to the contrary.

96. All ships, boats, and goods whatsoever liable to forfeiture under any customs law shall and may be seized in any place, either on land or water, by any officer of Her Majesty's navy on full pay, or by any officer of customs, or by any person having authority to seize from the governor; and ships, boats, and goods seized shall, as soon as conveniently may be, be delivered into the care of the proper officer appointed to receive the same.

97. It shall be lawful for any officer of the army, navy, or marine duly employed in the prevention of smuggling, or for the collector or other proper officer of customs, to search any person either on board of or who shall have landed from any ship or boat: *Provided*, Such officer shall have probable cause to suppose that such person has uncustomed or prohibited goods secreted about his person; and any person who shall obstruct any such officer in searching as aforesaid, or shall rescue, destroy, or attempt to destroy any goods to prevent seizure, shall forfeit and pay any sum not exceeding $250; and if no such goods shall be found on such person, the officer so searching, having had probable cause to suspect that such person had uncustomed or prohibited goods secreted about his person, shall not, on account of such search, be liable to any prosecution, action, or other proceeding.

98. If any passenger or other person on board any ship or boat, or who shall have landed therefrom, shall, upon being questioned by any officer of customs whether he has any uncustomed or prohibited goods upon his person, or in his possession, deny the same, and any such goods shall, after such denial, be discovered upon his person or in his possession, such goods shall be forfeited, and such person shall forfeit treble the value of such goods.

99. It shall be lawful for any officer of customs or any person acting under the direction of the governor, having a writ of assistance under the hand of the chief justice and the seal of the supreme court, or any warrant issued by a justice of the peace, with or without a constable or peace officer, or for the collector without such writ of assistance or warrant, to enter into and search any house, shop, cellar, warehouse, room, or other place, and, in case of resistance, to break open doors, chests, trunks, and other packages, there to seize and thence to bring any uncustomed, forfeited or prohibited goods, and to put and secure the same in the Queen's warehouse.

100. All writs of assistance so issued as aforesaid shall continue and be in force during the whole of the reign in which such writs shall have been granted and issued, and for six months from the conclusion of such reign.

101. If any goods, subject to forfeiture under any customs law, shall be stopped or taken by any police officer or other person, such goods shall be conveyed to the custom-house nearest to the place where such goods were stopped or taken and there delivered to the proper officer appointed to receive the same, within a reasonable time after the said goods were stopped or taken, and in case any police officer or other person as aforesaid stopping such goods shall neglect to have the same conveyed to such custom-house within a reasonable time, such officer or other person shall forfeit a sum not exceeding $150.

102. Every person who shall import or bring, or be concerned in importing or bringing, any prohibited goods, or any goods the importation of which is restricted contrary to such prohibition or restriction, whether the same be unshipped or not, or shall unship or assist or be otherwise concerned in the unshipping of any goods which are prohibited, or any goods which are restricted and imported contrary to such restriction; or of any goods liable to duty the duties for which have not been paid or secured, or shall assist or be otherwise concerned in the illegal removal or withdrawal of any goods from any warehouse or other place of security in which they shall have been deposited; or shall knowingly harbor, keep, or conceal, or knowingly permit or suffer or cause or procure to be harbored, kept, or concealed, any prohibited, restricted, or uncustomed goods, or any goods which shall have been illegally removed without payment of duty from any warehouse or place of security in which they may have been deposited; or shall be in any way knowingly concerned in carrying, removing, concealing, or in any manner dealing with any such goods; or shall be in any way knowingly concerned in any fraudulent evasion or attempt at evasion of any duties of customs, or of the laws and restrictions of the customs relating to the importation, unshipping, landing, and delivery of goods, or otherwise contrary to the customs law, shall for each such offense forfeit either treble the value of the goods, or a sum not exceeding $500, at the election of the collector; and the offender may either be detained or proceeded against by information and summons.

103. In all cases where any penalty, the amount of which is at any time to be ascertained by the value of any goods, is directed to be sued for by any customs law, such value shall, as regards the proceedings in any court of the colony, be estimated and taken according to the price of goods of the like sort or description of the best quality, upon which the duties on importation have been paid, are sold.

104. Where any person shall have been detained for any offense under any customs law, and shall have been taken before any justice of the peace, or if he shall

have otherwise appeared before any justice of the peace to answer any charge preferred against him under this chapter, if it shall appear to such justice there is reasonable cause to detain such person, such justice may, and he is hereby, authorized and required to order such person to be detained a reasonable time, and at the expiration of such time to be brought before any district magistrate, to be dealt with according to law.

105. If any person liable to be detained under the provisions of any customs law shall not be detained at the time of committing the offense for which he is liable, or after detention shall make his escape, it shall be lawful for any officer of the navy on full pay, or for any officer of customs, or police officer, or any other person acting in any of their aid or assistance, or duly employed for the prevention of smuggling, to detain such person so liable to detention at any time afterwards, and to take him before any justice of the peace, to be dealt with as if detained at the time of committing the said offense.

106. It shall be lawful for any officer of customs or police officer, or any person acting in his aid and assistance, or duly employed for the prevention of smuggling, upon reasonable suspicion to stop and examine any cart, wagon, or carriage for the purpose of ascertaining whether any smuggled, prohibited, or forfeited goods are contained therein, and if no such goods shall be found, then and in such case the officer or other person so stopping and examining such cart, wagon, or carriage, having had probable cause to suspect that smuggled, prohibited, or forfeited goods were contained therein, shall not on account of such stoppage and search be liable to any prosecution or action at law on account thereof; and all persons driving or conducting such cart, wagon, or carriage refusing to stop when required to do so in the Queen's name shall forfeit a sum not exceeding $500.

107. All persons assembled, to the number of three or more, for the purpose of unshipping, carrying, conveying, or concealing any uncustomed, prohibited, or forfeited goods, and every person who shall by any means procure, hire, or induce any persons to assemble for the purposes aforesaid, and any person who shall in any manner obstruct any officer of the Navy on full pay, or any officer of customs, or police officer, or any person acting in any of their aid or assistance, or duly employed for the prevention of smuggling in the execution of his duty, or in the due seizure of any goods liable to forfeiture by any customs law, or shall rescue or cause to be rescued any goods which have been seized, or attempt or endeavor so to do, or shall before or at, or after any seizure, stave, break, or otherwise destroy any goods to prevent the seizure thereof, or the securing the same, shall, upon being duly convicted of any of the said offenses before any district magistrate, be adjudged to be imprisoned with hard labor for any term not exceeding one year; or, at the discretion of such magistrate, to forfeit for every such offense a sum not exceeding $500.

108. If any persons, to the number of two or more, armed with firearms or other offensive weapons, or disguised in any way, shall within the said colony be assembled in order to be aiding or assisting in the illegal landing, running, or carrying away of any prohibited or forfeited goods, or any goods liable to any duties which have not been paid or secured, or in rescuing or taking away any such goods as aforesaid after seizure from the officer of customs or other officer authorized to seize the same, or from any person employed by or assisting them, or from the place where the same have been lodged by them, or in rescuing any person who shall have been apprehended for any of the offenses made felony by any customs law, or in the preventing the apprehension of any person who shall have been guilty of such offense, or in case any persons to the number of two or more so armed as aforesaid, shall, within the said colony, be aiding or assisting, or if any person or persons shall willfully shoot at any ship or boat belonging to Her Majesty or in the service of the customs, every person so offending and every person aiding, abetting, or assisting therein, shall, on being convicted thereof, be adjudged guilty of felony, and shall be liable, at the discretion of the court before whom he shall be convicted, to be sentenced to be imprisoned with hard labor for any term not exceeding ten years.

109. If any person shall assault, or by force and violence resist, oppose, molest, hinder, or obstruct any officer of the Navy on full pay, or any officer of the customs, or police officer, or other person acting in any of their aid or assistance, or duly employed for the prevention of smuggling, in the due execution of any of their offices or duties, such person being convicted thereof shall be sentenced to be imprisoned with hard labor for any term not exceeding two years, at the discretion of the court before whom the offender shall be tried and convicted as aforesaid.

110. All ships and boats and all goods whatsoever which shall have been seized and condemned for a breach of any law relating to the customs shall be disposed of as soon as conveniently may be after the condemnation thereof in such manner as the collector shall direct.

JURISDICTION AND PROCEEDINGS.

111. All duties, charges, penalties, and forfeitures incurred or imposed by any customs law, and the liability to forfeiture of any goods seized under the authority thereof, may be sued for, prosecuted, determined, and recovered by action, information, or other appropriate proceeding in the supreme court of the colony or in the court of vice-admiralty, in the name of Her Majesty's attorney-general or in the name of the collector, except in cases where the duty charges or penalty does not exceed the sum of $500, which shall be heard and determined upon summary conviction.

112. Upon exhibiting any information before any justice of the peace for any offense against any customs law, whether the party charged in respect to such offense be or be not liable to be detained in manner herein mentioned, such justice is hereby required to issue a summons for the appearance of the party against whom such information is exhibited before any district magistrate, and such summons directed to such party being left with some adult person at his or her last place of residence, or on board any ship or boat to which such party may belong, shall be deemed to have been sufficiently served.

113. Upon appearance or default of any person so summoned or detained it shall be lawful for any district magistrate to proceed to the examination of the matter contained in such information, and on due proof thereof, either upon the confession of such person, or upon the oath of one or more credible witnesses, to convict such person in the penalty sued for by such information, and in case of nonpayment thereof, together with the costs, it shall be lawful for such magistrate, and he is hereby authorized and required, by warrant under his hand and seal, to commit such person to prison, with or without hard labor, there to remain until the penalty shall be paid, or for any period not exceeding six months, unless the penalty, with costs, shall be sooner paid.

114. Every information for any penalty or forfeiture, and every conviction or warrant of commitment for any penalty, shall be deemed valid and sufficient in which the offense for which such penalty shall have been inflicted, or the cause of such forfeiture is set forth in the words of this chapter, and no warrant of commitment for any such offense shall be held void by reason of any defect in form or substance in such warrant, nor shall any party be entitled to be discharged out of custody on account of such defect, provided it be alleged in such warrant that the said party has been convicted of such an offense, and provided it shall appear to the court or judge before whom such warrant is returned that such conviction proceeded upon good and valid grounds.

115. No writ of certiorari shall issue from any court in the said colony to remove any proceeding from before any district magistrate under any customs law, nor shall any writ of habeas corpus issue to bring up the body of any person who shall have been convicted before any district magistrate under any such law, unless the party against whom such proceedings shall have been directed, or who shall have been so convicted, or his attorney or agent shall state in any affidavit in writing, to be duly sworn and filed, the grounds of objection to such proceedings or conviction, and upon the return of such writ of habeas corpus or certiorari no objection shall be taken or considered other than such as shall have been stated in such affidavit; and it shall be lawful for any such magistrate, and he is hereby required to amend any information, conviction or warrant of commitment, in form or substance, and if necessary to prepare a fresh conviction or warrant of commitment for any offense under any such law, at any time whether before or after conviction, or before or after such certiorari or habeas corpus shall respectively issue, or before or after such conviction shall have been returned.

116. All ships, boats, and goods which shall be seized as forfeited under any customs law, shall be deemed and be taken to be condemned to all intents as if condemned by a competent court, unless the person from whom such ships, boats, or goods shall have been seized, or the owner of them, or any person authorized by him, shall within one month from the day of the seizing of the same give notice in writing to the collector that he claims the ship, boat, or goods.

117. If any ship, boat, or goods shall be seized for any cause of forfeiture under any customs law, and it shall be alleged that such ship, boat, or goods is not liable to forfeiture, the proof thereof shall be on the owner or claimant of such ship, boat, or goods.

118. If any ship, boat, or goods shall be seized as forfeited under any customs law, it shall be lawful for the collector to order delivery thereof to the claimant on his entering into bond in double the value of the same, with two or more sufficient sureties, to be first approved by the said collector, with condition that in the event of the ship, boat, or goods being condemned, the single penalty of the bond shall be forthwith paid to the said collector.

119. In case any claim shall be made to any ship, boat, or goods so seized as aforesaid, and the value of the ship, boat, or goods shall not exceed $500, the collector

shall cause a complaint to be preferred for the adjudication of such forfeiture before a district magistrate, and upon it being made to appear by such claimant to the satisfaction of such magistrate that the same is entered in the true name of the owner of the ship, boat, or goods, and that the same are not liable to forfeiture, then the said magistrate shall adjudge such articles to be restored accordingly; but if the said magistrate shall not be so satisfied, or if the said claimant shall fail to prove that the articles are not liable to forfeiture, the said magistrate shall confirm the seizure of such articles and condemn the same.

120. No claim or appearance shall be permitted to be entered to any information filed for the forfeiture of any ship, boat, or goods seized for any cause of forfeiture and returned into the supreme court, or into the court of vice-admiralty, unless such claim or appearance is entered in the true and real name of the owner of such ship, boat, or goods, describing the place of residence, and the business or profession of such person, and if such person shall reside in the said colony, oath shall be made by him before the judge of the court or other person authorized to take affidavits in the said court into which the said ship, boat, or goods are returned, or in which such information is filed, that the ship, boat, or goods was or were really and truly the property of him at the time of such seizure; but if such person shall not be resident in the said colony, then and in such case oath shall be made in like manner by the agent, attorney, or solicitor by whom such claim or appearance shall be entered that he has full power and legal authority and directions from such owner or proprietor to enter such claim or appearance, and that to the best of his knowledge and belief such ship, boat, or goods was or were at the time of seizure thereof bona fide and truly the property of the person in whose name such claim or appearance is entered, and on failure thereof the ship, boat, or goods shall be absolutely condemned and judgment shall be entered thereon by default according to the usual method of proceedings of the court, in the same manner as if no claim or appearance had been entered thereto; and every person who shall be convicted of making or taking a false oath to any of the facts hereinbefore directed or required to be sworn, shall be deemed guilty of perjury and shall be liable to all the pains and penalties to which persons are liable for willful and corrupt perjury.

121. Upon entry of any claim to any ship, boat, or goods seized for any cause of forfeiture or of any appearance to any information filed for such forfeiture, the person who shall enter such claim or appearance as the owner or proprietor thereof, in case such claimant shall reside in the said colony, shall be bound with two other sufficient sureties in the penalty of $500 to answer and pay the costs occasioned by such claim or appearance, and if such owner and proprietor shall not reside in the said colony then, and in such case the attorney or solicitor by whose direction such claim or appearance shall be entered shall in like manner be bound with two other sufficient sureties in the like penalty to answer and pay the costs occasioned by the claim or appearance.

122. All persons acting under this or any other customs law may claim the protection afforded to public officers under chapter 82.

123. Whenever any person shall be charged with any offense against any customs law, for which he may be prosecuted by information in the courts of the colony, and the same shall be made appear to any judge of the said courts by affidavit or by certificate of an information being filed against such person in either of the said courts for such offense, it shall be lawful for such judge to issue his warrant under his hand and seal, and thereby to cause such person to be apprehended and brought before him or before any paid justice of the peace, in order to his being bound to Her Majesty the Queen with two sufficient sureties in such sum as in the said warrant shall be expressed, with condition to appear in the said court at the time mentioned in such warrant, and to answer to all and singular the information for any offense; and in case any such person shall neglect or refuse to become bound as aforesaid, it shall be lawful for such judge or justice, respectively, to commit such person to any prison or jail of the said colony, there to remain until he shall become bound as aforesaid, or shall be discharged by order of the court, and the recognizances to be thereupon taken shall be returned and filed in the said court and shall continue in force until such person has been acquitted of such offense, or in case of conviction shall have received judgment for the same unless sooner ordered by the court to be discharged; and that when any person either by virtue of such warrant of commitment aforesaid, or by virtue of any writ of capias ad respondendum issued out of the said court is not detained, or shall hereafter be committed to and detained in any jail for want of bail, it shall be lawful for the prosecutor of any such information to cause a copy thereof to be delivered to such person, or to the keeper of the prison or jail wherein such person is or shall be so detained, with a notice thereon indorsed, that unless such person shall within eight days from the time of such delivery of a copy of the information aforesaid cause a plea or demurrer to be entered in the said court to such information, the plea of "not guilty" will be entered thereto in the name of such person; and in case he or she shall thereupon for the space of eight days after the delivery of a copy of such information as

aforesaid neglect to plead or demur to such information, it shall be lawful for the prosecutor of such information, upon affidavit being made and filed in the court, of the delivery of a copy of such information, with such notice indorsed thereon to such person or to such keeper, as the case may be, which affidavit may be made before any judge of the said court, or other person authorized to take affidavits in the said court, to cause the plea of "not guilty" to be entered in the said court of such information for such person, and such proceedings shall be had thereupon as if the defendant in such information pleaded "not guilty," according to the course of the said court, and that if upon trial of such information any defendant so committed and detained as aforesaid shall be acquitted of all the offenses therein charged upon him, it shall be lawful for the judge before whom the trial shall be had to order that such defendant shall forthwith be discharged out of custody as to his commitment as aforesaid, and such defendant shall be thereupon discharged accordingly.

124. When any person shall be arrested by virtue of a warrant issued as aforesaid, and shall enter into a recognizance and appear in the said court at the return of the said recognizance, but shall not afterwards plead to the information, it shall be lawful for the prosecutor of such information to cause a copy thereof to be delivered to such person or to his solicitor or agent, or to be left at his last place of abode, with a notice thereon indorsed that, unless such person shall within eight days from the time of such delivery of a copy of the information as aforesaid cause a plea to be entered in the said court to such information, the prosecutor of such information will enter a plea of "not guilty" in his behalf, and that upon affidavit being made and filed in the court of the delivery of a copy of such information, with such notice indorsed thereon as aforesaid, to such person or his attorney or agent, or at his last place of abode, or as the case may be, it shall be lawful for the prosecutor of such information to cause the plea of "not guilty" to be entered in the said court to such information for such person, and such proceedings shall be had thereupon as if the defendant in such information had pleaded according to the usual course of the said court.

125. If in any prosecution in respect of any goods seized for nonpayment of duties or any other cause of forfeiture, or for the recovery of any penalty under this chapter, or any other law relating to customs, any dispute shall arise whether the customs duties have been paid for the same, or the same have been lawfully imported or lawfully unshipped, or concerning the place from whence such goods were brought, then and in every such case the proof thereof shall be on the defendant in such prosecution, who shall moreover be competent and compellable to give evidence.

126. In case of any information or proceeding had under any customs law, the averment that the collector has directed or elected such proceeding to be instituted, or that any such ship or boat is foreign, or belonging wholly or in part to Her Majesty's subjects, or that any person detained or found on board any ship or boat liable to seizure is or is not the subject of Her Majesty, or that any person is an officer of customs, or that any person is the proper officer, and when the offense is committed in any part of the said colony, the naming of such part in any information or proceeding shall respectively be sufficient, without proof as to any such fact, unless the defendant in such case shall prove to the contrary.

127. If, upon any trial, a question shall arise whether any person is an officer of the navy on full pay, or an officer of customs, or is duly employed for the prevention of smuggling, or is the proper officer, evidence of his having acted as such shall be sufficient, and such person shall not be required to produce his commission or deputation unless sufficient proof shall be given to the contrary, and every such officer and any person acting in his aid and assistance shall be deemed a competent witness upon the trial of any suit or information on account of any seizure or penalty as aforesaid, notwithstanding such officer or other person may be entitled to the whole or any part of such seizure or penalty, or to any reward, upon conviction of the penalty charged in such suit or information.

128. All actions, suits, or informations brought or exhibited for any offense against any customs law, in any court, or before any justice, shall and may be brought or exhibited within three years next after the date of the offense committed.

129. When any person shall have been detained for any offense against any customs law and shall have made his escape from custody, an information may be exhibited before the district magistrate against such person for such offense at any time afterwards, although more than three years shall have expired.

130. If any officer of the customs or other person duly authorized to act as such shall make any collusive seizure, or deliver up or make any agreement to deliver up, or not to seize any ship, boat, or goods liable to forfeiture, or take any bribe, gratuity, recompense, or reward for the nonperformance of his duty, every such officer or other person shall forfeit for every such offense a sum of not exceeding $500, or at the discretion of the court be imprisoned with or without hard labor for any period not exceeding six months.

131. Every person who shall give, or offer, or promise to give any bribe, recompense, or reward, or shall make any collusive agreement with any officer or person as aforesaid, to induce him in any way to neglect his duty, or to do, or conceal, or connive at any act whereby any of the provisions of any customs law, or any law, rule, order or regulation in force within the colony may be evaded shall, whether the offer be accepted, or performed, or not, forfeit any sum not exceeding $1,000, or be imprisoned with or without hard labor for any period not exceeding one year.

132. It shall be lawful for the collector or district magistrate before whom any complaint, information, or any matter or thing under any customs law shall be brought or exhibited, to summon any person to appear before such collector or magistrate, as the case may be, at a certain time and place to be specified and set forth in such summons, to give evidence upon oath of the truth of any facts alleged in such complaint, information, matter, or thing, or otherwise touching or relating thereto, or to such inquiry, and every person so summoned having his reasonable expenses for such attendance (if required) tendered to him at the time of such service of such summons, who shall neglect or refuse to appear according to the exigency thereof, or who, having so appeared, shall refuse to take oath, or to affirm, or shall refuse to give evidence, or to answer according to the best of his knowledge or belief any lawful question, when thereunto required, shall for every such default or offense forfeit and pay any sum not exceeding $500.

133. All fines, penalties, or forfeitures recovered under any customs law shall be paid and applied to the use of Her Majesty, her heirs and successors, for the public use of the colony: *Provided, nevertheless,* That the governor may order that there shall be paid to the informer or informers, as the case may be, or in case there is no informer to the officer making the seizure, out of the moneys so recovered a part not exceeding one moiety of any fine, penalty, or forfeiture.

134. It shall be lawful for the governor to direct any ship, boat, or goods whatever seized under any customs law, to be delivered to the proprietor or proprietors thereof, whether condemnation shall have taken place or not, and also to mitigate or remit any penalty or fine, or any part of any penalty or fine, incurred under any such law, or to release from confinement any person or persons committed under any customs law, on such terms and conditions as to the governor shall appear to be proper: *Provided,* That no person shall be entitled to the benefit of any order for such delivery, mitigation, remission, or release, unless such terms and conditions are fully and effectually complied with, and if the proprietor or proprietors of the same shall accept the terms and conditions prescribed by the governor, he shall not have or maintain any action for recompense or damage on account of such seizure or detention, and the person making such seizure shall not proceed in any manner for condemnation.

135. For the purpose of carrying out the provisions of this chapter the collector of customs shall have power to make regulations for carrying the same into effect, and fix the table of fees, rent, and other charges to be demanded and paid under this law (subject to the approval of the governor in council), and from time to time to alter and revoke the same and to make such others as may be necessary, subject as aforesaid: *Provided,* Such regulations, fees, rent, and other charges from time to time shall be published in the Gazette. Such regulations shall be observed by all persons under a penalty not exceeding $50 for each infringement thereof, to be recovered summarily.

## COSTA RICA.

While the duties in the following tariff are assessed in pesos (silver), the monetary unit of Costa Rica is now the gold colon. This seeming contradiction of values is fully explained in the following communication from the Costa Rican minister in Washington:

LEGACIÓN DE COSTA RICA, *Washington, June 13, 1899.*

DEAR MR. EMORY: In answer to your favor of yesterday, it gives me pleasure to inform you that the mark $ used before the figures in the column of tariff rates per kilogram, etc., means peso.

The reform decreed in the monetary system of Costa, at present in course of operation, establishes the colon as the unit of value, but one colon represents exactly the same amount in gold as one peso represents in silver or currency, as they were balanced equally to keep all the values as they stood at the time of the enactment of the new law.

The duties, therefore, may be paid either in colons or pesos, and the latter in silver or paper.

Yours, very sincerely,

J. B. CALVO.

Mr. FREDERICK EMORY,
*Chief of the Bureau of Foreign Commerce, Department of State.*

# GUATEMALA.

## CUSTOMS TARIFF CORRECTED TO JUNE 1, 1899.

### TARIFF INCREASE IN GUATEMALA.

Under date of August 18, 1898, Consul-General Beaupré sends from Guatemala translation of a decree increasing the duties on imports. The decree reads:

ARTICLE 1. From this date (August 12, 1898) that portion of import duties payable in gold or its equivalent in silver at a rate of exchange fixed by the department shall be 30 per cent.

ART. 2. The addition of 10 per cent specified in the previous article will be collected upon all merchandise, without distinction, which is withdrawn from the custom-house after to-day.

ART. 3. The department of accounts will issue and register gold certificates in the quantity necessary, which will be used in the payment of the 10 per cent indicated in this law.

*Example.*—Under date of September 3, 1898, the British consul at Guatemala City wrote to his Government:

"It may be convenient for the sake of showing exactly the mode in which duty is levied on imports into Guatemala to subjoin examples of the duty as it was when 20 per cent of the nominal amount was payable in gold and of the duty as it now stands with 30 per cent payable in gold. Example No. 2 will show the difference between duties hitherto levied on articles exempted from part payment in gold and the duty now leviable with the part payment of 10 per cent in gold.

"*Example No. 1.*—With 20 per cent in gold, official rate of exchange on gold, 150 per cent premium: 100 kilograms gross weight, gray domestics, at 30 cents, $30; surcharge 15 per cent, $4.50, equal $34.50; 20 per cent, with gold at 150 per cent, $10.35, equal $44.85. With 30 per cent in gold this would amount to $50.03.

"*Example No. 2.*—Exemption for part payment in gold: 100 kilos turkey red yarns at 28 cents, $28; surcharge 15 per cent, $4.20, equal $32.20. With 10 per cent payable in gold, with exchange at 150 per cent, the duty would be $37.93."

### RULES FOR THE APPLICATION OF THE TARIFF OF GUATEMALA.

On November 4, 1893, a new tariff was promulgated in Guatemala, by decree No. 476, reading as follows:

Whereas owing to the deficiencies and irregularities of the tariff now in force many difficulties have been found in properly attending to the necessities of the

public service, and many doubts have also occurred to the importers in regard to the proper classification and appraisement of their merchandise,

Therefore, I, José Maria Reina Barrios, a general of division in the army, and the President of the Republic of Guatemala, in use of the faculties vested in me, do hereby decree:

The following tariff of import duties to be paid by foreign merchandise brought into the country shall begin to be in force on the 1st day of January, 1894.

On the same day the following rules for the application of the new tariff were officially promulgated and appended to it:

*Rule 1.*—Before fixing the amount of the duty to be paid under the present tariff by the imported article, the custom-house officers shall examine carefully the material or materials out of which the article is made, its form, the use for which it is intended, the name by which it is known in the trade, its quality, and the name given to it by the present tariff according to the nature of its material, its form, or its use or application.

*Rule 2.*—Articles consisting of two or more different materials, and not expressly designated in the present tariff, shall be charged the duty corresponding to the material which prevails, as far as quantity is concerned, in its composition.

*Rule 3.*—Scientific instruments and apparatus which are admitted free, such as barometers, thermometers, and others, shall pay, however, when attached to some dutiable article, as statues, candelabras, inkstands, etc., the duties corresponding to the articles of which they form a part.

*Rule 4.*—The expression "net weight" shall be understood to mean the intrinsic weight of the merchandise, without counting the interior frames (almas), containers, or wrappings.

*Rule 5.*—The expression "including weight of container" shall be understood to mean only the weight of the interior frames (almas), or the immediate individual wrappings, jugs, bottles, flasks, pasteboard, wooden or tin boxes, within which the article is put up, but not the weight of the general box, case, or outer common receptacle.

If the article on which the duty is to be liquidated and paid, "including weight of container," does not come put up separately, but is imported loose inside a box or case or other receptacle, general or external, the weight of the said box, case, or receptacle shall not be taken into consideration, and the duty shall be assessed according to the true weight of the article.

The terms "interior frames" (almas) and "wrappings" shall only be accepted for the purposes of the present tariff, when the objects designated by them have no commercial value.

*Rule 6.*—The expression "gross weight" shall be understood to mean the weight of the article, together with the weight of all containers, cord, and wrappings, both interior and exterior.

*Rule 7.*—When the imported bundle or bale of merchandise contains some articles upon which the duty is to be levied, taking into consideration the weight of the container, and some others which are dutiable according to their gross weight, the duty shall be assessed as if all of them belong to the former class, plus a forth of their weight. Nothing shall be paid, then, on account of the outer general box or case.

*Rule 8.*—"Common containers" are jugs, bottles, flasks, whether earthen or glass, and cylinders or cases, whether of iron, zinc, tin, copper, lead, wood, pasteboard, tin plate, etc., usually employed to hold the merchandise, and which separately or by themselves do not constitute a special article of commerce capable of increasing the value of the same merchandise, or of being used independently.

*Rule 9.*—When the articles imported in "common containers" have to pay duties according to their net weight or to their number, no assessment shall be made on the containers themselves; but if the duty is to be levied according to the gross weight, then the containers shall pay as provided in the respective items of the tariff.

*Rule 10.*—Such containers as do not fall under the head of "common" as defined in rule eighth, and clearly appear not to correspond to the article held by them and have a special intrinsic commercial value, either because they constitute a fancy container or because they can be used for other purposes, shall pay the duty which corresponds to their nature according to the tariff. In order that this duty may be properly assessed, a previous declaration of these containers shall have to be made.

*Rule 11.*—When the container, whether exterior or interior, is such an article as a safe, a trunk, a valise, a piece of furniture, or other dutiable article, it shall not be considered as a mere container, and shall have to pay the proper duties and be included in the declaration.

*Rule 12.*—The cloth or wrapping material used to protect the merchandise in the interior of the bales or bundles shall have to be declared, and shall pay, whatever their quantity and quality may be, such duties as are established in the tariff. But

those wrappings or covers, whether oilcloth or tarred canvas, which are used only to protect the merchandise against the action of dampness, and in no larger quantity than is indispensable, shall pay no duty.

*Rule 13.*—Mixed woolen cloth shall be understood to be only that cloth in which the warp and woof consist entirely of cotton threads, or of threads of other vegetable fiber.

*Rule 14.*—Mixed silk ribbons shall be understood to be only those ribbons in which the warp and woof consist entirely of cotton, linen, or wool threads.

*Rule 15.*—Mixed silk goods or articles shall be understood to be those in which the warp and woof consist entirely of threads of some vegetable fiber.

*Rule 16.*—Jewels and all kinds of manufactured articles, subject to pay duty according to their net weight, shall pay, however, for the individual cases (estuches) containing them; and the said cases or estuches shall have to be declared, in order that the corresponding duty may be assessed on them according to the tariff. But such articles as are assessed in the tariff, together with their cases or estuches, shall not require this especial declaration.

Cases or estuches shall be those cases of wood or pasteboard, covered with cloth or leather, or those wooden cases varnished, painted, ornamented, or lined interiorly with leather or cloth, fitted up to contain one or more articles in the proper corresponding places or positions.

*Rule 17.*—When the interior wrapping, label, or container of a chemical or pharmaceutical article gives it a name different from the one set forth in the declaration the duty shall be, even in case that the real name proves to be the one under which the article was declared, the heaviest one assessed by the tariff, either on the article designated by the interior wrapping, label, or container, or on the real imported article.

*Rule 18.*—When the merchandise is imported in iron cases, trunks, tanks, or cylinders, whether metallic or of some other analogous material, provided with special locks, the interested party shall be bound to open the said cases, trunks, or containers, so as to allow the proper examination to be made; otherwise the merchandise shall not be cleared.

*Rule 19.*—When chemicals or pharmaceutical articles are imported in unusual containers, or have been intentionally and for the purpose of rendering their examination difficult, put up either in opaque recipients or in recipients closed in such a way as to prevent the customs officer from ascertaining exactly their nature, the importer shall be bound to present to said officer as many of these re ipients, already open, as he may ask; otherwise the merchandise shall not be cleared.

*Rule 20.*—Salts and chemical compounds, assessed generically in two different ways in separate items of the tariff, shall pay according to the item in which the duty is heavier.

*Rule 21.*—"Salts in powder" shall be those clearly shown to have been packed or put up in that form. If the salts packed or put up in powder have become hardened in such a way as to render further pulverization by mechanical process necessary, they shall have to pay as salts in lumps or crystals.

This rule shall be applicable to all kinds of powders, except pulverized resins or gum-resins, which if once pulverized shall always pay as if in powder, even if hardened and strongly conglomerated into pieces.

*Rule 22.*—The term purity used in the tariff in reference to chemical substances shall not be understood in its strict scientific acceptation. The fact that the imported article meets all the organoleptic characteristics corresponding to the pure substance itself, shall be sufficient for the purposes of the tariff.

*Rule 23.*—"Salts prepared to be used as fertilizers" shall have to show very clearly their impure character so that no room may be left for doubt as to the real use for which they are intended.

*Rule 24.*—Salts, whether neuter, acid, or basic, shall always pay the same duty, except in those cases in which the tariff has established the difference. So the bisulphate of soda, or sulphate acid of soda, shall pay the same duty as the sulphate or sulphate neuter of soda named in the tariff.

*Rule 25.*—The gun cotton named in the tariff is the substance used to prepare collodion and celluloid, containing a less proportion of nitric acid and being less explosive than the gun cotton employed to make explosive compounds.

*Rule 26.*—Dutiable merchandise contained in scientific instruments, cases, or other articles, which under the present tariff are admitted free, shall not be considered as a part of the latter.

*Rule 27.*—Firearms whose importation is not forbidden shall not be allowed to be taken out of the custom-house until after the proper permit of the Government has been presented and filed.

*Rule 28.*—When letter paper and envelopes are imported in cases containing both articles in equal quantity, the duty shall be assessed in such a way as to cause one-third of the total weight to represent the weight of the envelopes and the other two-thirds to represent the weight of the paper.

SEC. 16.—*Storage dues.*

All articles of merchandise left in the warehouses of the respective custom-houses for more than one month, to be counted from the date on which they were landed, shall pay, under the head of storage dues, 2 cents per day per each 100 kilograms or fraction of that unit.

When the merchandise is left in the warehouses to await the result of some petition or of proceedings initiated in regard thereto, storage dues shall not be charged.

## HONDURAS.

Under date of May 11, 1897, Consul Little, of Tegucigalpa (Consular Reports, No. 203, August, 1897), writes:

The original tariff law, with its eleven classes, is published in the Handbook of Honduras, issued by the Bureau of American Republics, the classes being given at the end. Since the publication of the original law duties have been increased, first 20 per cent on the original amount, and then 30 per cent on this total. In place of these two separate increases, the new law provides that all goods imported shall be subjected to an additional tax of 100 per cent over and above the original duties and warehouse dues.

The following is the "original tariff" mentioned by Consul Little, with the "100 per cent" additional duties added, in the bureau of foreign commerce, bringing the tariff up to December, 1898, as far as statistics in the bureau justified. The reduction of the silver peso of Honduras to American currency would be of no permanent use, owing to the fluctuations in its value.

## SUPPLEMENTS TO TARIFF OF HONDURAS.

[From Consular Reports for August, 1897, No 203.]

[Decree No. 119.—Translation.]

### CHANGES IN TARIFF OF HONDURAS.[1]

The National Congress decrees:

ARTICLE 1. There is established for the appraisement of merchandise which may be imported into the State a twelfth class, with appraisement of 2 pesos per pound, gross weight.

ART. 2. In the appraisements established the following modifications are made:

(1) Bottled wine and beer of every quality is taken from the second class and transferred to the third class.

(2) Wine and beer of every class in barrels, demijohns, or any other kind of vessel, except bottles, is taken from the second class and transferred to the fourth

[1] These changes have been incorporated into the tariff schedules.

Digitized by Google

(3) Liquors, strong or sweet, such as alcohol, brandy, whisky, wormwood, rum, gin, mistela, chartreuse, bitters, etc., and champagne, when it comes in bottles and does not exceed 22° Carthier, are taken from the fourth class and transferred to the sixth. Champagne above the grade mentioned shall be appraised in proportion.

(4) Liquors, strong or sweet, such as alcohol, brandy, whisky, wormwood, rum, gin, etc., when they come in barrels, demijohns, or other vessels than bottles, and do not exceed 22° Carthier, are taken from the fourth class and transferred to the eighth. Exceeding this grade, they shall be appraised in proportion.

(5) Pantaloons, vests, jackets, coats (frock, sack, and cutaway), cloaks, and whatsoever other similar piece of clothing made for the exterior dress of men, of wool or linen, are taken from the eighth class and transferred to the ninth.

(6) Saddles, halters, saddle pockets, pistol holsters, bridle reins, girths, martingales, cruppers, and other fixtures are taken from the ninth class and transferred to the eighth.

(7) Ivory balls for billiard tables, when they come without tables; jewelry, ornaments, precious stones and jewels, articles of gold and silver and those which contain something of these metals, watches of whatsoever material, empty boxes of plush, satin, or leather, prepared for placing watches or jewels; silk, crude or mixed with other material, manufactured in whatsoever form, when the principal part is silk, are taken from the eleventh class and transferred to the twelfth.

(8) Cigarettes of every class, including also cigars, are taken from the tenth class and transferred to the ninth.

ART. 3. The importation of aguardiente (rum, such as that made in the country), rum, whisky, brandy, gin, and ordinary anisic liquor is prohibited, the Government alone remaining empowered to import and sell them.

ART. 4. All merchandise that may be imported shall pay 100 per cent in addition to the appraisement and warehouse dues established.

ART. 5. The present law shall begin to rule the 1st of August of the present year, but that provided in article 4 shall only have effect from that date in case of there not having been deposited on the 25th of May the guaranty stipulated in the contract with the Honduras Syndicate in regard to arrangement of debt, bank, and railroad. In case the guaranty is deposited, the said article 4 shall only have effect from the 1st of October in advance, in case of the failure of fulfillment of that stipulated in the contract.

[Decree No. 114.—Translation.]

ABOLITION OF TOBACCO MONOPOLY IN HONDURAS.

The National Congress decrees:

ARTICLE 1. The monopoly of tobacco in the State is abolished; in consequence it is permitted, without any limitation, to plant, cultivate, reap the profits of, prepare, and export said plant.

ART. 2. From the day this law begins to rule the executive power is authorized to sell the existing supply of tobacco and cigars at a feasible price.

ART. 3. This law shall begin to rule, in regard to the planting and exportation, the 1st of next August, and in regard to the abolition of the monopoly, the 1st of December of the current year.

## NICARAGUA.

Minister Merry, under date of San Jose, December 18, 1898, advised the Department that the Government of Nicaragua had, on the 22d ultimo, annulled the tariff of September, 1898, and substituted therefor the previous tariff. The previous tariff was that of July 25, 1888, amended by decree of December 25, 1891, increasing the same by 100 per cent. The following tariff schedules cover this increase.

The monetary unit of Nicaragua is the silver peso, which fluctuates so much in value as to render its reduction into United States currency of no permanent value.

[2] *Duty on wines and liquors.*—A presidential decree was published August 19, 1896, establishing duties on wines, beers, and spirituous liquors imported into Nicaragua. All conflicting laws and decrees are repealed. A synopsis of the decree is as follows:

1. Duties shall be calculated according to gross weight, including inside and outside packages of every description.

2. The duty on wines not exceeding 20° alcoholic strength shall be 6 cents (2.982 cents United States currency) per libra (1.043 pounds).

The duty per libra on wines exceeding 20° alcoholic strength shall be 6 cents (2.982 cents United States currency), plus as many cents as the degrees of alcoholic strength shall exceed 20°.

3. The duty on mixed liquors not exceeding 20° alcoholic strength shall be 12 cents (5.964 cents United States currency) per libra (1.043 pounds), and on mixed liquors of greater alcoholic strength shall be 1 cent (0.00497 cent United States currency) additional per libra for each degree above 20°.

4. Mixed wines and spirits exceeding 30°, and not above 50° alcoholic strength, shall be classed as "pure foreign spirits" and be subject to a duty of 30 cents (14.91 cents United States currency) per libra (1.043 pounds).

5. The duty on "pure foreign spirits" not exceeding 50° alcoholic strength, shall be 30 cents (14.91 cents United States currency) per libra (1.043 pounds), and on such spirits of greater strength shall be 1 cent (0.00497 cent United States currency) additional per libra for each degree above 50°.

6. The duty on beer shall be 4 cents (1.988 cents United States currency) per libra (1.043 pounds), and on champagne and other effervescent wines shall be 12 cents (5.964 cents United States currency) per libra.

7. The alcoholic strength of such liquids shall be ascertained by means of the alcoholometer, or "ebullioscopio," according to the centesimal scale of Gay-Lussac.

[3] See on page 620 the decrees of April 19, 1892, No. V, and of August 28, 1893, No. VIII, modifying the régimé applicable to goods imported at Cabo de Gracias á Dios.

The natural products and manufactures imported from any of the other Central American Republics shall pay in all the custom houses of the Republic the duty established by their respective treaties, calculated on the value of the invoice.

ART. 3. Articles or objects not enumerated in the present tariff shall pay the rate assessed on articles most similar to them; articles not enumerated composed of various materials shall pay the rate of the predominating material; those which can not be classified shall be assessed 50 per cent on the original invoice value, exclusive of charges. If there be no invoice the value shall be ascertained by experts.

ART. 4. The duties stipulated in the present tariff shall be calculated on the gross weight, without reduction for receptacles or packages.

ART. 5. Should a package contain several articles, subject to different duties, the weight of the package shall be proportionately attributed to the net weight of each article.

ART. 6. The weight of packages shall be the weight ascertained by the customs and not the one entered in the invoice. When different packages contain the same articles they may be weighed together, but note must be taken of the quantity of packages, their numbers and their marks.

ART. 7. Blankets serving as a first interior wrapper for goods shall not be considered as packages

ART. 8. Trunks, valises, portemanteaus, and hand bags containing goods shall be subject to the duties stipulated for them in the tariff, and the goods shall be separately cleared, with their proper interior packages.

ART. 9. When damaged goods or used furniture are presented for customs clearance the administrator shall cause the depreciation of value to be established by experts, and the amount of this appraisement shall be deducted from the amount on which the duties must be collected.

[1] In virtue of a decree of January 2, 1891, accessories and tools for mines destined exclusively for the use or mining enterprises are likewise exempt from duty. (Gaceta oficial, of January 6, 1891, No. 4.)

[2] In virtue of a decree of January 8, 1892, the importation of liqueur essences of all kinds is likewise prohibited. (Gaceta oficial, of January 13, 1894, No. 4.)

ART. 10. New furniture imported by passengers from San Juan del Norte shall be dutiable according to the tariff.

ART. 11. Every importer must be represented in the port of arrival by a duly authorized agent, who must replace him at the time of the examination of goods, sign the drafts to be furnished to the customs, intervene in his name in all contestations, and have perfect knowledge of all the formalities to be observed. The power of attorney appointing this agent shall be written on ordinary paper, legalized by a notary, a justice of the peace, or an alcalde, and the customs officials can effect no operation when this document is not produced.

ART. 12. Customs officials can not authorize the entry of goods when they have not been examined by virtue of the application for examination which, according to the dispositions of article 21 of the present decree, must have been previously addressed to the customs.

ART. 13. The examination shall be effected in the maritime custom-houses of the Republic by the controller with the discretionary intervention of the administrator. In the interior custom-houses this formality must be performed by the administrators with the assistance of two witnesses.

ART. 14. The examination must, according to the regulations, consist in opening at least 30 per cent of the packages containing liquids and 20 per cent of those containing any other goods.

ART. 15. Should, at the moment of examination, it be ascertained that dutiable goods have been declared as exempt or as subject to a lower duty than that applicable according to the tariff, or when prohibited articles are detected, all the packages, or those which the controller deems necessary, according to the importance of the difference ascertained, shall be opened, and after having administratively seized all the packages in which a difference has been detected the importer shall be punished by a fine not inferior to the amount of duties leviable on the confiscated goods; but this fine may not exceed double the amount of said duties.

ART. 16. In the above-mentioned case of contraband or fraud the importer shall, in addition to the penalties incurred, be required during the two following years to open all the packages addressed to him in any custom-house whatsoever.

ART. 17. All goods presented for customs clearance must be weighed by an employee appointed by the administrator.

ART. 18. This agent shall keep a book, signed by the administrator, in which he must enter, as clearly as possible, the date, the name of the importer, and the numbers, mark, weight, and contents of every package.

These entries, signed by him, shall be submitted for the approval of the controller, who, when objection exists, shall affix his visa thereto.

ART. 19. In the custom-houses of San Juan del Sur and Cabo Gracias á Dios the official intrusted with weighing shall, until otherwise ordered, be the controller, and the entries of the book must be submitted to the visa of the governor-intendant and of the inspector-general, respectively.

ART. 20. The different chapters of the book in question, visèd and approved as hereinbefore stated, shall, in the event of contestations arising, be admitted as legal evidence. The officials intrusted with this service must, at the end of every year, transmit this book as well as the other vouchers for their accounts to the director-general,

ART. 21. The importers or their customs agents must request the examination of goods by means of two applications, written on stamped paper of the third category, in which they must enter the goods according to kind.

Opposite they must leave three columns in blank, which the examiner must fill up by inscribing in the first column the weight of the goods, in the second the duty per pound according to the tariff, and in the third the total amount of duties leviable. One of these two applications must be remitted to the administrator and the other to the controller.[1]

ART. 22. On receipt of the application mentioned in the preceding article the director of the custom-house must give notice to the importers at least twenty-four hours in advance of the day and hour on which the operation shall be commenced. This notification shall be made by a notice affixed to the principal door of the customs office.

The examination shall be made even when the importer does not present himself, and in default of the necessary laborers for the operations of weighing, examining, and storing the goods the administrator shall supply the same and charge to the account of the interested party 10 centavos for every package.

ART. 23. The administrator shall cause the controller to remit to him the liquidated demand of entry for every case; he will give him a receipt for the same in a book kept for this purpose by the official, and in which the latter must inscribe the name of the importer, the number of the demand, the amount of duties, the date of the liquidation, and the date when falling due.

ART. 24. The customs controllers jointly with the administrators shall approve the liquidation documents issued to the importers. These officials shall be solidary responsible for the omission of this formality.

ART. 25. The monthly statement of the liquidated demands to be transmitted to the minister of finance shall be approved by the administrator and controller.

ART. 26. Merchants must request from their factors duplicate copies of the original invoices with or without the accessory charges.

One of these copies shall be annexed to the application for examination which must remain in the custom-house and the other shall be forwarded to the minister of finance.

ART. 27. Should it be impossible to furnish the invoices the examination may be effected by opening the packages. In such case the merchant shall be released from the obligation to present invoices and, in order to establish a general statement of the importation, the customs administrator shall appraise the goods by attributing to them a value equal to double the amount of duties leviable thereon.

ART. 28. Invoices drawn up in a foreign language must be presented to the customs translated into Spanish. Should this not be the case the examination shall not be effected.

ART. 29. Liquidation documents the amount of which does not exceed 100 pesos must be paid cash. Those exceeding this amount shall be payable within three days for every hundred pesos increased by thirty days when the documents have been established in the custom-house of San Juan del Norte and by fifteen days when proceeding from the custom-houses of San Juan del Sur, Corinto, Playa Grande, or from any other clearance office. The period of three days allowed for the payment of every hundred pesos can, in no case, exceed ninety days whatever may be the amount of the sum due.[1]

ART. 30. Importers established at Chontales, Matagalpa, and Nueva Segovia shall always, whatever be the custom-house in which the examination has been effected, be allowed thirty days for payment.

ART. 31. Debtors who do not pay the sums they owe for import duties when they fall due shall be required to pay, as a fine, 3 per cent per month for every day's delay. This fine shall, whenever possible, be collected by the custom-house intrusted with the collection of the liquidation document.

ART. 32. Customs administrators shall exact solidary bond to guarantee the duties due by merchants who have no fixed residence or a house or establishment of a known solvability in the country. In default of a bond these merchants must, as guarantee, leave in the warehouses of the State such part of their goods as is deemed sufficient to cover double the amount of duties due, provided that such goods be of easy realization.

ART. 33. Customs administrators shall exact a solidary bond; deemed sufficient, for new importations made by debtors of import duties who have not paid the amount of prior entries one month after the date of their falling due. In default of this bond these importers must, as guaranty, leave in the warehouses of the State such part of their goods, of easy realization, sufficient to cover double the duties due.

ART. 34. The customs administrator shall sell the goods which have been left in deposit, as mentioned in articles 32 and 33, at public auction when, fifteen days after the stipulated time, the interested parties have not paid their liquidation documents due. With the net proceeds of the auction sale the amount of duties, the fines, and expenses shall be paid, and the balance, if any, shall be remitted to the interested party.

ART. 35. Ministers of the general treasury are obliged, under their absolute responsibility, to apprise the competent customs administrator of the debtors comprised in the class mentioned in article 33 of the present decree.

ART. The customs administrators who, after the notice from the general treasury, shall not comply with the terms of articles 33 and 34 of the present decree shall be held as responsible as the debtor himself.

ART. 37. Debtors in arrears shall be rehabilitated as soon as they have paid their debts at the custom-house and the terms of article 33 of the present decree shall no longer be applicable.

ART. 38. It shall be sufficient for the person guaranteeing a bond to affix his signature at the bottom of such instrument with these words: "As guarantee and principal debtor," to render him responsible.

ART. 39. Customs officials shall be held responsible for the bonds which they have accepted without complying with the required conditions.

ART. 40. Should, at the moment of liquidation, merchants renounce to the benfit of the time allowed them by law for the payment of duties, the customs administrators shall be authorized to accept their payments immediately.

ART. 41. In case of complaint on the part of an importer, or of his authorized representative, against the duties and liquidations adopted by the customs officials, petition must be lodged with the administrator to obtain the rectification claimed.

---

[1] This article has been modified by Art. 2 of the decree of December 19, 1891, No. IV (p. 620), and by the decree of October 15, 1894, No. XI (p. 622).

Should the interested party refuse to accept his decision he may have recourse to the minister of finance, to whom he must produce documents substantiating his demand; this latter shall finally decide the contestation. No complaint shall be admitted six months after the liquidation.

ART. 42. Should, owing to a complaint, the administrator rectify a liquidation established by the controller he must inform this official and, if they fail to agree, the fact must be brought to the knowledge of the minister of finance, whose decision shall be final.

ART. 43. Should, at the moment of the collection of duties, the customs officials detect an error of duty detrimental to the merchant, they must, by giving the reasons justifying the credit of the interested party, make note on the original application of the importer that the error has been corrected and give the date on which it has been detected. Notice of this detection shall be immediately given to the principal controller.

ART. 44. Debtors of import duties who deposit the amount of their applications for examination in order to avoid the fine for not having effected their payments within the proper time, must cause their applications to be receipted within two months from the date of deposit. After this time they shall incur a fine of 3 per cent per month.

ART. 45. The permits which the importers of foreign spirits are bound, by virtue of article 31 of the regulations on alcohol of November 15, 1880, to request from the maritime custom-houses must indicate the corresponding marks and numbers. According to article 32, of the same regulations, these indications shall likewise be required for certificates of sale of spirits effected by merchants. The noncompliance with these formalities shall be punished by the same penalties as fraud.

ART. 46. Should one of the applications for examination not mention all the packages enumerated in the invoice or invoices accompanied by documentary evidence, the customs administrators must enter in such invoices the number and date of the application or applications in which the packages are mentioned and inscribe in said demands the number and date of the one to which the invoice relative to the packages mentioned has been annexed.

ART. 47. Should, in default of unloading or owing to reshipment, a part of the goods comprised in an invoice not have been examined in the custom-house, the customs administrator must note this fact on the application for examination to which the invoice of such goods is annexed, by adding in the first case, when possible, the affirmation of the agent of the importing vessel and, in case of reshipment, by making some reference to the request for reshipment presented by the interested party, request in which the invoice relative to the packages to be reshipped must be mentioned and the place where such invoice is found annexed.

ART. 48. Should, at the moment of examination of goods, a considerable difference resulting from leakage, breakage, pillage, or other similar cause be detected between the weight ascertained and that appearing on the invoice, the customs administrators or the controllers must note this fact on the application.

ART. 49. When an importing merchant has sold goods in the warehouse to a third person, and the purchaser requests the examination of such goods, the customs administrators shall note this fact on the document to which the invoice relating to the goods in question is annexed, and on the demand for examination

ART. 50. When no warehouse dues are to be collected either from the fact that the goods have not been deposited in the warehouse, or because they have remained therein for less than twenty-four hours, the customs administrators must mention this fact in the respective applications, they must likewise, when warehouse dues are to be paid, inscribe the time during which the goods remained in the warehouse.

ART. 51. Customs officials who fail to observe any one of the provisions of the present decree, or who shall be guilty of negligence or fraud in their execution, shall incur, by administrative measures taken by the minister of finance, a fine of from 50 to 200 pesos, or dismissal, according to the gravity of the case, without prejudice, when necessary, to any criminal action.

ART. 52. The present decree shall enter into force on November 1 next, and the provisions contained therein shall only be applicable for the cases to which they relate.

NOTES.

1. All articles not specially mentioned in the present tariff shall be dutiable, by assimilation, as the articles to which they show the greatest analogy with reference to their material and shape.

2. For every package containing various articles not subject to the same duty, the tare shall be established in proportion to the total amount of duties applicable to the articles contained therein; this proportion will be obtained by multiplying the total amount of duties leviable on the articles weighed with their packages by the respective tare allowances. The product will be divided by the total net weight, and the quotient will give the tare allowance.

3. When a dutiable articles is used to envelope other goods, it shall pay the duty as tare for such goods in addition to the customs duty levied thereon.

4. The tax called a "market tax" of 25 cents per quintal, levied on all goods, is replaced by a tax of 3 per cent on the amount of the duties, equivalent to that paid heretofore; the amount collected will be applied toward the construction of national buildings.

PROHIBITIONS.

The National Assembly of the Republic of Salvador—

Whereas it is expedient to modify the dispositions in force relating to articles prohibited at importation and to those free of import duty, on the proposal of the supreme power, decrees:

ART. 1. The importation of the following articles is prohibited:

NOTE.—Goods not enumerated in the present schedule shall be dutiable according to their market value in the interior.

This schedule is applicable only to goods proceeding from the Republic of Costa Rica which can not claim the benefits of a treaty.

Products and goods of and proceeding from Nicaragua shall be free of all duties and taxes on their importation into the Republic in virtue of the diplomatic convention of January 23, 1889.

Products the produce of the Republic of Guatemala shall be exempt from the import duty of 4 per cent in virtue of the treaty signed with that country May 8, 1876, which, in article 5, stipulates that "the importation of manufactured articles or products of the two Republics shall be exempt from duty," etc. Consequently a duty of 2 per cent only shall be collected on the values established in the present schedule.

A treaty stipulating the same treatment was signed with the Republic of Honduras December 17, 1880.

All importations proceeding from the said Republics must be accompanied by the free pass ("guia franca") issued by the local administration, certifying as to their origin.

SUPPLEMENT OF AUGUST, 1893.

REESTABLISHMENT OF CONSULAR INVOICES.

The National Assembly of the Republic of Salvador—

Whereas it is expedient to reestablish consular invoices, in order to more effectively prevent the entry of foreign goods in contraband, to more clearly justify their real origin, and to augment the receipts of the consular service of the Republic,

Has decreed:

ART. 1. Whosoever ships articles of commerce, even duty-free goods, from abroad into the Republic must, for every shipment to a consignee, make an invoice in triplicate copy.

These invoices must be written in the Spanish language or in the language of the country of origin, and give the following details:

1. The indication of the quantity of bales, cases, barrels, bundles, or any other package containing goods.

Digitized by Google

2. The marks and number of each package and its gross weight, with the exception of machinery, iron, or wood, which can, even when composed of various packages, be entered in the invoice with the total price of each shipment.

3. The denomination and kind of goods.

4. The value of the goods in legal currency of the Republic, in the currency of the country of origin, or in the currency with which the goods were purchased.

ART. 2. The shippers of goods must present the three copies of the invoice, to be visaed, to the consul, vice-consul, or consular agent of the Republic residing at the place of origin or at the port from whence the goods are to be shipped. In localities where no agent of Salvador exists, these documents must be legalized by a consul of a friendly country or of a country with which the Republic is not at war. In default of these agents the legalization must be made by the chamber of commerce, if it should not refuse to do so, and, finally, by two merchants of the locality.

ART. 3 Consuls, vice-consuls, and consular agents must exact from shippers of goods that the triplicate invoices be made to conform to the prescriptions of the present law; they can tolerate neither interlineations, erasures, corrections, nor cancelings, and may not authenticate the invoices until after comparison.

ART. 4. When the authentication emanates from agents of the Republic, it shall be inscribed at the foot of each copy and in the following form: "I certify that the above invoice, presented by (indicate the name of the shipper), composed of (indicate in letters the number of sheets), is relative to (number) of packages, of a total weight and of a total value of (state total weight and value in letters)." The seal of the consulate must be affixed at the end of each certificate and on each sheet of the invoice, otherwise they shall be null.

ART. 5. When the legalization is made by a foreign consular agent, it shall be valid when drawn up conformably to his administrative form, and when made by a chamber of commerce or by merchants, it shall be valid when drawn up conformably to the regulations of the country of origin or of any other country, provided that the number of sheets and the quantity of the packages be sufficiently certified.

ART. 6. Consuls, vice-consuls, and consular agents of Salvador must keep two of the three copies of the invoices in their possession, and must give receipt therefor to the interested party. They shall remit to the latter the third copy, in order that the consignee may, at the port of destination, annex the same to the bills of lading.

One of the copies retained by the consuls must be transmitted to the administrator of the maritime custom-house at the place of destination, and when possible by the same vessel carrying the goods, and the other must be sent by them by the next mail to the direction-general of the treasury. These two copies must be sent under sealed envelopes.

When the legalization was not made by a consular agent of the Republic, the copies of the invoice to be transmitted to the customs and to the direction-general of the treasury, as above described, must be sent by the interested party.

ART. 7. A register shall be kept in every consular office of the Republic, in which an extract of the authenticated invoices must be entered, and an abstract of this register must be transmitted half-yearly to the minister of finance.

ART. 8. Consuls, vice-consuls, and consular agents shall collect a fee of 2 pesos 50 centavos for the authentication of each series of invoices; this fee they must share with the consul-general of the Republic accredited to the country of their residence.

ART. 9. Invoices for samples and those the amount of which does not exceed 100 pesos, shall be exempt from the consular fee; provided, however, that the sum has not been apportioned among various invoices in order to reduce the total amount.

ART. 10. The customs of the Republic can not effect the verification of goods when the consignee has not produced the consular invoice.

Should the consular invoice which the consignee must produce miscarry or be delayed, the examination of the goods may nevertheless be effected with the control of the copy received by the customs, or in default of the latter, by the one transmitted to the direction-general of the treasury.

ART. 11. If for plausible reasons neither of the two documents above alluded to can be furnished, the verification may likewise be effected by furnishing, instead of the invoice, a written declaration giving the details of the goods, and provided that a bond be given guaranteeing the presentation of an invoice in good and due form within a short delay.

No bond shall be exacted for invoices not exceeding 100 pesos in amount.

The immediate verification may likewise be effected when the owner of goods, requiring them absolutely, is not in possession of the required documents, or when it is impossible for him to make the detailed declaration alluded to in the preceding paragraph. In such case the verification must be effected by all of the "contadores vista" and the administrator of customs.

ART. 12. Should part of the packages declared in an invoice not be found at arrival, owing to an omission at the time of shipment, such packages may be declared afterwards by furnishing a duly legalized copy or an extract of the original invoice.

Digitized by Google

ART. 13. The administrator of customs who permits the verification of goods by neglecting the observance of the formalities prescribed by the present law shall, for every case, incur a fine of 100 pesos.

ART. 14. The prescriptions of the present law relative to consuls, vice-consuls, and consular agents shall likewise be applicable to consuls-general.

ART. 15. The present decree shall enter into force three months after its promulgation for goods imported via Panama or proceeding from the Pacific coast, and six months after for goods imported via the Strait of Magellan.

Given in the legislative palace, San Salvador, April 7, 1893.

## SUPPLEMENT OF SEPTEMBER, 1895.

### DECREE OF MAY 2, 1895, RELATIVE TO CONSULAR INVOICES

ART. 1. Shippers of goods must declare under oath, or in an equivalent manner, at the foot of every consular invoice that the mark, number, weight, and contents of the packages enumerated in the invoice are similar to those which they ship, and the consul or his deputy must certify to the authenticity of the declaration and that the shipper or firm effecting the shipment enjoys a good reputation in the place.

ART. 2. Should the declaration be inaccurate, the consignee of the goods must pay double the duties, and the customs offices of the Republic shall refuse to admit all other shipments or invoices of the same origin.

ART. 3. The consul or his deputy shall give notification to the person or company making the shipment of the penalties prescribed in the preceding article and shall refer to this notice in his legalization.

ART. 4. The present decree shall be applied without prejudice to the provisions contained in the decree of May 17, 1893, and it shall enter into force three months after its promulgation for goods imported via Panama or proceeding from the Pacific coast, and six months after for goods imported via the Straits of Magellan.

## SUPPLEMENT OF APRIL, 1898.

### STORAGE CHARGES APPLICABLE TO GOODS NOT WITHDRAWN FROM CUSTOMS WAREHOUSES WITHIN THREE DAYS FROM THEIR CLEARANCE.

Under a decision dated June 2, 1896, all goods imported into the Republic which are not withdrawn from the customs warehouses within three days from their clearance shall be liable to a storage charge at the rate of 10 centavos per day and per 100 kilograms.

### EXEMPTION FROM EXPORT DUTY GRANTED TO WOOD OF ALL KINDS.

By decree of January 25, 1897, wood of all kinds shall be exempt from export duty.

### CLASSIFICATION OF HOPS AND BARLEY IN THE GRAIN OR PREPARED.

In virtue of a decision dated May 3, 1897, the import duty at present levied on hops and barley in the grain, or prepared, shall not be increased during a term of ten years from said date.

### DECREE DATED JULY 10, 1897, REPEALING THE PRIVILEGED TREATMENT GRANTED TO SOAP AND CANDLE MANUFACTORIES ESTABLISHED IN THE COUNTRY.

ART. 1. The privileged treatment granted to soap and candle manufactories estabtablished in the country is repealed.

ART. 2. All materials, such as stearin, paraffin, olein, cocoanut and palm oils, resin, caustic soda and potash, soda ashes, silicate of soda, packing paper and wicks, which, in virtue of the above-mentioned treatment, were duty free, shall henceforth be liable to a duty of 1 centavo per kilogram, and packing cases imported in shooks to a duty of 10 centavos per 100 kilograms.

ART. 3. The imposts at present applicable to all goods shall, in addition, be levied, and the surtax of 30 per cent shall likewise be collected in the case of the preceding article.

ART. 4. Prior to effecting clearance of the aforesaid goods, and with the view of limiting entry to quantities strictly required for the manufacture of soap or candles, importers must, as heretofore, request the authorization of the minister of finance.

## SUPPLEMENT OF FEBRUARY, 1899.

### DECREE OF NOVEMBER 21, 1898, REPEALING ALL DUTIES AND IMPOSTS ON THE EXPORTATION OF COFFEE.

The exportation of coffee shall be exempt from all duties and imposts of whatever kind.

### DECREE OF NOVEMBER 21, 1898, RELATIVE TO THE PAYMENT OF CUSTOMS DUTIES.

ART. 1. On and after the publication of the present decree, the customs of the Republic shall collect an additional duty of 50 per cent, which must be paid in current silver coin, instead of 20 per cent in gold, as heretofore prescribed. Six per cent in bonds of the French debt. Thirty per cent in silver, instead of 12 per cent in gold, for the benefit of corporations.

ART. 2. The import duties on foreign goods are increased by 40 per cent on the basis of their present rate. This surtax shall be gradually applied on the following dates: Ten per cent on and after December 1 next; 10 per cent on and after January 1, 1899; 10 per cent on and after February 1, 1899; 10 per cent on and after March 1, 1899.

ART. 3. The date of presentation of the goods for examination shall serve as a basis for the collection of the duties established on the different dates above mentioned.

ART. 4. All other established imposts, the collection of which shall continue to be effected, from December 1, in bills in circulation, are maintained in force.

### DECREE OF NOVEMBER 22, 1898, RELATIVE TO THE IMPORT DUTY ON COFFEE.

The import duties leviable on coffee shall, on and after December 1, 1898, be increased by 50 centavos. Consequently, after the aforesaid date, an import duty of 1 peso per 46 kilograms shall be collected on coffee.

### DECREE OF NOVEMBER 30, 1898, MODIFYING THE IMPORT DUTIES ON CERTAIN ARTICLES AND PRODUCTS.

The under-mentioned goods shall be dutiable as follows:

Raw materials for the manufacture of soap or candles, such as stearin, paraffin, olein, cocoanut and palm oil, resin, caustic soda and potash, soda ash, silicate of soda, wrapping paper, and wicks, per kilogram, 0.03 cent.

The foregoing goods shall be liable to all the imposts already established.

All articles classed under the list of exemptions shall, for all duties and imposts, be liable to 20 per cent in silver on the value according to the invoice.

### DECREE OF DECEMBER 2, 1898, AMENDING THE IMPORT DUTIES ON CERTAIN ARTICLES.

ART. 1. The duties leviable on the under-mentioned goods are amended as follows:

| Household utensils and other articles, not mentioned: | | Pesos. |
|---|---|---|
| Of faience | kilogram | 0.08 |
| Of porcelain | do | .12 |

## SUPPLEMENT OF MARCH, 1899.

### DECREE OF DECEMBER 21, 1898, ESTABLISHING AN IMPOST OF 25 CENTAVOS, SILVER, PER 46 KILOGRAMS OF GOODS IMPORTED INTO THE REPUBLIC.

In virtue of a decree, dated December 21, 1898, an impost of 25 centavos, silver, per 46 kilograms of goods imported into the Republic shall be collected on and after January 1 next.

### DECREE OF JANUARY 4, 1899, RELATIVE TO THE CUSTOMS TREATMENT, ON IMPORTATION, OF PRODUCTS OF THE SOIL AND INDUSTRY OF THE REPUBLICS OF NICARAGUA, HONDURAS, AND COSTA RICA.

In virtue of a decree of January 4, 1899, the importation of products of the soil and industry proceeding from the Republics of Nicaragua, Honduras, and Costa Rica shall simply be subject to the payment of the taxes levied on goods of foreign origin. Exception is made for sole leather, boots and shoes, saddles (galapagos) for ladies and men, fine or common, also cowhides for the manufacture of valises,

which, in addition, shall be liable to a surtax of 4 per cent, calculated according to the evaluation tariff applicable to goods proceeding from Central American republics.

The present decree shall enter into effect twelve days after its publication.

DECREE OF JANUARY 14, 1899, RELATIVE TO THE PRIVILEGED TREATMENT OF ARTICLES IMPORTED FOR MINING INDUSTRIES.

Notwithstanding article 4 of the decree of November 30, 1898, it is decreed:

ART. 1. The following articles, imported by owners of mines being worked, shall not be liable to warehouse charges or pass dues:

Machines of iron and their accessories, including pumps, motors, bearings (chumaseras), pulleys, and belts (fajas) of all kinds; iron vises, lifting machines, anvils, forges, iron chains, steel cables, iron rails, vats, capstans, and all other necessary apparatus; coke, dynamite, large weighing machines capable of weighing from 4 to 5 tons, octagonal steel bars for the manufacture of drills and borers, machine oil, miners' lamps, picks, chisels, hammers and sledge hammers for crushing ores, wheelbarrows, chemical products used as flux and for analyses in laboratories, crucibles, mortars, furnaces, balloons (balanzones), cupels of clay, small balances for analyses, fire bricks, and mercury.

ART. 2. To enjoy the privileged treatment in question the owner of the mines must furnish to the ministry of finance the corresponding consular invoices to enable this administration to give the necessary authorization to the customs.

ART. 3. Should the above-described articles not be destined to mining operations, they shall be subject to the ordinary treatment.

ART. 4. Owners of mines availing themselves of the privilege in question who may take advantage thereof by using for any other purpose except mining the above-mentioned articles shall be deprived of this privilege in the future and incur a fine equal to treble the amount of duties and imposts to which such goods are subject.

ART. 5. All contrary dispositions are repealed.

### 1. ANTIGUA.

No. 1 of 1896.—AN ACT to grant duties of customs upon certain imported goods and to allow drawbacks upon certain exported goods.

Be it enacted by the governor and legislative council of Antigua as follows:

1. This act may be cited as the "customs tariff act, 1896."

2. This act shall come into operation on the 2d day of January, 1896.

3. The acts specified in Schedule A to this act are hereby repealed: *Provided*, That such repeal shall not affect any right acquired, liability incurred, or prosecution pending, or the enforcing of any fine, penalty, forfeiture, or imprisonment incurred or imposed by or upon any person prior to the commencement of this act.

4. In this act, except where and so far as the subject-matter or the context otherwise requires, the term "goods" includes wares, merchandise, animals, articles, and things; and the term "duty" means duty of customs.

5. From and after the commencement of this act, the sums specified in Schedule B to this act shall be paid into the treasury for the use of this presidency as duties of customs upon goods of the respective classes, kinds, and descriptions mentioned in that schedule, when imported into this presidency; and proportionate sums shall be so paid upon the importation into this presidency of any greater or less quantities of such goods than those mentioned in that schedule.

6. (*a*) The following goods shall be admitted free of duty into this presidency, that is to say, all samples, not of salable value, of manufactured and other goods, and all articles intended for exhibition only, and not for sale, which the treasurer, in his discretion and subject to any rules made as hereinafter mentioned, shall allow to be imported into this presidency free of duty; (*b*) it shall be lawful for the governor to make rules for the guidance of the treasurer in the exercise of the powers

given to him by this section; (*c*) any person who shall sell or dispose for value of any sample or article admitted free of duty under this section shall be liable on summary conviction to a penalty not exceeding £100.

7. Goods of the classes, kinds, and descriptions specified in Schedule C to this act shall be admitted free of duty into this presidency.

8. Goods being the growth, produce, or manufacture of, or raised in, any of the islands composing the colony of the Leeward Islands, and goods upon which duty shall have already been paid in any presidency of the said colony, except Dominica, shall be admitted free of duty into this presidency: *Provided*, That the person importing the same shall produce to the treasurer at the time of the importation thereof a certificate signed by the treasurer of the island or presidency from which the same are imported, stating that the same are exempt from duty under this section: *Provided also*, That nothing in this section contained shall be deemed to exempt any rum within the meaning of any excise act or rum-duty act for the time being in force in this presidency from any liability to excise duty: *And provided moreover*, That where the amount of duty already paid in any presidency shall be less than the amount which, but for this section, would be payable in this presidency, the exemption created by this section shall not extend to the difference between such amounts.

9. From and after the commencement of this act, upon the exportation from this presidency of any goods previously imported into this presidency in respect of which duty shall have been paid, a drawback of such duty shall be allowed, subject to the following provisos and conditions: (*a*) No drawback shall be allowed in respect of any goods of the value of less than £10 according to the value at which the same shall have been entered, or any goods which shall not have been shipped for exportation within twelve months after the same shall have been imported; (*b*) the exporter shall lodge with the treasurer, before shipment of the goods for exportation, a notice in writing of his intention to export the goods and of his claim to drawback; (*c*) the exporter shall lodge with the treasurer a certificate from a treasury officer of this presidency that the goods are of the value of £10 according to the value at which the same are entered, have been shipped for exportation within twelve months after the same were imported, and have been duly exported; (*d*) no payment of drawback shall be made until the treasurer shall have received a certificate from the proper authority at the port to which the goods have been exported that the goods have been landed there.

10. Where any imported goods upon which duty has been paid in this presidency are exported from this presidency to any other presidency, except Dominica, the treasurer of this presidency may credit the treasurer of such other presidency in his books with payment of so much of the duty paid upon such goods in this presidency as shall be equal to the amount of duty which would have been payable upon such goods in such other presidency, if the same had been first imported into such other presidency, or with any less amount.

11. Where any question arises whether any imported goods come within any of the classes, kinds, and descriptions specified in Schedules B and C to this act, it shall be a condition precedent to a right of action on the part of the importer that such question shall have been referred to the treasurer and the governor in council and have been decided by the governor in council adversely to the importer.

12. Nothing in this act contained shall be deemed to affect any provisions of act No. 110, entitled "An act to authorize the importation into this island of foreign reprints of books entitled to copyright in the United Kingdom."

PART I.—PORTS AND QUAYS OF BARBADOS.

PORTS OF ENTRY AND CLEARANCE.

4. Subject to the provisions of section 5 of this act, the port of Bridgetown shall be the only port in the colony for the entry and clearance of ships and the lading and unlading of goods.

EXCEPTION.

5. On special application made to the comptroller for permission to lade or unlade goods at some place in the colony other than the port of Bridgetown, setting forth the particulars of the goods sought to be so laded or unladed, the comptroller may grant a special permit to lade or unlade such goods at the place mentioned in such application, and may, in his discretion, direct a landing waiter to superintend the lading or unlading of such goods.

REMUNERATION FOR EXTRA SERVICE OF OFFICER.

6. The traveling expenses of and the remuneration for extra services paid to such landing waiter, shall be paid by the importer of the goods, the consignee, or the master, as the case may be, according to the rate to be fixed by the governor in executive committee.

PART II.—ENTRY AND CLEARANCE OF SHIPS.

ENTRY.

7. Subject to the provisions of sections 24 and 25 of this act the master of any ship arriving at this colony shall be entitled to the privileges and subject to the obligations in the following sections mentioned.

PLACES OF LADING AND UNLADING.

8. (1) He may lade or unlade his ship within the harbor of the mole head, but only at such part thereof, or at such wharves and shipping places as the executive committee shall appoint.

(2) He shall not enter the harbor of the mole head until he shall have obtained the permission of the harbor master to do so.

COMMUNICATION WITH COAST.

9. (1) He shall not leave his ship nor allow any passenger or member of the crew to do so, or have any communication with the shore or with any boat from the shore, until he shall have been visited by the harbor master or his assistant and received permission so to do respectively; and if he or the consignee or agent of the ship shall require the harbor master or his assistant to visit the ship between 6 o'clock of the evening and 6 o'clock of the morning of the next day, the harbor master or his assistant shall do so on receipt of such fee as the governor in executive committee shall allow.

(2) He shall not anchor his ship at or have any communication with any part of the coast of this colony before he has brought such ship to the port of Bridgetown and obtained permission from the comptroller to visit any other part of the coast of this colony, or to have any communication therewith.

MOORING.

10. He shall bring the ship forthwith to the place of mooring or unloading to be appointed by the harbor master, and shall as often as the harbor master may require, remove his ship to such other place of mooring or unloading as the harbor master may appoint.

OBEDIENCE TO HARBOR REGULATIONS.

11. He shall obey all reasonable orders that the harbor master may issue for the maintenance of good order, for the prevention of accidents, for the prevention of obstruction to navigation in the harbor and careenage, and for the prevention of obstruction to the loading or unloading of goods on or from any wharves, quays, or landing places.

REPORT ON ENTRY.

12. He shall, whether laden or in ballast, come within twenty-four hours and before bulk be broken to the custom-house for the port of Bridgetown, and there make due

and true report in writing to the comptroller or other proper officer in the Form No. 1 in Schedule A to this act, and containing the several particulars indicated in or required thereby, and he shall truthfully answer all such questions concerning the said ship, and the cargo, crew, and voyage as shall be demanded of him by the comptroller or other proper officer.

MANIFEST.

13. He or the consignee of such ship shall deliver to the comptroller a manifest of all goods on board such ship, specifying the marks and numbers, the nature and contents of the packages as far as he is able to ascertain the same, with the weights and measurements, together with the names of the consignees.

SHIP BONDS.

14. (1) He shall, subject to the proviso in the second paragraph of this section contained, within twenty-four hours after the arrival of his ship at the port of Bridgetown appear at the office of the comptroller and become bound by a bond to be given to our sovereign lady, Queen Victoria, her heirs and successors, himself in the sum of £50, with one good surety in the sum of £50, in the Form No. 2 in Schedule A to this act; and he shall pay into the treasury for the taking of such bond the sum of 12 shillings and 6 pence: *Provided always*, That no bond shall be required to be given in respect of steamships bringing a regular mail, but the fee of 12 shillings and 6 pence shall nevertheless be paid into the treasury by the consignee or agent of such steamship, and such consignee or agent shall clear such ship within three days after her departure, and in default of so doing shall be liable to a penalty not exceeding £50:

(2) *Provided always*, That the master of any ship which arrives and departs without having landed or shipped any cargo shall not be required to enter into such bond.

EXEMPTION FROM BOND.

15. The master of a ship under 75 tons burden shall be required to give such bond for the first voyage in each year only, and the bond shall be in the Form No. 3 in Schedule A to this act.

RECEIVING SAILORS OF OTHER SHIPS.

16. He shall not, nor shall any person acting for him, receive any seaman or mariner belonging to any other ship while such ship is in any road or harbor within this colony to serve on board his ship before such seaman or mariner shall have been legally discharged.

LEAVING ANY SEAMAN ON SHORE.

17. (1) He shall not, on departing from this colony, leave behind any seaman or mariner belonging to his ship, unless such seaman or mariner shall have been legally discharged or shall have deserted, and the proof of such discharge or desertion shall, in any proceedings, be on the master.

(2) The master of every ship from which any seaman shall desert shall report, or cause the same to be reported, to the police within twenty-four hours.

OLD METALS.

18. He shall not receive or suffer to be put on board such ship during her stay at this colony any old gold, silver, iron, copper, lead, or other metals, except by a permit from the comptroller.

MAIL LETTERS.

19. He shall, as soon after his arrival as practicable, deliver to the postmaster or his deputies at the general post-office all letters brought by him addressed to persons in this colony, except letters addressed to persons who shall be consignees of the ship or cargo on board any such ship, which may be delivered to such consignees: *Provided*, That it appears from the addresses on such letters that the addressees are the consignees of the ship or cargo, as the case may be.

PETROLEUM.

20. He shall not, if the master of a ship carrying a cargo wholly or in part of petroleum, enter the careenage before 6 o'clock in the morning, or if he has any

*Import tariff of Barbados*—Continued.

petroleum on board being cargo he is either lading or unlading, he shall not remain in the careenage after 6 o'clock in the evening; and he shall comply with the regulations relating to the mooring of ships carrying petroleum as cargo and to the lading and unlading of petroleum.

HARBOR POLICE FEES.

21. (1) He shall pay to the treasurer for the uses of the island the sum of 8 shillings and 4 pence on anchoring, and if he shall land or take in any cargo shall pay to the treasurer for the uses of the island the following additional dues:

| | s. | d. |
|---|---|---|
| Vessels not exceeding 100 tons | 8 | 4 |
| Exceeding 100 tons and not exceeding 200 tons | 10 | 5 |
| Exceeding 200 tons and not exceeding 300 tons | 12 | 6 |
| Exceeding 300 tons | 16 | 8 |

(2) Any ship under 75 tons burden shall be liable to the payment of the said dues for only two voyages in each year; that is, the first voyage in the first six months and the first voyage in the second six months in the year.

MOLE-HEAD DUES.

22. He shall, on coming within the harbor of the mole head, and while continuing within the said harbor, pay the harbor master or the person for the time being acting as such the following duties; that is to say, for every ship or other vessel for groundage, per day, the sum of one-half penny for each and every ton; for every ship or other vessel while loading or unloading as herein provided within the said harbor of the mole head, the sum of 1 penny per day for each and every ton, and for every ship or other vessel while heaving down, the sum of 1½ pennies per day for each and every ton; and also pay to the harbor master the sum of 8 shillings and 4 pence for the certificate to be obtained from him in the Form No. 4 in Schedule A to this act: *Provided always*, That the harbor master shall pay into the treasury daily all moneys received by him under this act up to the time of such payment.

EXEMPTION FROM DUES AND FEES.

23. In every case in which all the cargo landed or shipped by any ship does not exceed 2 tons, such ship shall be exempt from the payment of all dues and fees (other than tonnage dues) from which it would be exempt if no cargo was landed or shipped.

STEAMSHIP BRINGING A REGULAR MAIL.

24. The master of a steamship arriving at the port of Bridgetown bringing a regular mail may land any goods therefrom without making a report of the ship or her cargo, but subject to the provisions of any regulation that may be made by the governor in executive committee.

25. The deposit, custody, and delivery of the goods so landed shall be conducted in accordance with the regulations made by the governor in executive committee.

26. In every case where the master of a steamship lands goods under the provisions of the two last preceding sections and the regulations made thereunder, the agent of such ship shall within three days after her arrival make to the comptroller a report in the prescribed form, so far as the same may be applicable, of the goods landed or to be landed from such ship; and if such agent fails to make such report, or make an untrue report, or does not truly answer any question put to him by the comptroller or proper officer, or if any of the regulations made under the two last preceding sections are not complied with, such agent shall in every such case be deemed guilty of an offense, and being convicted thereof shall be liable to a penalty not exceeding £50.

CLEARANCE.

27. When the master shall have done all such things as by law he is required to do before he shall be entitled to a clearance, the comptroller or other proper officer shall give him a clearance of such ship for her intended voyage in the Form No. 5 in Schedule A to this act.

AS TO DECLARATION.

28. (1) He shall when about to leave the port make and subscribe a declaration before the comptroller, in the Form No. 6 in Schedule A to this act, and shall also state the contents of the cargo of such ship, if any, or state that she is in ballast,

*Import tariff of Barbados*—Continued.

as the case may be, and shall answer such questions as shall be demanded of him in the same manner, and as nearly as may be as is prescribed to be observed on the entry of ships coming to this port: *Provided always*, That in the case of a steamship bringing a regular mail the agent shall clear the ship within three days after her departure.

(2) He shall, before leaving the island, declare on oath, before the comptroller who is hereby authorized and required to administer the same, whether any seaman has deserted or absented himself from his ship, and in case any seaman shall have deserted or absented himself from the said ship, the master thereof shall produce a certificate, under the hand of a sergeant of police to the effect that such master of such ship has duly reported the absence of such seaman, and he shall, in such case, further declare, on oath, before said comptroller that he has used his best endeavors to apprehend such seaman; and the said comptroller is hereby required not to clear any ship until the requisition herein contained shall be complied with by the master.

AS TO PART OF INWARD CARGO ENTERED FOR EXPORTATION.

29. He shall, if there be on board the ship any goods being part of the inward cargo reported for exportation in the same ship, deliver to the proper officer a copy of the report inward of such goods certified by the comptroller or other proper officer, who shall sign the same on being satisfied that the goods mentioned therein are on board.

TO DELIVER CERTIFICATE OF HARBOR MASTER, ETC.

30. He shall deliver to the comptroller or other proper officer a certificate from the harbor master in the Form No. 4 in Schedule A to this act, the copy of the report inward, if any, of goods reported for exportation and the victualing bill: *Provided always*, That although in every case such certificate shall be required, yet any ship under 75 tons burden shall be required to pay the fee for such certificate for two voyages only in each year, namely, the first voyage in the first six months and the first voyage in the second six months in the year.

SHIP STORES.

31. The master of every ship about to depart from this colony shall on due request and on complying with the conditions hereinafter mentioned, be allowed by the proper officer to receive out of bond, without payment of duty, such goods as may be required or allowed by the proper officer for the use of such ship with reference to the number of the crew and the passengers on board and the probable duration of the voyage on which she is about to depart.

32. The master, or his agent, on making the request referred to in the last preceding section, shall deliver to the proper officer a written statement of the stores already on board, to which shall be added an account of the stores allowed by the proper officer as aforesaid, which statement when signed by the master and countersigned by the proper officer, shall be the victualing bill; and no stores shall be shipped for the use of any ship, nor shall any articles taken on board the ship be deemed to be stores except such as shall appear on the face of such victualing bill.

DECLARATION RESPECTING OLD METALS.

33. On the clearance of every ship at the said custom-house, the master of such ship shall make and subscribe the following declaration before the comptroller, that is to say:

"I, A. B., master of the ship called the ——— ———, do declare that I have not received or suffered to be received on board my said ship during her stay here, nor do I believe that there is now on board of her, received since her arrival here, any old gold, silver, iron, copper, lead, or other metals whatsoever, except such (if any) as have been duly shipped according to law, and now appear on the clearance of my said ship."

RUMMAGING, SEALING, ETC.

34. Any officer of the customs, on the arrival of any ship at any port of this colony, or during the stay of such ship at any port, may do all or either of the following things:

(1) Rummage and search at all times any part of the ship for prohibited, uncustomed, or forfeitable goods;

(2) Remain on the ship until all the goods laden therein shall be duly delivered therefrom, or until her departure;

(3) At all times have free access to the ship;

(4) Fasten down hatchways or entrances to the hold;

*Import tariff of Barbados*—Continued.

(5) Mark any goods before landing of the same;
(6 Lock up, seal, mark, or otherwise secure any goods on board such ship;
(7) Open any place, box, or chest which may be locked, in the best manner in his power, if the keys thereon be withheld;
(8) Place any lock, mark, or seal upon any stores or goods taken from the warehouse, without payment of duty as stores, on board any ship departing from this colony.

NEGLECT OF DUTY BY MASTER.

35. Any master who shall infringe or fail to comply with the provisions, or either of them, of sections 9 to 26, both inclusive, and of sections 28 to 30, both inclusive, and of section 33 of this act, shall, on conviction, be liable to a penalty not exceeding £50; and the comptroller or other proper officer shall have full power and authority to detain such ship and not allow the same to leave the port until proceedings can be instituted and prosecuted to a conclusion, and, if a conviction be obtained, the penalty and all expenses attendant thereon have been duly paid.

GOODS FORFEITED.

36. In case any goods be not duly reported such goods shall be forfeited: *Provided always*, That if, after such report shall have been made, it shall appear to the comptroller that any goods have been inadvertently omitted to be entered in such report but that there was no fraudulent intention in such omission the master shall be allowed to amend his report accordingly.

REMOVAL OF SHIP BY HARBOR MASTER.

37. The harbor master or other person acting under his authority may, if the master should refuse or delay to do so, cause any ship to be removed, at the expense of the owner thereof, to such place or station as the harbor master may appoint, and all expenses incurred in such removal shall be paid before such ship shall be allowed to leave the port.

BREAKING OF LOCKS, SEALS, ETC.

38. If the officer shall place any lock, mark, or seal upon any goods on board of any ship, or on any place or package in which the same may be, and such lock, mark, or seal be willfully opened, altered, or broken before due delivery of such goods, or if any of such goods be secretly conveyed away, or if the hatchways or entrances to the hold, after having been fastened down by the officer, be opened, the master of such ship shall forfeit a sum not exceeding £100.

TAMPERING WITH LOCKS, ETC., ON SHIPS' STORES.

39. If any lock, mark, or seal placed by any officer on any ships' stores, or on any place or package in which the same may be, be willfully opened, altered, or broken, or if any such stores be secretly conveyed away while the ship remains in port, the master of such ship shall be liable to a penalty not exceeding £100.

FALSE DECLARATION, ETC.

40. If any ship shall depart from this port without having been duly cleared, or the master shall refuse to make the declarations aforesaid, or shall make false declarations or deliver a false content, or shall not truly answer the questions demanded of him, or shall receive any seamen or mariners belonging to any other ship, while such ship is in any road or harbor within this colony, to serve on board his ship, before such seamen or mariners shall have been legally discharged, or shall on departing from this colony leave behind any seamen or mariners belonging to the ship, unless such seamen or mariners shall have been legally discharged or shall have deserted, he shall forfeit a sum not exceeding £50, and in case the said master of any such ship shall leave this port without such clearance, or make such false declarations, or deliver such false content, or answer falsely to the questions demanded of him, or shall receive or leave any seamen or mariners as aforesaid and not return to this port as the master of such ship, then on the next voyage of such ship to the port it shall and may be lawful for the said comptroller to recover any sum not exceeding £50—which the said master of every such ship would have become liable to pay had he returned to the said port as such master - from the owner or master of every such ship, and the said comptroller shall have full power and authority to detain the said ship until the amount shall have been duly paid and all expenses attendant thereon.

BREACH OF CONDITIONS OF SHIP'S BOND.

41. If either of the conditions of the ship's bond entered into under the provisions of sections 14 and 15 be broken, the person bound thereby and his sureties shall be severally liable to a penalty not exceeding £50.

PART III.—TONNAGE DUES.

42. The master of every ship landing or taking on board cargo shall pay to the colonial treasurer a tonnage duty of 1 shilling per ton on the registered tonnage, or tonnage duty to be computed on the weight or measurement of the goods landed or taken on board in the manner provided for in the Table No. 7, in Schedule A, to this act: *Provided always*, That in no case shall the tonnage duty computed on the weight or measurement as aforesaid exceed the amount arrived at by calculating the duty at 1 shilling per ton on the registered tonnage.

ASSESSMENT OF DUES ON MAIL STEAMERS AND SHIPS.

43. The agent or consignee of steamships arriving with cargo shall be required to deliver to the comptroller or other proper officer, five days after entry of such steamship, a freight list of all goods laden on board such steamship intended to be landed here, exhibiting the weight or measurement of all such goods, together with the bills of lading, on which shall be computed and determined the amount of tonnage duties chargeable and to be paid on such steamship; and the agent or consignee of every such steamship shall be liable for, and shall pay to the colonial treasurer within five days after the departure of every such steamship, the amount of such tonnage duties, according to a warrant from the comptroller or other proper officer of the customs, and shall also, at the same time, produce to the comptroller or other proper officer of the customs a certificate from the harbor master according to the Form No. 4, in Schedule A, showing that all rates, duties, and fees to which such ship may be liable at the office of the said harbor master have been fully paid and satisfied; and in case of any such steamship leaving this port with goods laden at this port the agent or consignee thereof shall, within three days after the departure of such steamship, produce to the comptroller or other proper officer of the customs an account exhibiting the weight or measurement of all such goods, on which shall be computed and determined the amount of tonnage duties chargeable and to be paid on such steamship, and such account shall also exhibit the nature and description of the goods laden at this port, as aforesaid.

EXEMPTION FROM TONNAGE DUES.

44. Tonnage duty shall not be payable in the following cases, or shall be payable only under the circumstances mentioned:

(1) Ships under 75 tons burden shall be liable to the payment of tonnage dues in any one year once only on arrival and entry and once only on taking on board cargo, and these dues shall be paid on the registered tonnage of such ships.

(2) Ships arriving and also departing in ballast only.

(3) Ships landing or taking on board passengers and their personal effects and small packages only, and not breaking bulk or disposing of any part of their cargoes, and not taking on board any cargo, shall not be liable to the payment of the aforesaid tonnage duties, either inward or outward.

(4) Tonnage duty shall be chargeable on any ship which after arriving here in distress and discharging cargo is unable to take all or some portion of the cargo discharged on board again by reason of her damaged condition, such duty to be computed on the weight or measurement of the cargo not taken on board: *Provided always*, That if the cargo, or such portion of it as shall have been left, shall be subsequently taken away by another ship, then the tonnage dues paid in respect of such first-mentioned ship shall be refunded by the colonial treasurer to the master, owner, or consignee of such ship, or their duly appointed agent, on the certificate of the comptroller.

(5) No tonnage duty shall be chargeable to any ship which after arriving here in distress and discharging cargo is subsequently unable to take it all on board again from difficulty of restowing.

(6) Ships arriving here in distress and in ballast which shall be subsequently abandoned or condemned by survey and broken up shall be exempt from tonnage duties.

(7) Ships importing or exporting military or naval stores for the use of Her Majesty's army and navy shall be free and exempt from all tonnage dues and fees, provided that such ships neither land nor take on board any goods save such as are excepted under subsection 3 of this section, and that proof be given to the officers

*Import tariff of Barbados*—Continued.

of the customs that such stores are imported for the use of Her Majesty's army and navy, and warrant granted for the unloading of the same by the comptroller in the usual manner.

(8) All ships belonging to any well-known yacht squadron in Great Britain or elsewhere which shall arrive at any port in this colony shall be, and they are hereby, exempt from the payment of all tonnage, port, and harbor dues payable under any act of this island, and all such vessels shall be received in the ports of this colony on the same footing and be entitled to the same privileges as they enjoy in the ports of the United Kingdom: *Provided always,* That such ships do not land cargo or take cargo on board except as ship stores.

(9) Ships in which coal is imported for the use of steamships of war belonging to any foreign government shall be free and exempt from all tonnage and other duties: *Provided,* That such ships neither land nor take on board any goods save such as are excepted under subsection 3 of this section and that proof be given to the comptroller that the coals so imported are solely for the use of such steamships and that they are to be deposited in a depot to be appropriated exclusively for that purpose: *And provided also,* That it shall be lawful for the governor, in executive committee, on any occasion when it shall seem fit to him, to suspend the operation of this subsection.

(10) Whaling ships arriving here with cargoes of oil and landing oil for reshipment shall be, and they are hereby, permitted to elect either to pay the ordinary tonnage dues or to put the oil in bond, paying at the rate of 1 shilling for every 31½ gallons so landed and bonded.

(11) Cargo transferred from one ship to any other ship in any port of this island, or landed and warehoused for the purpose of being thus transferred on a through bill of lading shall be exempt from tonnage duty; but should such goods be sold or brought into consumption in this island, then they shall be subject to the same rate of tonnage duty as would otherwise have been chargeable.

ASSESSMENT OF DUES.

45. When the tonnage duty is paid on the tonnage of the ship, it shall be paid in the following manner, that is to say:

(1) In the case of a British registered ship on the registered tonnage, as appears by the certificate of registry.

FOREIGN SHIPS.

(2) In the case of a ship belonging to a foreign nation which has adopted the British rules for the measurement of ships, on the tonnage denoted by the certificate of registry or other national papers in so far as the arrangement goes, and as directed by Her Majesty's order in council to that effect issued.

(3) In the case of a ship belonging to any other foreign nation, on the tonnage to be ascertained by measurement according to the rules prescribed in the imperial merchant shipping act, 1854, and the acts amending that act: *Provided,* That when the difficulties of measurement are great, or when the application of the rule No. 2 for external measurement of tonnage, of the imperial merchant shipping act, would result in making the ship to appear of a much greater capacity than the actual one by rule No. 1 in the said act for internal measurement an estimated equivalent or approximate measurement may be taken for the purpose of this act from the particulars shown in the ship's papers, or otherwise: *Provided,* That if this approximation be objected to, the objector may demand measurement.

(4) When a foreign ship has been actually measured in this island, a certificate thereof shall be granted, and certificates of measurement by the authorized measurer issued at other ports in any part of Her Majesty's dominions shall be valid for the purposes of this act. Such certificate shall be in force for two years from the date of issue: *Provided,* That the ships to which they relate are not altered during the period to an extent interfering with their original capacity, and that stores, cargo, or passengers are not carried in any spaces which have not been included in, or which have not been deducted from the gross tonnage.

(5) A measurement certificate thus given shall be renewable at the end of two years without remeasurement, if the ship upon survey is found to have been unaltered, and if stores, cargo, or passengers have not been carried in any unmeasured or exempted spaces.

SETTLEMENT OF DISPUTES AS TO TONNAGE DUES.

46. Should any difference of opinion arise between the comptroller or other proper officer of the customs and the master, consignee, or agent of any ship as to the rating of cargo in respect of tonnage duties, the comptroller or other proper officer of the customs shall call in two disinterested merchants to ascertain and determine the matter in dispute, whose decision shall be final; and if the two merchants shall not agree in opinion they shall appoint an umpire, whose decision shall be final.

PENALTY FOR LANDING OR SHIPPING MORE CARGO THAN PERMITTED.

47. If, under the permit to land or take on board part of cargo, any larger quantity shall be landed or taken on board than is set forth in the permit, the vessel from which the same shall be landed, or on board of which the same shall be shipped, shall be liable to the payment of the full amount of the aforesaid tonnage duty, in addition to any other penalty imposed by this act; and no ship shall be cleared out at the custom-house until the duties aforesaid shall be paid.

PART IV.—IMPORTATION.

48. It shall be lawful to import into this colony any goods which are not by this or any law in force at the time of importation thereof prohibited to be so imported.

PROHIBITED GOODS.

49. The goods enumerated and described in the latter part of this section are hereby prohibited to be imported or brought into this colony, and if any goods so enumerated and described shall be imported or brought into this colony, such goods shall be forfeited and may be destroyed or otherwise disposed of as the governor in executive committee may direct; and the person who imports or brings such goods into the colony, or who keeps or conceals any such goods, on conviction shall be liable to a penalty not exceeding £100.

(1) Base or counterfeit coin of any country.

(2) Coin purporting to be British coin legally current in this colony but not being of the established standard in weight or fineness.

(3) Indecent or obscene prints, paintings, photographs, books, cards, lithographs, or other engravings, or any other indecent or obscene articles.

(4) Infected cattle, sheep, or other animals, or the skin or any part thereof.

(5) Arms, ammunition, gunpowder, or any other goods which may be prohibited by order of the governor in executive committee.

BOOKS.

50. It shall be lawful to import into this colony all books and reviews of whatever nature or kind, bound or in covers, from whatsoever country the same shall be imported, being reprints of books or reviews first composed, or written, or printed, or published in the United Kingdom.

51. On the importation into this colony of every reprint of any such book or review of whatsoever nature or kind the same may be, so as aforesaid first composed, written, printed, or published in the United Kingdom, and protected at the time of such importation by an act of the Imperial Parliament passed to enforce the law of copyright, whether such reprint be imported from the United States or from any other foreign country there shall be paid an ad valorem duty on the bona fide price of such reprints of 20 per cent: *Provided always*, That before the reprint of any book or review as aforesaid be made liable to such ad valorem duty as aforesaid, the said book or review shall have been duly registered according to the provisions of any act of the Imperial Parliament to regulate the law of copyright: *And provided also*, That the said duty shall not be paid on newspapers or other periodicals containing only extracts from such books or reviews as aforesaid.

52. The said duty shall be paid to the treasurer, who shall remit the same to the lords commissioners of the treasury in London, with a detailed account thereof, at least once a year, in order that the said duty may be duly paid over to the registered proprietor of the copyright of such books or reviews, respectively.

53. At the time of the entry of any reprint of any book or review as aforesaid it shall be the duty of the officer passing such reprint to stamp the same, and the comptroller shall furnish to the several officers who may require the same the necessary stamps for such purpose.

54. It shall not be lawful for any person to import or bring, or cause to be imported or brought into this island for use, sale, or hire, any reprint referred to in this act and hereby made liable to the duty aforesaid, contrary to the true intent and meaning of this act; or knowingly to sell, publish, or expose to sale, or let to hire, or have in his possession for use, sale, or hire, any such reprint as aforesaid. And every such reprint so imported or brought into this island, sold, published, exposed to sale, or let to hire, shall be forfeited and sold, and one-half of the proceeds of the sale thereof shall be paid to the officer of customs seizing the same, and the other half to the registered proprietor of the copyright of the books or review from which such reprint is made. And every person so offending, being duly convicted thereof, shall for every such offense forfeit and pay the sum of £5 and double the value of every copy of such reprint which he shall so import or cause to be imported into this island, or shall knowingly sell, publish, expose to sale, or let to hire, or shall have in his

possession for sale or hire, contrary to the true intent and meaning of this act; and one-half of such penalty shall be paid to the officer seizing, and the remainder thereof shall be paid to the treasurer and remitted to the use of the proprietor of the copyright in the manner hereinbefore provided for.

ENTRY—WHEN TO BE MADE.

55. Every importer of goods shall, within the second day after the entry of the importing ship, make due entry of such goods, and in default of such entry it shall be lawful for the officers of the customs to convey such goods to the warehouse.

PERFECT ENTRY.

56. The person entering any goods shall deliver to the comptroller or other proper officer a bill of the entry thereof in the Form No. 8, in Schedule A, to this act, fairly written in words at length containing the name of the importer, the name of the ship, and of the place from which she came, and the particulars of the quantity or description of the goods and packages containing the same, and the marks and numbers on the packages, and the contents thereof; and shall then deliver at the same time one or more duplicates of such bills, in which all sums and numbers may be expressed in figures; the number of such duplicates shall be such as the comptroller shall require.

WHEN PERFECT ENTRY CAN NOT BE OR IS NOT MADE.

57. (1) If the importer of any goods shall make and subscribe a declaration in writing before the comptroller or other proper officer that he can not, for want of full information, make perfect entry thereof, the comptroller or other proper officer shall receive an entry by bill of sight for the packages or parcels of such goods, by the best description which can be given, and grant a warrant thereupon, in order that the same may be landed and secured to the satisfaction of the comptroller or other proper officer at the expense of the importer; and such goods may be seen and inspected by the importer in the presence of the proper officer.

(2) Within three days after the goods shall have been so landed the importer shall make a perfect entry thereof, and pay all duties due thereon, and in default of such entry or payment of duties such goods shall be taken to the warehouse to be provided for the purpose of this act.

(3) If the importer shall not within one month after such landing make perfect entry of such goods or pay the duties due thereon, or warehouse the same if liable to be warehoused, together with charges of removal and warehouse rent, the comptroller shall cause the same to be sold by public auction to the highest bidder, giving at least four days' public notice in the Official Gazette of the time and place appointed for the sale; and the money arising from the sale thereof shall be applied in the first place in payment of the said duties, charges, and warehouse rent, together with the charges that shall have been occasioned by the sale thereof, and the overplus, if any, shall be paid to the proprietor of the goods or other person authorized to receive the same.

(4) In case of goods imported in a steamship, if they are not cleared from the warehouse appropriated to their reception on landing within five days, they shall be dealt with in the same manner as in the last preceding subsection is directed.

ENTRY OR WARRANT—WHEN VALID.

58. No entry or warrant for the landing of any goods shall be deemed valid unless the particulars of the goods and packages in such entry or warrant shall correspond with the particulars of the goods and packages purporting to be the same in the report of the ship, or other report (where any is required), by which the importation or entry thereof is authorized, nor unless the goods shall have been properly described in such entry by the denomination and with the character and circumstances according to which such goods are charged with duty or may be imported; and any goods taken or delivered out of any ship by virtue of any entry or warrant not corresponding or agreeing in all such respects, or not properly describing the same, shall be deemed to be goods landed without due entry thereof and shall be forfeited: *Provided always*, That if it shall appear to the comptroller that any goods shall have been inadvertently omitted or entered in excess on such entry, but that there was no intention to defraud, the entry may be amended; and it shall be lawful for the comptroller or other proper officer after the entry of any goods, on suspicion of fraud, to open or examine any package of such goods in the presence of two or more credible witnesses; and if upon examination the same shall be found to agree with the entries, they shall be repacked at the public cost, but if otherwise they shall be forfeited.

WHEN CONTENTS OF PACKAGES UNKNOWN.

59. Any package of which the importer or his agent shall declare the contents to be unknown to him may be opened and examined by the comptroller or other proper officer in the presence of such importer or agent and at the expense of the importer, who shall also bear the expense of repacking.

DUTIES—WHEN TO BE PAID.

60. (1) Every importer shall, at the time of entry of goods, pay all duties payable upon such goods, except in the case of goods warehoused; and the comptroller or other proper officer shall immediately on payment of such duties grant his warrant for the landing of such goods.

EXEMPTION.

(2) The owner of any article which, after payment of the import duty (if any) chargeable thereon, is exported from this island, may reimport the same free of duty if the following conditions are fulfilled:

(*a*) If before exporting the articles he files in the office of the comptroller a declaration of his intention to subsequently reimport the same, such declaration accurately describing it and stating its value; and

(*b*) If on reimportation he satisfies the comptroller that the article imported is the one previously exported by him: *Provided always*, That if any alteration or repair is made in or to such article before its reimportation duty shall, on its being reimported, be paid on the full value of such alteration or repair.

AD VALOREM DUTIES.

61. (1) Whenever the duties imposed by any customs tariff act, or any other act relating to the trade of this island upon the importation of goods, are not according to the weight, table, gauge, or measure, but according to the value thereof, such value shall be ascertained by the declaration of the importer or his known agent, and such declaration shall be written on the bill of entry of such goods and shall be subscribed with the name of the importer or his known agent in the presence of the comptroller or other officer acting for him.

(2) The comptroller may, whenever he shall consider it expedient to do so, demand that the invoice of such goods shall be produced to him, and he may also require the importer of the goods or his known agent to declare on oath that the invoice so produced exhibits the true and real value of the goods, and the comptroller is hereby authorized to administer the oath for such purpose.

(3) If the invoice produced shall be false or fraudulent, the importer shall be liable to a penalty of £500 in addition to any other punishment to which he might by law be liable for having made a false declaration on oath.

(4) And if the service price or value of the goods is not known and the comptroller shall deem it necessary, or if the comptroller shall for any other reason deem it necessary, to ascertain the value of the same, or the officer charged with the superintendence of the landing of any such goods shall consider it necessary to have the same examined, he shall report thereon to the comptroller and the goods shall be opened and examined, and if, upon view thereof, it shall appear to the comptroller necessary for the purpose of ascertaining the value as aforesaid of such goods, he is hereby authorized to appoint two competent persons to examine the goods, who shall declare upon oath before the comptroller what is to the best of their knowledge and belief the true and real value of the goods. And if such two persons shall disagree in opinion the comptroller shall appoint a third person as umpire, who in like manner shall examine and make oath to the value of the goods, and the decision of such third person shall be accepted by the comptroller as final; and the value so declared to on oath, with the addition of £10 per cent thereon in the case of goods which have been invoiced or valued below the true and just value thereof, shall be deemed to be the true and real value of such goods, and thereupon the duties imposed by the customs tariff act or any other act relating to the trade of this island shall be charged thereon and paid. And in default or refusal of immediate payment, the comptroller or other officer acting for him shall take and secure the article with the casks or other packages thereof and cause the same to be publicly sold to the highest bidder for the same within twenty days after such default or refusal, notice of the time and place of sale being first given for not less than four days in the Official Gazette; and the money arising from the sale thereof shall be applied in the first place in payment of the said duties together with the charges incidental to the sale thereof, and the overplus (if any) shall be paid to the importer or proprietor of the articles, or other person authorized to receive the same.

(5) Such competent persons or umpire as aforesaid shall each be allowed as a remuneration for each valuation, at the discretion of the comptroller, a sum not exceeding £1, to be paid from the public treasury.

LOSS OF DUTY-PAID GOODS.

62. When any ship shall be entered at the custom-house, on board of which there shall be any goods on which any duty has been paid, and the said goods shall thereafter be lost or destroyed before the same shall be landed from such ship or from any ship, craft, or boat employed to land the same, then on proof being made on the oath of one or more credible witness or witnesses, before the comptroller (which oath the comptroller is hereby authorized to administer), and to his satisfaction, that such goods or any part thereof (specifying the same) have been so lost or destroyed before the landing of the same, the duties on the whole, or the part thereof so proved to be lost or destroyed, shall be abated; or if the same shall have been paid, be returned to the owner by the treasurer, on a certificate being granted for that purpose by the comptroller or other proper officer, and examined by the auditor-general as hereinafter provided.

DUTIES ON WRECKED GOODS.

63. In all cases in which it may happen that a ship wrecked on any part of the coast of this island, and goods are in anywise saved therefrom, and articles subject to specific duties form a part of the salvage, and are brought or washed on shore intact or free from damage, the comptroller shall require the full duties leviable thereon, as if regularly imported, to be paid by the consignee or master of such ship, or by the auctioneer charged with the sale thereof; but if any such goods liable to specific duties are damaged, or by the mode of salvage are mixed up in a lot with other damaged goods subject to ad valorem duties, then the comptroller shall require a duty of 10 per cent on the value of the said lot of goods, ascertained by the sale, to be paid into the treasury by either of the aforesaid persons interested in such ship and the salvage thereof; and where goods, which, if regularly imported, would be subject to ad valorem duty, shall be saved from any wrecked ship in an undamaged and merchantable state, they shall be subject to the said ad valorem duty only: *Provided*, That in all cases where a duty is paid on goods wrecked and in damaged condition, such duty shall not amount in the whole to more than half of what would have been paid if such goods, being liable to specific duty, had been landed in good condition.

REBATE OF DUTY ON DAMAGED GOODS.

64. (1) If any goods imported on which duties are payable shall receive damage by water or otherwise during the voyage, after such goods shall have been laden or shipped and before the same shall be unshipped or discharged from the ship in which the same shall have been imported, or from any ship, craft, or boat into which the said goods may have been transhipped for the purpose of being landed, so that the owner thereof shall be prejudiced in the sale of such goods, the comptroller shall have power to choose three disinterested merchants, experienced in the value of such goods, who, or any two of them upon viewing the same, shall certify and declare what damages such goods have received, and what was the cause of such damage and what was the sound value of such goods; and if the cause of the damage is such as is hereinbefore specified, the importer or owner of such goods shall pay the full duty on such goods, but on the sale of them, either by public auction or by private contract, and on signing the declaration No. 9 in Schedule A to this act, be entitled to receive a proportionate rebate of the duty on such goods on the order of the comptroller to the treasurer.

(2) Each of the said merchants shall be allowed as a remuneration for such valuation, at the discretion of the comptroller, a sum not exceeding £1, to be paid by the owner.

(3) If the declaration above-mentioned be false in any material particular the person making it shall be liable to a penalty of £100.

REFUNDING OF DUTIES.

65. It shall be lawful for the governor, in executive committee, by order on the treasurer, to refund any duties, dues, fees, tonnage dues, rents, or other sums of money which may have been paid into the treasury under the provisions of this act, or any amending act, or any other act relating to trade and navigation, in error, or in excess of what was due, or as duty on articles not arriving by the ship for which the duty-paid warrants are passed.

FLOTSAM AND JETSAM.

66. All goods derelict, jetsam, flotsam, and wreck brought and coming into the island, and all droits of admiralty sold in the island shall be subject and charged with the same duties as are chargeable on the like kinds of goods on importation into the island.

LANDING OF GOODS FROM SHIPS OTHER THAN STEAMSHIPS.

67. Subject to the provisions of the next following section, goods shall be landed subject to the following provisions; that is to say:

(1) They shall not be unshipped or landed until due entry of such goods shall have been made, and a warrant granted for the unloading of the same.

(2) They shall, subject to the provisions of section 5, be landed only at the port of Bridgetown.

(3) They shall not be landed at any places in the port of Bridgetown other than those appointed by the comptroller with the sanction of the governor in executive committee.

(4) They shall not be landed except in the presence or with the authority in writing of the proper officer.

(5) They shall not be unshipped or landed except with the consent of the comptroller, on Sunday, Good Friday, and Christmas day, on a public holiday, or on a day set apart for divine service by proclamation.

(6) They shall be landed only during such hours as the governor in executive committee shall by regulation appoint, except the permission of the comptroller has been obtained to land during some other hours.

(7) They shall not, after having been unshipped or put into any boat to be landed, be transshipped or removed into any other boat previously to their being landed, without the permission of the proper officer.

(8) They shall after having been unshipped be forthwith landed at the place at which the same are intended to be landed.

LANDING OF GOODS FROM STEAMSHIPS.

68. Goods may be unshipped and landed from a steamship without due entry having been first made subject to the following conditions and restrictions; that is to say:

(1) They shall be unshipped and landed in accordance with the provisions of subsections 2, 3, 4, 7, and 8 of the preceding section.

(2) They shall be deposited in such places as the governor in executive committee may from time to time by rule appoint.

(3) They shall be deposited, kept in custody, and delivered in accordance with regulations to be made by the governor in executive committee.

PENALTIES.

69. Whoever shall infringe the provisions of the two last preceding sections shall on conviction be liable to a penalty not exceeding £100.

PART V.—WAREHOUSING.

APPOINTMENT OF WAREHOUSING.

70. The governor in executive committee shall from time to time, on the recommendation of the comptroller by notice to be published in the Official Gazette, appoint, and alter or revoke such appointment, such warehouses as may be required for the warehousing of goods under the provisions of this act.

WAREHOUSE CHARGES.

71. (1) The comptroller shall prepare and submit for the approval of the governor in executive committee a scale of charges for the warehousing of goods, and such scale when approved and published in the Official Gazette shall have the force and effect of law.

(2) The governor in executive committee shall have power to amend or revoke such scale of charges as often as may be necessary, and such amendments or revocations shall in like manner be published in the Official Gazette.

72. The comptroller shall detain all goods warehoused in the colonial warehouse until all charges in respect of warehousing the same shall have been paid.

GOODS THAT MAY BE WAREHOUSED.

73. Subject to the provisions of the next following section it shall be lawful for the importer to warehouse in the warehouses to be appointed for that purpose, without payment of duty upon the first entry thereof, any goods subject to duties of customs, the importation and warehousing whereof is not prohibited by any law in force at the time of such importation.

*Import tariff of Barbados*—Continued.

GOODS THAT MAY NOT BE WAREHOUSED.

74. (1) No goods shall be warehoused unless the duties thereon amount to 20 shillings.

(2) The governor in executive committee may from time to time, by regulation to be published in the Official Gazette, settle and declare a list of goods which shall not be warehoused.

GOODS IN TRANSIT.

75. Subject to the last preceding section all goods landed here in transit for places specially mentioned and so declared at the time of entry, may be warehoused in the same manner as other goods: *Provided always*, That such goods shall be exported within three months from the date of entry, and if the same shall not be exported within the said three months, the duty thereon shall then be paid by the importer.

PROPER OFFICERS TO TAKE AN ACCOUNT.

76. Upon the entry and landing of any goods to be warehoused, the proper officer shall take a particular account of such goods at the wharf at which they shall be landed, or in the warehouse if they be goods of which the account is permitted to be taken in the warehouse, and shall mark each package or lot with such distinguishing marks or numbers as directed by the comptroller, and shall enter the same in a book to be kept for that purpose.

OFFICER TO CERTIFY ENTRY AND WAREHOUSING.

77. When such goods shall have been so deposited, with the authority of such officer, he shall certify that the entry and warehousing of such goods is complete, and such goods shall be considered from that time goods duly warehoused.

IMPORTER TO GIVE BOND.

78. (1) Upon the entry of any goods to be warehoused, the importer, instead of paying down the duties thereon, shall give a special bond to the comptroller, with sufficient security, to be approved of by him, in a penalty equal to treble the amount of the duty payable on such goods, with the condition for the safe depositing of such goods in the warehouse mentioned in such entry, and for the exportation or for the shipment thereof as stores, according to the first account taken of such goods upon the landing of the same, and with further conditions that no part thereof shall be taken out of such warehouse until cleared from thence upon entry and payment of duty, or upon due entry for exportation or shipment as stores, and with further condition that the whole of such goods shall be so cleared from such warehouse, and the duties upon any deficiency of the quantity according to such first account paid within two years from the date of the first entry thereof, and such bond shall not be discharged until the goods shall have been accounted for to the satisfaction of the comptroller, nor until the full duties due upon any deficiency of such goods not so accounted for shall have been paid.

(2) In lieu of giving a special bond on every occasion of entry of goods for warehousing, any importer may give a general or continuing bond to the comptroller with sufficient security and in such penalty as the governor in executive committee shall approve, with the like conditions as the special bond above mentioned.

(3) Such general bond shall cover all imports and exports for twelve months only.

(4) No penalty shall be recovered under such general bond other than treble the amount of duty payable on the goods in respect of which a breach of such bond shall have been made.

NEW BOND ON CHANGE OF OWNERSHIP.

79. If after any such bond shall have been given, the goods warehoused, or any part thereof, shall be sold or disposed of, the comptroller may allow a new bond to be given by the new owner or person having control over such goods with sufficient security to be approved by the comptroller, and may cancel the bond, if a special bond given by the original bonder of such goods, or may exonerate the original bonder to the extent of the new security, as the case may be: *Provided*, That if the purchaser has already given a general bond under section 79, that bond shall extend and apply to all such goods so transferred to him as if the same had not been specially given for that purpose.

SALE OF GOODS IN BOND.

80. Goods warehoused in the colonial warehouse or in a licensed bonding warehouse may be transferred into the name of a purchaser on his producing to the proper officer a written order for the delivery thereof, signed by the owner of the goods and

countersigned by the comptroller, if the goods are in the colonial warehouse, or by the owner or occupier if the goods are in a licensed bonding warehouse.

81. Goods so transferred shall be discharged from all claims in respect of duties to which the transferrer is liable, but may not, subject to the provisions of the next section, be delivered out of bond for home consumption until payment of the duties and other charges chargeable thereon.

82. The transferee on application to, and on giving security to the satisfaction of the comptroller for the payment of the duties, may remove, under the superintendence of the proper officer, such goods to another licensed bonding warehouse.

GOODS NOT TO BE REMOVED, ETC.

83. If any goods entered to be warehoused shall not be duly carried into and deposited in the warehouse, or, being duly warehoused, shall be in any way concealed in or removed from the warehouse, or abstracted from any package, or transferred from one package to another, or otherwise for the purpose of illegal mixing, removal, or concealment, they shall be forfeited.

GOODS TO BE STORED TO ALLOW EASY ACCESS.

84. If the owner or importer of the goods, or the occupier of the warehouse, shall neglect to stow the goods warehoused therein, so that easy access may be had to every package and parcel thereof, he shall be liable to a penalty not exceeding £5.

GOODS TO BE PRODUCED ON REQUEST OF OFFICER.

85. If the owner or importer of the goods, or the occupier of the warehouse, shall not produce to any officer of the customs on his request any goods deposited in a warehouse which shall not have been duly cleared and delivered therefrom, such owner, importer, or occupier shall, for every such neglect, forfeit a sum not exceeding £5 in respect of every package or parcel not so produced, besides the duties due thereon.

SORTING AND REPACKING OF GOODS.

86. It shall be lawful for the comptroller, under such regulations as he shall see fit to make, to permit the owner or other person having control over all goods warehoused, to sort, separate, pack, and repack any such goods, and to make such lawful alterations therein, or arrangements or assortments thereof, as may be necessary for the preservation of such goods, or for the sale, shipment, or legal disposal of the same, and also to permit any parts of such goods so separated to be destroyed, and the goods so destroyed shall not be liable to the payment of any duties.

SAMPLING OF GOODS.

87. It shall be lawful for the comptroller, under such regulations as he shall see fit to make, to allow samples to be taken of any goods so warehoused, without entry and without payment of duty, except as the same shall eventually become payable as on a deficiency of the original quantity.

WHOLE PACKAGES MAY BE ABANDONED WITHOUT PAYMENT OF DUTY.

88. It shall be lawful for any person to abandon any whole packages to the officers of the customs for the duties without being liable to any duty upon the same.

WHEN GOODS MAY NOT BE REMOVED.

89. (1) No goods shall be taken out of the warehouse for home consumption unless the duties thereon amount to 10 shillings nor for exportation unless the duties thereon would, if entered for home consumption, have amounted to 10 shillings.

(2) The foregoing restrictions shall not apply to remainders of warehouse goods nor to goods taken out for ship's stores.

REMOVAL TO ANOTHER WAREHOUSE.

90. Any goods may, with the permission of the comptroller and under such regulations as he may prescribe, be removed from one warehouse to another, on the delivery to the proper officer by the person requiring such removal of a request note, stating the particular of the goods required to be removed, the name or number of the warehouse to which the same are intended to be removed, and such other information as the comptroller may require.

NO GOODS TO BE REMOVED WITHOUT ENTRY AND PAYMENT OF DUTY.

91. (1) No goods which have been warehoused shall be taken or delivered from the warehouse, except upon due entry and under the care of the proper officer for exportation or for stores, or upon due entry and clearance for home use.

(2) Whenever the whole of the goods warehoused under any entry shall be cleared from the warehouse, or whenever further time shall be granted for any such goods to remain warehoused, an account shall be made out of the quantity upon which the duties have been paid, and of the quantity exported and of the quantity (to be then ascertained) of the packages of goods still remaining in the warehouse, as the case may be, deducting from the whole the quantity contained in any whole packages (if any) which may have been abandoned for duties, and if upon such account there shall in either case appear to be a deficiency of the original quantity, the duty payable upon such deficiency shall then at once be paid.

DUTIES ON SPIRITS, ETC., WHEN TAKEN OUT, HOW CHARGED.

92. The duties on spirits, wine, malt liquor, and tobacco when cleared from the warehouse for home use shall be charged upon the quantities ascertained by measure strength or weight at the time of actual delivery thereof unless there is reasonable ground to suppose that any portion of the deficiency or difference between the measure, strength and weight ascertained on landing and first examination of such spirits wine, malt liquor and tobacco and that ascertained at the time of actual delivery, has been caused by illegal or improper means in which case the comptroller shall make such allowance only for loss as he may consider fairly to have arisen from natural evaporation or other legitimate cause.

WHEN WAREHOUSED GOODS TO BE CLEARED.

93. (1) All goods warehoused shall be duly cleared, either for exportation or for home consumption within two years from the day of first entry for the warehousing thereof; but it shall be lawful for the comptroller to grant further time for any such goods to remain warehoused, if he shall see fit to do so.

(2) If any such goods shall not be so cleared, the same shall, after seven days' notice to the warehouse keeper, or to the owner, if he be known, be sold by public auction, either for home use, if worth the duty thereon, or for exportation, with or without the consent of the warehouse keeper, and the proceeds thereof shall be applied to the payment of the duties, warehouse rent, and charges, and the surplus (if any) shall be paid to the owner or proprietor of such goods if known, but if such owner or proprietor can not be found such surplus shall be paid into the treasury to abide the claim of such owner or proprietor.

(3) If such goods can not be sold as aforesaid, they shall be destroyed.

NO DUTY ON DEFICIENCY OF GOODS FOR EXPORTATION.

94. No duty shall be charged in respect of any deficiency in goods entered and cleared from the warehouse for exportation unless the comptroller has reasonable ground to suppose that such deficiency, or any part thereof, has arisen from illegal abstraction or other improper causes.

ARTICLES FOR REPAIRS OF SHIPS FREE.

95. All articles required for the building, repair, or refitting of vessels in this island may be taken out of bond for such purposes in the same manner as ships' stores are now taken from a bonded warehouse.

FORFEITURE OF GOODS.

96. If any goods entered to be warehoused shall afterwards be taken out of the warehouse without due entry and clearance, they shall be forfeited.

## PART VI.

## EXPORTATION.

GOODS EXPORTABLE.

97. (1) Subject to the exception mentioned in the second part of this section, all goods may be exported.

(2) The following goods may, by proclamation, or order of the governor in executive committee, be prohibited, either to be exported or carried coastwise, namely, arms, ammunition, and gunpowder, military and naval stores, and any articles which

the governor in executive committee shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions of any sort or victual which may be used as food by man, or any articles the exportation of which it may, in the opinion of the governor in executive committee, be necessary to prohibit to insure the observance of the laws of neutrality or any other laws of war. And if any goods so prohibited shall be exported from this island or carried coastwise, or be water borne to be so exported or carried, they shall be forfeited.

EXPORTS OF CIGARS, SPIRITS, OR WINE.

98. The exporter of cigars, tobacco, matches, spirits, or wine bonded in any warehouse in this island shall, within six months after such shipment, produce to the comptroller a certificate from the comptroller or properly authorized officer of the port or place to which the said goods have been sent or shipped that the same have been duly entered or landed according to law: *Provided*, That if from the length of the voyage or other reasonable cause such certificate can not be produced, the said time may be extended at the discretion of the comptroller, or if the said goods should be lost at sea or in harbor, satisfactory proof shall be given thereof to the comptroller: *Provided always*, That the certificate of a British consul at any foreign port, and, in the absence of a British consul, then of two disinterested resident merchants, shall be deemed satisfactory proof of the landing: *And provided also*, That a certificate shall not be required for goods delivered as ships' stores to ships of any nation. In default whereof the party who may have bonded the same in the island shall be called on by the comptroller to pay the duties on such goods as if the same had been passed for consumption in this island; and should such party refuse payment of the same the said comptroller shall proceed under the yearly bond given by such party, and should such party be in possession of a warehouse the license shall be withdrawn and the party declared not eligible thereafter to be the holder of any bonding warehouse.

EXPORTING OF RUM.

99. The master of every ship about to sail on his outward voyage having rum on board, the produce of this island, shall, previous to clearing out his ship, deliver to the treasurer a manifest containing a full account of the rum on board, with the marks and numbers of the casks, the name of the distillery on which the same was made, and of the shippers, signed and declared to as correct by the said master, in the Form No. 10 in Schedule B to this act.

100. The comptroller shall not clear any vessel having rum on board, the produce of this island, until the master delivers to him a certificate from the treasurer in the Form No. 11 in Schedule A to this act that the manifest of the rum and declaration have been duly lodged with him: *Provided always*, That nothing in this section contained shall interfere with the provisions of this act requiring entries outward to be made at the customs for exports, whether of articles previously imported or being the produce of this island.

EXPORTING OF OLD METALS.

101. No person shall export from this island or lade or put on board any ship or boat, to be exported as aforesaid, any old metal, without giving notice in writing of such intended exportation to the comptroller at least forty-eight hours before any such old metal shall be shipped or water borne, and such notice shall be signed by the person intending to ship the same, and shall contain a true and satisfactory description of the old metal so to be shipped, and of the quantity thereof, under a penalty not exceeding a sum of £100.

102. If in any such written notice any false account shall be willfully given of the description or quantity of such old metal so intended to be shipped or water borne, or if any fraud shall appear to be intended as to the shipping or exporting of such old metal every person signing such notice shall be liable to a penalty not exceeding the sum of £100.

EXPORTERS' DUTIES.

103. The person entering any goods for exportation shall deliver to the comptroller or other proper officer a bill of the entry thereof in the Form No. 12 in Schedule A to this act, fairly written in words at length, containing the name of the exporters, the name of the ship, and of the place to which bound, and of the place within the port where the goods are to be laden, and the particulars of the quantity or description of the goods and packages containing the same, and the marks and numbers on the packages, and the contents thereof; and he shall then deliver at the same time one or more duplicates of such bills, in which all sums and numbers may be expressed in figures and the number of such duplicates shall be such as the comptroller shall require.

DRAWBACKS.

104. The governor in executive committee shall from time to time settle and declare by notice to be published in the Official Gazette a list of articles on the exportation of which a drawback of the duty shall be allowed.

105. (1) On the exportation of any such articles a drawback of the duty shall be allowed, provided the amount claimed be not less than 10 shillings, the exporter giving due notice before shipment of the same and passing an export warrant at the custom-house in the usual form, stating the particulars thereof; and before payment of such drawback shall be made a certificate, under proper authority at the port to which such goods have been exported, of the landing of such goods shall be produced to the comptroller or other proper officer of the customs; or if the said goods shall be lost at sea, or in harbor, satisfactory proof thereof shall be given to the comptroller; provided also, that no claim be allowed where a longer period than twelve months from the date of importation has elapsed, except in the case of horses and mules, when no drawback shall be allowed after a period of six months has elapsed from the time of importation; and the comptroller shall issue an order on the treasurer to pay such drawback, such order being previously examined and signed by the auditor-general. But no drawback of duty whatsoever shall be paid unless the landing certificate be produced to the proper officer of customs within six months from the date of the exportation of the articles.

ON COMMERCIAL TRAVELERS' SAMPLES.

(2) A drawback of the duty paid on any sample or specimen of goods brought to the island by a bona fide commercial traveler and subsequently taken away by him shall be allowed, provided it is shown to the satisfaction of the proper officer that such sample or specimen is reshipped and about to be taken away, and is the same as the sample or specimen on which duty has been previously paid; and such drawback shall be paid by the treasurer on the order of the comptroller, such order being previously examined and signed by the auditor-general.

ON COAL FOR STEAMERS, ON EXPORT.

106. In the case of coal or coke supplied for the use of steamships resorting to this port, or exported, the person so supplying or exporting shall be entitled to drawback thereon on giving due notice to the comptroller by passing the usual export warrant for drawback; and in case any coal or coke shall be shipped on Sundays or holidays, or after official hours, the drawback warrant may be passed and satisfactory proof of the shipment be lodged at the custom-house with the comptroller on the following day, but not later; and the drawback on any such shipment shall be granted as hereinbefore stated in section 105.

ON ARTICLES IMPORTED FOR REPAIRS.

107. (1) The consignee of all articles imported into this island for repairs, alteration, or improvement shall immediately on the receipt thereof make a declaration before the comptroller setting forth such fact, together with a true description of such articles and of their value, and shall file the same in the office of the said comptroller.

(2) The consignee of such articles, on exporting the same shall, on satisfying the comptroller that the articles have been exported and are the same that he received for repairs, alterations, or improvement, be refunded by the treasurer the amount paid by him as duty on the importation of such articles: *Provided always*, That no such duty shall be refunded unless the articles shall have been exported within three months of their importation and such claim for refund shall have been made within two months of such exportation.

PART VII.—PASSENGERS AND BAGGAGE.

LANDING OF PASSENGERS.

108. (1) All persons coming to this colony on board ships or boats shall land or be landed at the port of Bridgetown at such landing place only as the governor in executive committee shall by rule appoint.

(2) Persons desiring to land at any other part of the coast must first obtain the written consent of the comptroller.

(3) Any person infringing the provisions of this section shall be liable to a penalty not exceeding £20.

SEARCH OF, BY THE OFFICER.

109. Any officer of the customs may search any person who shall have landed on this island from any ship or boat, provided such officer shall have good reason to suppose that such person is carrying or has any uncustomed or prohibited goods about his person.

110. Before any person shall be searched he may require to be taken with reasonable dispatch to the comptroller, who shall, if he see no reasonable cause for search, discharge such person, but if otherwise, direct that he be searched; and if a female, she shall not be searched by any other than a female.

111. Every person or passenger on board any ship or boat, or who may have landed from any such ship or boat, shall, upon being questioned by any officer of the customs, truthfully state whether he has any prohibited goods or goods liable to duty upon his person, or in his possession, or in his baggage; and if he shall deny having such goods on his person, or in his possession, or in his baggage, and after such denial any such goods shall be discovered to be or to have been upon his person, or in his possession, or in his baggage, such goods shall be forfeited, and such person or passenger shall be liable to a penalty not exceeding £100.

112. (1) The baggage of all persons landing from any ship or boat shall be landed, at a place to be appointed by the governor in executive committee, and taken thence to the baggage warehouse where it may be searched by an officer of the customs either thoroughly or partially.

EXCEPTION.

(2) The kit of any soldier and the baggage of any officer may be landed at the adjutant-general's pier or engineer's pier without an officer of the customs being present, and need not be taken thence to the baggage warehouse: *Provided always*, That no officer's baggage shall be landed under this act unless such officer shall previously have signed a declaration according to a form to be settled by the governor in executive committee to the effect that such baggage contains no article liable to duty.

113. The duty payable on goods, the possession of which any person or passenger shall admit or deny, shall be paid to an officer of the customs, who is hereby required to receive and give a written receipt for the same and pay it into the treasury.

114. Baggage shall be removed from the baggage warehouse after it has been examined or after payment of duty on any articles liable to duty that it may contain; and baggage left at the baggage warehouse shall remain there at the risk of the owner; and if it shall not be removed within five days it shall be removed to the colonial warehouse, and if it shall remain there fourteen days, seven days' notice having been first given in the Official Gazette, it shall be sold; and the proceeds, after payment of all fees and expenses, paid into the treasury to abide the claim of the owner, to whom it may be paid on the order of the governor in executive committee on the treasurer.

## PART VIII.—BILGE WATER.

LANDING AND DISPOSING OF BILGE WATER.

115. In every case in which it shall be intended to land bilge water from any ship in Carlisle Bay, the person so intending shall previously take to the harbor master the duplicate inward entry passed by the treasurer therefor, as hereinafter provided for, and the harbor master shall thereupon write an instruction to the sergeant or other policeman in charge of the harbor police boat on duty in Carlisle Bay or the careenage, authorizing him to permit such landing, upon receiving from the person in charge of any boat or lighter conveying to the shore any bilge water, a declaration in print and writing, in the Form No. 13 in Schedule A to this act, from the master of any ship from which any bilge water shall be so sent, that it is the natural and regular leakage of the produce on board such ship, and that no improper or unfair means of any kind whatever have been used to increase the said normal leakage of such produce; and the sergeant or other policeman in charge of the harbor police boat, as aforesaid, shall take and keep the said declaration given in respect of each particular quantity of bilge water so in process of being landed, and shall certify, on the original certificate and authorization, that he has seen and checked the quantity of bilge water, and has examined and retained the master's declaration, and shall sign his name and the date of such signature, and deliver the certificate back to the person presenting it, and such document shall be retained by the person having charge of the landing of such bilge water as his lawful authority for such purpose.

*Disposing of bilge water in Barbados.*

116. The consignee of any ship desiring to land bilge water shall in the first instance, before resorting to any of the provisions of this act relating to bilge water, pass an entry inward with the treasurer, in triplicate and the Form No. 14 in Schedule A to this act, stating the name and all particulars of the ship, master, port of arrival and port of departure, the number and description of packages in which such bilge water is contained, the probable total number of gallons, and, when practicable, the density of such bilge water by Beaume's saccharometer, together with the name of the consignee, and the name of the boat or drogher or other ship by which such bilge water is to be brought on shore, and of the person in charge thereof and of the owner thereof, and shall at the time of passing such entry inward pay to the treasurer a sum of 5 shillings for every puncheon of bilge water to be brought on shore; and the treasurer, after numbering all such entries in numerical order, shall direct the duplicate of such inward entry to the harbor master, who, upon receipt thereof, shall then act in accordance with the provisions of the last preceding section restricting his authority to permit the landing of any such bilge water to the quantity particularly mentioned and described in such inward entry; and the treasurer shall transmit the triplicate of such inward entry as aforesaid to the proper officer of customs, who shall, upon the landing of the bilge water described in any such entry, examine the same so as to satisfy himself as to the correctness of the quantity stated in such entry, and he shall inscribe the date of such landing in short numbers, thus—1-1-89—signifying the 1st day of January, 1889, on each cask, and shall test the density of such bilge water by Beaume's saccharometer; and should such density be above 30° Beaume, he shall call upon such consignee making such inward entry to make a post entry, and to pay the sum of 2 pence additional at the treasury for every degree of density above 30°. And whenever any such bilge water shall, on being tested immediately on its being landed, be of a less density than 30°, the officer ascertaining the same shall fill up a printed form with all particulars thereof, in the Form No. 15 in Schedule B to this act, and shall deliver the same to the treasurer, who shall thereupon remit to the person who made the entry inward and paid 5 shillings for any puncheon of bilge water, so much of any sum paid as may appear to have been paid in excess, at the rate of 2 pence for every degree of density below 30° down to 13° by density of Beaume's saccharometer, inclusive; but no allowance or remission shall be granted for any degree of density below 13°, inclusive. Any person attempting to land any bilge water contrary to the provisions of this act shall, in addition to any other penalties or forfeitures imposed by this act, be subject to a penalty of £5 for every package of bilge water so landed. The treasurer shall keep an account of the sums of money received for bilge water, and shall furnish a quarterly statement thereof in the same manner as is or may be provided with respect to rum in any act relating to rum.

117. All officers of customs, officers of inland revenue, and policemen are specially enjoined and required to examine casks and packages landed from ships taking in cargoes of molasses, purporting to be empty, so as to discover whether any molasses, or saccharine liquid, or bilge water has been illicitly and unlawfully brought on shore in such casks, and in case of discovery of any such illicit transactions they shall seize such casks and their contents; and every person so offending shall, on conviction, be fined in a sum not exceeding £20 for every such offense.

118. It shall not be lawful to bring to the shore or to land any bilge water from any ship in any port or bay of this island except between the hours of 8 o'clock in the morning and 4 o'clock in the afternoon of working week days; and the harbor master, or any officer of the customs, any officer of the inland revenue, or any police magistrate, or policeman may demand from any person in charge of any bilge water which is being brought on shore, or being in process of landing, his authority for the legal possession thereof, and any person refusing to show such authority to any person authorized to require its production shall be subject to a penalty not exceeding £10. Any bilge water attempted to be landed contrary to any of the provisions of this act shall be seized by any of the persons authorized by this act to demand information respecting bilge water, and shall be sold according to the notice and forms used by the custom-house authorities when goods or ships are seized and sold.

119. Every person who shall contravene or infringe any of the provisions of this act relating to bilge water shall, except as particularly provided for in the last preceding section, on conviction thereof forfeit and pay a penal sum of not less than 10s. nor more than £50, at the discretion of the police magistrate before whom the case may be tried.

*Import tariff of Bermuda*—Continued.

Vessels, dredgers, boats, machinery, tools, plant, and materials imported into these islands by any contractor or other person for surveying or improving any of the ship chanels under any contract or agreement with the government of these islands.

One-fifth or 20 per cent of all import duties payable at one and the same time, by one and the same importer or consignee, on any goods arriving by one and the same vessel, or payable by any person on any goods taken out of any bonded warehouse at one and the same time, shall be paid in lawful gold coin, provided that such duties amount to £5 or any multiple of that sum; but such gold payments shall not be required except on amounts of £5 or multiples thereof.

Personal property sold by auction (property sold under process of any court or under the order of any judge as such, or belonging to estates of deceased persons, or farm products of this colony only excepted) is subject to a duty of 2½ per cent, less 2½ per cent on such duty to auctioneers for collecting and paying the same.

Persons exporting goods are entitled on certain conditions to the whole of the duty paid on the importation thereof when the duty on the said goods amounts to £2.

Drawbacks of duties are allowed for goods sold to and becoming the property of Her Majesty's Government.

SCHEDULES OF LIGHT TOLLS.

(*a*) On every vessel carrying Her Majesty's mails under any contract with the Imperial or colonial governments, 3 farthings per ton net register measurement (3.04 cents).

(*b*) On every vessel exclusively employed under any contract with Her Majesty's Government in laying, repairing, or maintaining any electric cable or on any service connected therewith, 3 farthings per ton net register measurement (3.04 cents).

(*c*) On every vessel calling at the islands for orders only or for coals and provisions for the ship's use only, and not taking on board or discharging any cargo, or landing or taking on board any passenger except when compelled to do so under any quarantine act, or the imperial merchant shipping act, or by reason of sickness on board, one half penny per ton net register measurement (1.01 cents).

(*d*) On every steamer calling at these islands periodically and not less often than once a month, or belonging to lines of steamers calling here periodically and not less often than once a month, to land or take on board passengers and freight, twopence per ton net register measurement (4.05 cents).

(*e*) On all other vessels not exempted by law, 3 pence per ton net register measurement (6.08 cents).

The light tolls on any one vessel shall not on any arrival in these islands exceed £25 ($121.76).

Transports and storeships actually and wholly employed both on the voyage inward and on the voyage outward, without interruption, in Her Majesty's service, are exempted from this duty.

Ships and vessels under commission from any foreign government, state, or power recognized by the Queen's Government.

Ships and vessels exclusively employed on voyages of scientific research.

Private pleasure yachts and vessels exclusively employed on voyages of pleasure, and not being in any way concerned in trade or passenger traffic, are exempt from this duty on certain conditions.

## 6. JAMAICA.

[Tariff Law, 1898.]

Be it enacted by the governor and legislative council of Jamaica as follows:

1. On and after the coming into operation of this law, there shall be raised, levied, collected, and paid unto Her Majesty, her heirs and successors, for the use of the government of this island, upon the several articles imported into this island and enumerated in the first and second schedules to this law, the several duties therein set forth in lieu of the duties now payable on the said articles respectively, or in lieu of exemption from duty, as the case may be.

2. The articles and things enumerated in the third schedule to this law shall, after the coming into operation of this law, be admitted into the island free of duty in lieu of the articles and things heretofore admitted free of duty under the provisions of law 11 of 1867, "A law for laying a duty on imports, exports, and the tonnage of vessels," and law 26 of 1890, law 1 of 1892, and law 34 of 1896, amending the same, which last-mentioned articles or things shall no longer be admitted free of duty.

3. The following shall be exempt from duty, viz:

Provisions and stores imported by the local government for the public service, and stores, tools, and materials for the Kingston general commissioners, the Spanish Town waterworks commissioners, or for any parochial board, on the certificate of the revenue commissioner.

4. Whenever any local merchant or trader shall have supplied any goods, wares, or merchandise to the local government for the public service, or to the Kingston general commissioners, the Spanish Town waterworks commissioners, or to any parochial board for any public or parochial service, the purchaser, on production of a certificate from the revenue commissioner, shall be entitled to a refund of the duty proved to have been paid on the first importation of such goods: *Provided*, They have been imported within the limit of time specified in section 6 of law 11 of 1867 and section 107 of law 18 of 1877, as the limit within which drawbacks may be claimed on goods exported.

5. After the passing of this law drawbacks of duty shall be allowed, under regulations approved by the governor in privy council, and subject to the provisions of the several acts or laws for the time being in force with reference to drawbacks, on the exportation of the following, namely:

Any materials or things which are not grown or produced in this island, and have been imported in and duly paid import duty in this island, and used in the construction, manufacture, or equipment of any vehicle, machine, or appliances, or for putting up and exporting any of the produce of this island in a manufactured or partly manufactured or preserved form, or in the course of making any tins, boxes, packages, or cases for such purpose.

No application for a drawback under this law shall be made or entertained when the original value of the materials or things used for the manufacture or equipment or the putting up of any such vehicle, machinery, appliance, or produce shall be less than £2.

6. This law shall come into operation as from and after the date of the governor's assent thereto, and shall continue in operation until the 30th day of April, 1899.

APPENDIX.

The following are also exempt from duty:

The packages or coverings in which any articles imported into the island are contained, being only the usual or proper packages or coverings, but not including the cans, tins, bottles, cases, boxes, or other receptacles or coverings immediately inclosing or containing any articles or substances liable to any duty or importation according to the value thereof, in which any such articles or substances are ordinarily or from the nature of such articles or substances necessarily put up, preserved, contained, packed, or kept until the same are required for consumption, together with the labels, coverings, or wrappers covering or attached to the same.

Provisions and stores imported for the use of Her Majesty's army and navy and consigned by bill of lading to the officer at the head of Her Majesty's commissariat, the military storekeeper, or the naval commanding officer of this island, on the production of the bills of lading and certificate of such officer that they have been solely imported for use of the army or navy aforesaid.

Provisions, wines, spirits, and malt liquors imported for the use of the naval staff and naval messes in this island, consigned by bills of lading to any naval officer or the president of a naval mess, on the production of the bills of lading and the certificate of the officer, such certificate being countersigned by the officer commanding the naval forces, that they have been solely imported for the use of such officer or naval mess, and on an undertaking that they shall not be sold in the island without special permission of the collector of customs, such permission to be given only on payment of the duty.

Provisions and stores imported by the local government for the public service on the certificate of the revenue commissioner.

All arms, ammunition appointments, and other public stores, and all uniform and musical instruments imported for the use of the militia [sec. 60, law 35, of 1879].

Articles of naval, military, and civil uniform for the personal use of the proprietor.

All goods imported by the governor for the use of his household or for himself as governor.

Articles imported for use in or for furnishing, decorating, or equipping the consulate of any foreign country, provided the country is named by proclamation as one to which law 13 of 1893 applies.

DRAWBACKS.

Goods, wares, and merchandise upon which ad valorem duty under this law or any previous law of this island shall have been paid, if duly exported within two years of their first importation, a drawback equal to the duty paid on first importation.

On the exportation of the following goods, on which the duty under this law or any previous law shall have been paid, without such goods having been bonded, if exported within twelve months of the first importation, a drawback equal to the duty so paid.

Flour, bread, or meal, not less than 10 barrels of each article.
Lard or butter, not less than 10 firkins of each article.
Candles, not less than 10 boxes.
Soap, not less than 20 boxes.
Ale, beer, or porter, not less than 5 hogsheads of each in bulk, nor less than 15 barrels of each if in bottles.
Beef, pork, or pickled fish, not less than 10 barrels of each.
Rice, not less than 5 tierces or 25 bags.
Dried fish, not less than 1,000 pounds' weight.
Tongues, not less than 10 barrels.
Lumber, not less than 5,000 feet.
Shingles, not less than 5,000.

On the exportation of bread or biscuit, manufactured in this island, the duty paid on the flour consumed in making the same, but not to exceed the duty imposed on bread or biscuit imported.

On the exportation of preserved fruits or ginger in quantities of not less than 20 pounds in weight—for every pound of preserved fruit, 1 penny, and for every pound

Digitized by Google

of preserved ginger, 3 pence, on the person exporting the same producing a certificate from the manufacturer thereof duly declared to before a justice of the peace, or a chief officer of customs, setting forth that the said preserved ginger or fruit has been manufactured solely with sugar imported into this island and on which duty has been paid.

Drawback is allowed on shipbuilding materials or accessories of any kind for shipbuilding (not being rope or cordage, or wire rope of any kind) which shall have been imported into the island and used in the construction, equipment, or repairs of vessels or boats of any kind, on presentation to the chief customs of the port of importation of a certificate to the effect that such materials and accessories have been used as aforesaid under the hand of the builder or repairer of such vessel or boat who used the same, together with a declaration from such builder or repairer that he believes such shipbuilding materials and accessories to have been imported into the island.

Drawback of excise duty, after the rate of 6s. upon every imperial gallon of the strength of proof as ascertained by Sykes's hydrometer, is allowed to the exporter when duty-paid rum is exported, provided twenty-four hours' notice of intention to ship be given to the local collector of taxes to enable him to make the necessary arrangements for testing the strength of the spirit and for its shipment under customs supervision. See section 45 of law 10 of 1878, as amended by law 12 of 1894, and regulations published in Gazette of 8th October, 1885.

Drawback of excise duty paid on rum used in the manufacture of cordial is also allowed at the rate of 1s. 7½d. for each gallon cordial exported, on its being proved to the officer of customs at the port of shipment that the cordial is of island manufacture and that such cordial contains not less than 20 per cent of rum distilled in the island. See section 46 of law 10 of 1878, as amended by law 12 of 1894.

## 7. ST. CHRISTOPHER-NEVIS.

As directed in the Department's circular under date of the 29th ultimo, I have the honor to forward herewith the ordinances providing for the collection of import and export duties, together with the tariff, at the presidency of St. Christopher-Nevis, all customs regulations being therein included. Instead of a bounty of any kind being paid, export duties are collected on certain products, as will be seen by the accompanying export tariff.

The following goods shall be admitted free of duty into this presidency, that is to say, all samples not of salable value, of manufactured and other goods, and all articles intended for exhibition only, and not for sale, which the treasurer in his discretion and subject to any rules made as hereinafter mentioned shall allow to be imported into this presidency free of duty.

It shall be lawful for the governor or administrator-in-council to make rules for the guidance of the treasurer in the exercise of the powers given to him by this section.

Any person who shall sell or dispose of for value any sample or article admitted free of duty under this section without first paying the duty thereon shall be liable on summary conviction to a penalty not exceeding £100.

EXPORT TARIFF OF ST. CHRISTOPHER-NEVIS.

On every hogshead of sugar not exceeding 42 inches truss, the sum of 4 shillings and 8 pence ($1.13).

On every 100 gallons of rum, the sum of 3 shillings and 6 pence (85 cents).

On every tierce of sugar not exceeding 30 inches truss, the sum of 3 shillings and 2 pence (77 cents).

On every barrel of sugar, the sum of 6 pence and a half penny (13.1 cents).

On every ton of sugar otherwise packed, the sum of 4 shillings and 8 pence ($1.13), and at these rates for any greater or less quantity of such sugar and rum, respectively: *Provided*, That the duties imposed by this section shall not be payable by the statistical tax ordinances 1892 and 1894 on any sugar or rum in respect of which the tax made payable by section 1 of this ordinance have been paid.

Within fourteen days after the commencement of this ordinance, every manufacturer within the meaning of the statistical tax ordinance 1892 shall make a return to the treasurer in which he shall declare upon oath, which oath the treasurer is hereby authorized to administer, the quantity of the sugar and rum mentioned in his return made up to the 31st day of March last, under the statistical tax ordinance, which has been exported at the date of the return, the quantity which has been sold for consumption in the presidency, and the quantity which he claims to export free of duty under section 1 of this ordinance.

All duties payable under section 1 of this ordinance shall be paid before or at the time of exportation.

If any person shall refuse or neglect to pay the duties imposed by this ordinance, such person shall be liable to a penalty not exceeding £5 in addition to the amount of such export duty, and such duty shall be recoverable upon complaint made by the treasurer or some person duly authorized on his behalf before any district magistrate.

REPEAL OF STATISTICAL TAX ORDINANCE.

The statistical tax ordinance 1892 and the statistical tax ordinance 1894 are hereby repealed: *Provided*, That such repeal shall not affect any liability incurred or any prosecution pending, or the enforcing of any fine, penalty, forfeiture, or imprisonment incurred or imposed by on any person prior to the commencement of this ordinance.

4. Upon the exportation of bread, cheese, tea, flour, rice, malt liquors, wine in casks, vermuth in bottles, and sparkling wine if allowed by the collector, spirits in bottles, refined sugar, meal or other flour not wheaten; corn, including oats; butter, ghee, or any preparation of fat other than lard or oleomargarine; lard, matches, oil of all kinds except petroleum, cocoanut or creosote; soap, oleomargarine and cement, exported in the same packages unbroken in which the same were originally imported; and upon bricks, tiles, slates, flagstones, timber, sawn or hewn, in not less quantity than 2,000 feet; shooks in not less quantity than 40 bundles; shingles, staves, or wood hoops in not less quantity than 2,000; oxen, bulls, and cows if allowed by the collector, there shall be allowed a drawback equal to the full amount of the duties paid upon the importation thereof, provided such goods be exported in the presence of an officer of customs.

Upon the exportation of gunpowder in the same packages unbroken in which the same was originally imported, there shall be allowed a drawback equal to the amount of duties paid upon the importation thereof, less 1 penny per pound, and upon the exportation of petroleum oil in the same packages unbroken in which the same was originally imported there shall be allowed a drawback equal to the amount of duties paid thereon, less 1 penny per gallon, provided such gunpowder or petroleum oil be exported in the presence of an officer of customs.

5. (Repayment of duties.)

6. No drawback shall be allowed for any goods where the amount of such drawback is less than the sum of 10 shillings.

7. Goods not prohibited to be imported into the colony composed of any article liable to duty as a part or ingredient thereof shall be chargeable with the full duty payable on such article, or if composed of more than one article liable to duty, then with the full duty payable on the article charged with the highest rate of duty.

8. In any case where by reason of the presence of coloring, sweetening, or other matter the correct strength of any spirit can not be immediately ascertained by Sykes's hydrometer, a sample of such spirit may be distilled or treated by such other process as the collector of customs may direct, so that the true strength of the spirit may be ascertained by the said hydrometer.

9. All goods on reimportation into the colony, whether they shall have paid duty on their first importation or not, shall be liable to the same duties, rules, regulations, and restrictions as if then imported for the first time: *Provided always*, That the collector of customs may admit without payment of duty goods chargeable with duty according to the value thereof, on its being proved to his satisfaction that duty was paid thereon on a previous importation into the colony.

10. (Moneys and weights and measures.)

11. (Ordinance repealed. See Schedule.)

12. (Bond where defendant requires proceedings against him to be brought in supreme court.)

Passed in council this 6th day of May, in the year of our Lord one thousand eight hundred and ninety-five. [No change reported up to July 1, 1898.]

## 9. TURKS AND CAICOS ISLANDS.

In all cases where the duties imposed upon any goods imported into this dependency are charged according to the value of such goods, such value shall be taken to be the first cost of the goods at their place of shipment without the addition of any shipping or other charges thereon; and it shall be the duty of the chief or other revenue officer taking the inward entry to require the party making the entry to produce the original invoice showing the cost of the articles at the place at which they were purchased: *Provided always*, That if it shall appear to such revenue officer

that such articles have been invoiced below the real and true value thereof at the place from whence the same were imported, or if the invoice price be not known or can not be ascertained, the value of the same in these islands shall be determined by two competent persons, to be appointed for that purpose by the commissioner, and the duties shall be paid thereon.

That whenever any articles subject on regular importation to an ad valorem duty shall be brought into this dependency otherwise than by regular importation or whenever any wrecked or damaged goods, wares, or merchandise subject to an ad valorem duty shall be imported into these islands (such damage not having occurred on the voyage from the last port of entry) and when the requisite information for perfect entry of the same as to the cost or value in the country of production or place at which they were originally shipped can not be ascertained or obtained, the value of such articles shall be taken to be the value at the port of entry, to be determined as provided in the preceding section, or the price which they shall realize at auction when so sold and delivered for consumption therein.

## PROMULGATING ORDER.

WAR DEPARTMENT, *Washington, December 17, 1898.*

The following order of the President is published for the information and guidance of all concerned:

EXECUTIVE MANSION, *December 13, 1898.*

By virtue of the authority vested in me as Commander in Chief of the Army and Navy of the United States of America, I do hereby order and direct that the following tariff of duties and taxes shall be levied and collected and the regulations for the administration thereof shall take effect and be in force in all ports and places in the island of Cuba and all islands in the West Indies west of the seventy-fourth degree, west longitude, evacuated by Spain, on and after January 1, 1899.

All questions arising in the administration of customs shall be referred to the collector at the port of Havana for decision, and there shall be no appeal from such decision except in cases where the collector may find it expedient to ask for special instructions of the War Department on the points involved.

Necessary and authorized expenses for the administration of said tariff and regulations shall be paid from the collections thereunder.

Accurate accounts of collections and expenditures shall be kept and rendered to the Secretary of War.

WILLIAM MCKINLEY.

The above order and the following tariff of duties and taxes prescribed thereunder will be proclaimed and enforced, as therein provided, and all regulations and orders heretofore issued inconsistent herewith are hereby repealed.

G. D. MEIKLEJOHN,
*Acting Secretary of War.*

COASTING TRADE OF CUBA.

To facilitate the occupation and control of Cuba by the military forces of the United States and the restoration of order, the laws now in force restricting the coasting trade of the island to Spanish vessels are hereby modified as follows:

(*a*) Vessels of the United States may engage in the coasting trade of the island of Cuba.

(*b*) The officer of the Army of the United States in command at any port of Cuba in possession of the United States is empowered to issue a permit to a resident of Cuba who owns a vessel, which shall entitle such vessel to engage in the coasting trade of the island; *Provided*, That the owner and master of such vessel shall, upon oath before such officer, entirely renounce and abjure all allegiance and fidelity to the King of Spain, or to any other foreign prince, state, or sovereignty whatever. *And provided further*, That any resident in Cuba of any nationality, and also any citizen of the United States, may serve as master on such vessel without renouncing and abjuring his allegiance or nationality. Such person, however, shall be required to make and sign an oath in Spanish or English, at his option, as follows:

I, ——— ———, master of the vessel ———, measuring —— tons, swear that during my service as master the permit granted to said vessel to engage in the coasting trade of the island of Cuba shall not be used for any other vessel, or in any trade or business whereby the revenue of the island shall be defrauded, and that I will obey the laws and regulations prescribed by the properly constituted authorities of said island.

Such permits shall first be approved by the general in command of the forces of the United States in Cuba.

Vessels entitled under this paragraph to engage in the coasting trade of Cuba shall carry a distinctive signal, which shall be a blue flag, and the union of the flag shall be a white field.

The form and manner of the issue of permits provided for in this paragraph shall be prescribed by the Secretary of War.

ENTRY OF MERCHANDISE.

9. All imported merchandise must be entered at the custom-house of the port of arrival, either for immediate consumption or in bond, by the person holding a bill of lading which names him as the consignee or a bill of lading indorsed to his order by the consignee named therein. A banker holding a bill of lading as security for advances of money may transfer the same, by indorsement, to the actual importer. Underwriters will be recognized as consignees of merchandise abandoned to them and salvors as consignees of merchandise found by them derelict at sea.

A consignee holding a bill of lading drawn to his order or assigns may transfer the same to any person who can lawfully make the required declarations on entry, and the holder of a bill of lading drawn in blank, "to order," and indorsed by the shipper or consignor, may make entry of the merchandise specified therein.

Whenever, from evidence furnished by the invoice or bill of lading, or, as in the case of custom-house brokers and forwarders, by the known business of the parties making entry, the collector has reason to believe that the consignees named in the bill of lading are, in fact, intermediary agents for the delivery of the merchandise to the ultimate consignees or real owners, there shall be required upon the entry a statement of the names of such ultimate consignees, and bonds must be taken for the production of the declaration of the owner or real importer. And collectors will,

*Regulations and guidance of officers, etc.*—Continued.

whenever they consider it expedient, require such ultimate consignees or owners to produce any invoices or bills of sale pertaining to the importation which they may have in their possession.

10. Merchandise of which entry is not perfected at the expiration of the period allowed by these regulations for the discharge of cargo of the importing vessel will be taken possession of by the collector as unclaimed and placed in store, to be disposed of as hereinafter provided.

Unless otherwise specially provided by regulation, duties accrue upon imported merchandise on arrival of the importing vessel within a customs port with intent to unlade.

11. Entries for bonding may be made either for placing the merchandise in warehouse or for its constructive warehousing and immediate transportation to other ports without appraisement; and merchandise in warehouse may be withdrawn either for consumption, for exportation, for transportation to another port, and rewarehousing. Two of these objects may in some cases be combined in one withdrawal. Whenever goods are so transported in bond without appraisement, they must be consigned to the care of the collector or acting collector at the port of destination, who will allow entry to be made at his port by the actual consignee.

12. Entries shall be in duplicate in writing, according to prescribed form, and shall be signed by the importer or his duly authorized agent, and shall declare the names of the importing vessel and her master, her port of departure and date of arrival, the number and marks of packages, or the quantity, if in bulk, and the nature of the merchandise contained therein; also the value thereof as set forth in an invoice to be presented with the entry, with all costs incident to placing the same, packed, ready for shipment to Cuba.

13. Every invoice must represent a distinct shipment to one consignee or firm of consignees by one vessel. If by reason of accident or short shipment a portion thereof should fail to arrive, an extract from the original invoice, certified by the collector, may be used for entering the remaining packages, but the consolidation of separate shipments on one invoice shall not be permitted. Invoices must be made out on firm and durable paper and legibly written in ink, and must contain the quantities of the merchandise in the weights and measures of the country of exportation. Press copies shall not be accepted for customs purposes.

14. The description on the entry of the merchandise shall be in terms of the tariff and in the currency of the invoice, and the values of the several classes of merchandise shall be separately placed under their respective rates of duty, as claimed by the importer, and the totals of each class duly shown. The rates of duty thus stated on the entry shall be advisory only, and shall not govern the collector's classification for the assessment of duty.

*Form of entry for immediate consumption.*

Entry of merchandise imported by ——— ———, in the ———, ——— ———, master, from ———, on the —— day of ———, 18—:

| Marks. | Numbers. | Packages and contents. (For specifications see accompanying invoice.) | Quantity. | Dutiable value. | | | |
|---|---|---|---|---|---|---|---|
| | | | | Dutiable at — per cent. | Dutiable at — per cent. | Dutiable at — per cent. | Total. |
| | | | | | | | |

Entered at port of ———, —— day of ———, 18—.

[Importer's signature.]

15. For the assessment of duty, the currency of the invoice must be reduced to the money of account of the United States upon the basis of the values of foreign coins, as proclaimed by the Secretary of the Treasury on the first days of January,

Digitized by Google

*Regulations and guidance of officers, etc.*—Continued.

April, July, and October of each year. The date of the invoice will indicate the value of the currency.

Where an invoice is made out in Spanish silver pesetas, and accompanied by a consular certificate showing the equivalent value thereof in Spanish gold pesetas, then the duty thereon may be assessed on the basis of the Spanish gold peseta.

When the standard value of a foreign coin has not been thus proclaimed, any invoice expressed in such coin must be accompanied by a consular certificate showing its value in standard gold dollars of the United States.

16. Every invoice, as soon as entered, shall be stamped with the date of the entry and certified by the signature of the collector; and the officers whose duty it is will compare the classification made by the importer with the description given in the invoice, and will see that the merchandise is entered at the rates provided by the tariff. Entries and all papers pertaining thereto, respectively, will be designated by a serial number.

The rates of duty charged upon entry and the entered value shall be indorsed on the invoice, which shall be stamped with the date of entry and name of the vessel of importation.

17. The consignee named in the bill of lading, or the person to whom such consignee shall, by indorsement, have assigned the bill of lading, shall present to the collector or other officer of the customs duly designated for that purpose by the military authority, his bill of lading, an invoice describing the goods, showing their character, quantity, and cost, together with an entry in duplicate showing the name of the importer and of the vessel of importation, the place whence the goods were imported, the date of their arrival at the port of destination, the marks and numbers of the packages, the nature and quantity of their contents, their value, including costs incurred in packing them for shipment, and the currency in which the invoices were made out. The invoice must be made out in the currency of the country of exportation, and must be verified by the oath of the shipper; and where no consul, commercial agent, or notary is resident at the port of exportation the verification of the invoice herein required must be made by two resident merchants of good reputation. The entry shall be signed by the importer, who must make affidavit to the truth of all the statements contained therein, and shall agree in value and description with the facts shown by the invoice.

18. After the packages and contents have been duly compared with the invoice and found to agree therewith, the duty due thereon will be computed on the face of the entry; and only after the payment of the proper duties and charges, an order for the delivery of the packages and contents will be issued by the proper officer.

19. Any objections to the assessment of duty must be filed by the importer before the payment by him of the same; and no refund of duty will be made thereafter, except when specially ordered by the general in command.

20. The collector of the port shall cause to be examined not less than 10 per cent of the packages comprised in any one invoice, and shall satisfy himself of the nature and quantity of the contents. The examining officer shall indorse upon the invoice, in red ink, his report as to the dutiable character and value of the merchandise; and this report shall be the basis for the exaction of duty by the collector.

21. Goods found to be fraudulently entered, either as to value, quantity, or character, shall be forfeited to the Government, and any goods which have been the subject of an attempt to import into Cuba without going through the custom-house shall be seized and confiscated.

22. Entries of merchandise covered by any one invoice may be made simultaneously for both consumption and warehouse. Where an intent to export the merchandise is shown by the bill of lading and invoice, the whole or a part of an invoice not less than one package may be entered for "warehouse and immediate export." In this case the collector may designate the vessel in which the merchandise is laden as constructively a "warehouse," in order to facilitate the direct transfer of the goods to the exporting vessel. The same procedure may apply to goods entered for "warehouse and immediate transportation."

23. Any goods, wares, or merchandise not duly entered within ninety days after importation shall be sold at auction by order of the officer in command of the United States forces, after five days' public notice, conspicuously posted at the port: *Provided*, That the period of ninety days may be extended by said officer not exceeding a period of six months from the date of importation, when good and sufficient reasons therefor are presented to him, if in his judgment the interests of the Government will permit of such extension. The proceeds of such sale will be kept for ten days, subject to the demand of the importer, after deduction of the proper duties on the goods and all expenses of storage and sale.

24. All seized and confiscated merchandise shall be sold in like manner, and the proceeds, after deduction of expenses, shall be turned over to the collector or other officer of the customs duly designated for that purpose.

Digitized by Google

*Regulations and guidance of officers, etc.*—Continued.

25. The collector or officer designated for that purpose shall receive all customs duties, fees, and charges, and shall without delay pay the same over to such officer as shall be designated by the commanding general. Records shall be kept and accounts rendered of all money transactions, and receipts in duplicate shall be taken by the officer paying over such moneys, one copy to be retained by him as his official voucher and the other transmitted by mail with his accounts to the War Department, Washington, D. C., through the collector of customs for the island.

26. Such public buildings as may be suitable for the purpose shall be used and occupied for the transaction of business and for the storage of imports in the ports aforesaid.

27. All supplies and materials for the use of the Army and Navy of the United States shall, under suitable restrictions to be prescribed by the commanding general, be admitted without payment of duty.

28. Any goods, wares, or merchandise in bond or under general order which shall be withdrawn therefrom shall be subject to the rates of duty in force at the time of such withdrawal.

---

## SPECIAL RULES FOR THE WAREHOUSING OF IMPORTED GOODS AND FOR THEIR TRANSPORTATION IN BOND.

29. Warehouses duly authorized for the storage of imported dutiable goods shall be known and designated as of classes one, two, and three.

Where there is available space in the premises used as custom-houses such space may be set apart for the storage of imported goods in bond, and the premises are to be known as warehouses of class one.

Other premises used for the general storage of imported goods are to be known and designated as warehouses of class two.

Yards used for the storage of heavy or bulky articles are to be known and designated as warehouses of class three.

### WAREHOUSES OF CLASS ONE.

30. At ports where there are Government stores preference shall be given to them for the storage of seized goods, and also of unclaimed goods if there is sufficient space for their accommodation. Unclaimed and seized goods may also be deposited, by order of the collector, in warehouses of class two. Where there are no class two warehouses the collector may procure suitable premises for the temporary storage of unclaimed or seized goods; but in all cases the rent and other attendant expenses must be charged against the goods.

### WAREHOUSES OF CLASS TWO.

31. Where it is not practicable to bond the entire building the first or ground floor of the premises may be bonded as a warehouse of class two, provided all interior means of communication between such first or ground floor and the remainder of the premises are removed, and there are no other means of entrance or exit to the bonded portion except those upon a street or other public thoroughfare. The general storage of imported merchandise may be allowed in warehouses of class two, upon the order of the collector of customs.

The rates of storage and compensation for labor in the handling of bonded goods will be as agreed upon between the owner or importer of the goods and the proprietor of the warehouse, who will receive the amount due for storage and labor, the collector looking to the safe custody of the goods only for the security of the revenue. The proprietor of the warehouse will not be allowed to make charges for storage, labor, or other expenses in excess of the regular rates prevailing at the port; and in instances where disputes arise with reference to such charges the collector of customs shall determine the question whether or not the charges are excessive. No goods shall be delivered from bonded warehouses without payment of the proper charges thereon. A storekeeper shall be appointed to have immediate charge of the receipt and delivery of goods at any warehouse.

The bonded warehouses must, in addition to the locks of the proprietors, have placed thereon customs locks, the keys of which are to remain in the custody of the storekeeper assigned to the premises by the collector or acting collector.

Proprietors of bonded warehouses will be required to pay monthly to the collector of customs a sum equal to the salary of the officers assigned to the premises as storekeepers, and to provide at all times suitable accommodations for such storekeepers in the warehouses.

The windows of the bonded warehouses, unless protected by iron bars, must be provided with substantial shutters capable of being securely closed on the inside of the premises.

Digitized by Google

*Regulations and guidance of officers, etc.*—Continued.

WAREHOUSES OF CLASS THREE.

32. Warehouses of class three are to be used exclusively for the storage of wood, coal, mahogany, lumber, railroad, pig, and bar iron, and other heavy or bulky articles. Yards inclosed by substantial fences not less than 10 feet in height, with gates opening into a street or public thoroughfare, may be bonded as warehouses of this class.

Unclaimed and seized merchandise of a heavy and bulky character may be stored in warehouses of this class under the same regulations and conditions as are provided for the deposit of unclaimed or seized goods in warehouses of class two.

APPLICATIONS FOR ESTABLISHMENT OF BONDED WAREHOUSES.

33. Applications for the establishment of bonded warehouses of either of the classes hereinbefore mentioned must be made in writing to the collector of customs, describing the premises, the location and capacity of the same, and the purpose for which the building is to be used.

Upon receipt of such application the collector will cause an examination of the premises to be made, with reference particularly to its location, construction, and means provided for the safe-keeping of merchandise. If such examination is satisfactory the person or persons making the same should be notified by the collector to enter into bond, in duplicate, in such penalty as may be deemed sufficient to protect the interests of the revenue. Not less than two individuals should be accepted as sureties, and they should each be required to file with the bond, in addition to their oaths as sureties, a statement showing real estate or other property owned by them, the value of which shall be at least equal to the amount specified in their oaths as sureties. Duly incorporated guaranty or security companies may be accepted as sureties whenever the collector shall be satisfied as to their sufficiency.

The bonds should be executed before the collector, and, if approved by him, one copy of each bond should be retained by him on file, and he will notify the owner or occupant of the premises of the establishment of the warehouse. The other copy of the bond should be transmitted to the Auditor for the War Department.

FORM OF BOND TO BE GIVEN ON THE ESTABLISHMENT OF WAREHOUSES.

The bonds for warehouses of all classes will be in the following form:

Know all men by these presents, that we, ——— ——— and ——— ———, as principals, and ——— ——— and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars, for the payment of which, well and truly to be made to the United States, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, by these presents; as witness our hands and seals this —— day of ———, 18——.

——— ———.
——— ———.

CONDITION OF BOND FOR WAREHOUSE OF CLASS TWO OR THREE.

The condition of this obligation is such that, if the above-bounden principals shall comply in all respects with the requirements and the regulations of the War Department in connection with the warehousing of imported goods, and shall exonerate and hold the United States and its officers harmless from or on account of any risk, loss, or expense of any kind or description connected with or arising from the deposit or keeping of imported merchandise, under the regulations aforesaid, in the warehouse or premises known as ———, and shall also pay to the collector, monthly, the salary of the officer or officers in charge; and if the proprietor or occupant of said warehouse shall receive for storage therein such unclaimed and seized goods as the collector of customs may order to be deposited therein, and shall safely keep and deliver to the claimant, on the order of the collector, all seized goods stored as aforesaid and all unclaimed goods stored as aforesaid, on payment of storage and charges, and shall promptly report to the collector any and all damaged or perishable articles that may be found or stored in said warehouse, and shall not receive any gunpowder or other dangerous or explosive substance, except firecrackers, into said warehouse, and shall keep in repair said warehouse, and shall not remove, nor suffer to be removed, any goods, wares, or merchandise from said warehouse without lawful permit, and without the presence of the customs officer in charge, then this obligation to be void; otherwise, to remain in full force and virtue.

GENERAL PROVISIONS.

34. The collector of customs should promptly notify the Auditor for the War Department of the death, pecuniary embarrassment, or insolvency of any of the parties to a bond, or warehouse, or of any circumstances which make it advisable to require new bonds.

New bonds must in all cases be given when a warehouse passes into the hands of new principals, or where changes take place in partnerships.

Alterations in bonded warehouses can be made only by permission of the collector, and if such alterations constitute a material change in the premises new bonds should be required.

It is the duty of the collector to notify the Auditor for the War Department of all changes in the surroundings of bonded premises likely to affect their security. If burned or otherwise destroyed, immediate notice, with full particulars, should be given, and if rebuilt the premises can not be used as a bonded warehouse until bonded anew.

35. Proprietors or occupants of bonded warehouses will be required, on ten days' notice from the collector, to renew their bonds, and if they fail so to do no merchandise should be sent to their warehouse, and that stored in the premises should be removed at the expense of the proprietors or occupants.

36. Warehouses may be discontinued by the collector at any time upon receipt of written request to that effect from the proprietors or occupants of the premises, provided all the requirements of these regulations have been complied with on the part of the principals. In instances where dutiable merchandise is stored in the premises the same must be removed at the risk and expense of the proprietors, and the premises should not be surrendered, nor discontinuance authorized, until after a careful examination of the accounts of the warehouse and a comparison thereof with the books of the custom-house.

36*a*. The period which shall be allowed for the storage of bonded goods shall be one year from date of importation, but this period may be extended by the commanding general to two years when satisfactory reasons are shown for such extension.

WAREHOUSING GOODS.

37. The entry of goods for warehousing shall be in duplicate, in the following form, and verified by oath or affirmation, as in the entry of merchandise for consumption:

WAREHOUSE ENTRY.

CUSTOM-HOUSE, ———,

|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | | | | | |

[To be signed by importer.]

The dutiable value of each package must be stated on this entry when the invoice will permit this being done.

Any portion of an invoice, not less than an entire package, or, if the merchandise be in bulk, not less than 1 ton in weight, may be entered for warehousing, and the remainder for consumption, or for warehouse and transportation in bond. In such instances, however, the entries must be made simultaneously, and the oaths or affirmations altered to correspond.

All package goods, including distilled spirits in casks, must be sent to and received in the warehouse by the shipping marks and numbers, and if imported without numbers they are required to be numbered consecutively from 1 upward. Such goods should be gauged, weighed, and in all respects dealt with by such num-

bers. The collector should also, at the expense of the owner of the goods, cause each package when received in warehouse to be marked with the year and month when received, the name of the vessel in which it was imported, and of the place whence shipped, such marking to be done under the supervision of the storekeeper, and the necessary labor to be furnished by the proprietor of the warehouse as a charge on the goods.

The shipping marks, numbers, and identification as above must be entered on books to be kept and on reports to be made by the officer in charge in his daily returns to the collector's office. They will then be entered in the general warehouse books at the custom-house, and the numbers therein given will be the designating numbers on all permits for withdrawal.

38. The entry for warehousing having been examined by the collector, and the duty estimated thereon, the collector will take a bond from the importer, with satisfactory security, in double the amount of such estimated duties, in the following form:

WAREHOUSING BOND.

Know all men by these presents, that we, ——— ———, as principals, and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars, to be paid to the United States, for the payment whereof we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, firmly by these presents.

Witness our hands and seals at the port of ——— this —— day of ———, eighteen hundred and ——.

Whereas certain goods, wares, and merchandise, consisting of ——— (here insert marks, number, description of packages, quantity of contents), were originally imported at the port of ——— in the ———, whereof ——— ——— (is or was) master, from ———, on the —— day of ———, eighteen hundred and ——; and whereas the above-bounden principals have this day entered the same at the port of ———, under the regulations providing for the warehousing of merchandise in bond, as per warehouse (or rewarehouse) entry number ——, in which the said goods, wares, and merchandise are also described or set forth.

Now, therefore, the condition of the above obligation is such that if, within one year from the said date of original importation, the said goods, wares, and merchandise shall be regularly and lawfully withdrawn from public store or bonded warehouse on payment of the legal duties and charges to which they shall then be subject; or if, at any time within one year from the said date of original importation, they shall be so withdrawn for actual export beyond the limits of Cuba, then the above obligation is void; otherwise, to remain in full force.

39. No partial withdrawal of merchandise from bonded warehouse will be allowed in less quantities than an entire package, or, if in bulk, of less than 1 ton.

Original importers are not by any subsequent transfers relieved, either personally or upon the warehousing bond, from their liability for duties. Both principal and sureties continue liable until the duties are paid or the merchandise exported.

The importer of record may transfer to any other person the right to any merchandise under bond, which shall be done in writing upon the face of the withdrawal.

Delivery of above goods may be made to ——— ———.

(Signed) ——— ———,
*Importer.*

40. The bond having been executed, the collector will issue a permit to send the goods to the warehouse named in the entry, with the exception of such as may be designated for examination. This permit will be addressed to the inspector or other customs officer who supervises the unlading of the merchandise from the importing vessel, and will be in the following form:

PERMIT TO SEND GOODS TO WAREHOUSE.

CUSTOM-HOUSE, ———,
*Collector's Office,* ———, *18*——.

*To the inspector at* ———:

You are directed to send to the bonded warehouse, No. —— ——— street (here describe the merchandise), imported on the —— of ——— by ——— ———, in the ———, ——— ——— master, from ———.

41. When goods are sent from an importing vessel or car to a warehouse, or from one vessel or conveyance to another, or from warehouse to vessel or car, as well as all unclaimed merchandise, and all packages ordered for examination, they must be delivered to cartmen or draymen or lightermen appointed by the collector, and after such cartmen, draymen, or lightermen have given bond in a sum not less than $5,000, with two sureties, conditioned for the faithful performance of their duty as draymen, cartmen, or lightermen.

The following is the form of bond prescribed for bonded draymen, cartmen, or lightermen, viz:

Know all men by these presents, that we, ——— ———, are held and firmly bound unto the United States of America in the sum of five thousand dollars, for which payment well and truly to be made, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, firmly by these presents:

Sealed with our seals this —— day of ———, eighteen hundred and ——.

Whereas the said ——— ——— has made application to be appointed one of the custom-house ———, within and for the port of ———: Now, the condition of this obligation is such that if the said ——— ——— shall well and truly perform the several duties of a custom-house ———, according to the rules and regulations prescribed by the collector relative to lighterage, cartage, and drayage of goods in bond, et cetera, at the port of ———, and shall make good all loss or damage which may happen in the ——— by said ——— ——— of any goods, wares, or merchandise from vessels to bonded warehouses, or to public store, or from one warehouse to another, or to any other place, when directed by a proper officer of the customs, then this obligation to be void; otherwise, to be in full force and virtue.

42. Any person, firm, or corporation owning one or more lighters, barges, scows, propellers, drays, or carts, may, upon producing evidence of good character to the collector, be appointed by him; and in instances where a general bond is advisable, such bond may be executed covering all of the wagons, lighters, drays, carts, etc., owned or managed by the person or persons giving the bond, which should be in an amount to be designated by the collector.

43. All merchandise not entered within forty-eight hours after arrival should be taken possession of by the collector and sent to a warehouse of class three as unclaimed goods.

44. On arrival of goods destined for another port, an entry for warehousing and transportation in bond must be combined, and should be in the following form:

45. This entry should be in triplicate, and one of the copies should be forwarded immediately by mail to the chief customs officer at the place of destination of the merchandise. With the entry should be filed a bond in an amount equal to double the duties chargeable on the goods. The bond should be in the following form:

TRANSPORTATION BOND.

Know all men by these presents, that we, ——— ——— and ——— ———, as principals, and ——— ——— and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars, for the payment whereof to the United States we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, firmly by these presents.

Witness our hands and seals, at the port of ———, this —— day of ———, eighteen hundred and ——.

Whereas the merchandise described in the entry herinafter referred to was heretofore imported into the United States at the port of ———; and whereas permission is desired, under the regulations in such cases made and provided, to transport the said merchandise to the port of ———, without the previous payment of duties thereon; and whereas an entry thereof for (withdrawal from warehouse and) or (warehouse and immediate) transportation in bond hath this day accordingly been filed with the collector of customs at the port of ———, in which the said merchandise is described as follows: (Here describe in accordance with entry), which said entry is numbered ——.

Now, therefore, the condition of this obligation is such that if the above bounden principals shall, within ——— days from the date hereof, transport, or cause to be transported, in ——— (here name vessel, railroad car, character, etc., and the route, as designated on the entry), and shall within the time herein specified, deliver the same to the collector at the said port of destination, and if due entry thereof shall be made for rewarehousing, and if said principals shall also, within the time herein specified, produce to and deposit with the collector at the said port of withdrawal the certificate of the collector of the said port of destination that the said merchandise has been delivered to him, and rewarehoused, and the duties thereon paid or secured, or failing to do so, shall pay to the proper collecting officer of the United States at the said port of withdrawal the amount of duties to be ascertained as due and owing on the merchandise aforesaid, and an additional duty of one hundred per cent, pursuant to the statute in such case made and provided, then this obligation to be void; otherwise it shall remain in full force.

46. The arrival of the goods at destination shall be reported by the common carrier to the collector, who will require the owner of the merchandise, or his duly accredited representative, to make entry thereof, either for consumption or for warehouse; and the chief customs officer, in his treatment of the goods, will be governed by the instructions hereinbefore given for the guidance of officers at port of original importation.

TRANSPORTATION IN BOND.

47. Common carriers, such as railroad or other transportation companies, in order to convey dutiable merchandise in bond from the port of importation to other ports, must give security in the nature of a general transportation bond in such penalty as may be directed by the collector, with at least two good and sufficient sureties, to be approved by him, conditioned that the principals shall transport and deliver to the collector of customs at the port to which the merchandise may be consigned all goods in bond delivered to such carrier, such transportation and delivery to be made without delay. Application to bond routes for the purpose indicated should be made to the collector of customs. If the application to bond is approved, the common carrier should be required to enter into bond in a penalty not less than $20,000, and in the following form:

the sum of twenty thousand dollars, for the payment of which well and truly to be made we bind ourselves, our heirs, our successors, executors, and administrators, jointly and severally, firmly by these presents.

Witness our hands and seals this —— day of ——, eighteen hundred and ——.

Whereas the above-bounden —— —— has applied to be authorized and designated as a common carrier for the transportation of dutiable merchandise in bond in Cuba, under the rules and regulations prescribed by the United States, from the port of —— to the ports of ——, ——, ——, in the following manner, viz: In suitable (here insert the "cars," "vessels," or such other means of conveyance as it is proposed to be used) owned or controlled by said (here insert the name of the principal on the bond), used in the transportation of goods between the ports named above; and in consideration thereof this bond is given to secure the United States of America against any loss or expense arising in connection with the transportation of merchandise over the route hereinbefore set forth under the provisions of the regulations prescribed by the War Department of the United States.

Now, therefore, the condition of this obligation is such that if the above-bounden principal shall duly observe and faithfully comply with the regulations pertaining to the transportation and safe delivery of imported merchandise, and shall pay the necessary expense of such locks, seals, or other fastenings as may be required by the collector for securing the custody and safe transportation of such merchandise, and shall use only such means of conveyance for transportation as may be prescribed, approved, and authorized by the collector, and shall without delay transport and make prompt report and safe delivery of all merchandise delivered to —— —— for transportation in bond, together with the manifest thereof, showing that such merchandise is in bond, and its port of destination, to the collector or other proper officer of the customs at the port of destination, in the manner required by the regulations aforesaid; or, in default of such delivery, shall pay to the United States as liquidated damages the value of all such merchandise not so transported and delivered, with the duties added, together with all costs, charges, and expenses caused by failure to make such delivery, and shall also protect and save harmless the United States from any loss or damage resulting from fraud or negligence on the part of any officer, agent, or other person employed by the above-bounden principal, then this obligation to be null and void; otherwise to remain in full force and virtue.

48. When merchandise is forwarded from the port of importation separate manifests, in triplicate, should be prepared for each vessel, car, or other vehicle used for the purpose, signed by the agent of the vessel, railroad, or other company by which the transportation is made, and certified and delivered by the inspector. Each manifest should contain a description of the merchandise, by marks, numbers, and contents, the route, conveyance, port of destination, names of shipper and consignee. The manifests should be in the following form:

MANIFEST OF MERCHANDISE TRANSPORTED IN BOND.

PORT OF —— ——.

Laden on car No. ——, of the —— railroad [or other transportation company; if vessel, name of same], for transportation to the port of ——, in the district of ——, by way of [here state route and conveyance as in the entry], to be delivered to the collector or other proper officer of the customs on arrival at the port of destination:

*Regulations and guidance of officers, etc.*—Continued.

49. The officer in charge of the lading should see that manifests are furnished for each car or vessel or conveyance, as herein required, and he should certify on the manifest to the lading of the goods, giving the number of the car or name and description of the vessel. One of the manifests should be delivered to the conductor of the car or the master of the vessel and the other two should be returned to the custom-house without unnecessary delay.

The collector should transmit one copy of the manifest by first mail to the chief customs officer of the port of destination.

50. Upon arrival of the car or vessel or other conveyance at the port of destination examination should be made of the fastenings of the vehicle for the purpose of ascertaining whether or not they have been tampered with. If such fastenings are not intact, or the collector has reason to suspect fraudulent attempts, he should take possession of the vehicle and its contents and report the facts to the commanding general. If there is no evidence that fraud has been attempted, the seals should be removed by the customs officer and entry of the goods allowed as hereinbefore provided for.

51. Merchandise in bonded warehouse may be examined at any time during the business hours of the port by the importer, consignee, or agent, who may take samples of his goods in reasonable quantities, according to the usage of the port; make all needful repairs of packages, and repack the goods if necessary for their safety or preservation, provided when the original contents are placed in the new packages they shall be marked and numbered as before.

Casks containing wines liable to sour may be refilled when necessary for preservation, but the wine used for such refilling must be part of the same importation and must have been withdrawn for consumption with payment of duties.

No samples shall be taken nor any goods exhibited or examined without a permit from the collector and under the supervision of an officer of customs, nor unless by request of the importer, owner, or consignee; nor shall any package be repaired nor goods repacked without a permit, to be granted only when necessary for the safety or preservation of the contents. Goods imported in bulk and not in present danger of deterioration can not be placed in packages while in warehouse.

52. All merchandise subject to a specific duty shall be dutiable according to the weight, measure, or quantity landed from the importing vessel.

53. Whenever the collector shall be duly notified of the existence of any lien for freight upon imported goods, he shall refuse delivery of the same until the lien has been satisfied.

54. Merchandise may remain in bonded warehouse for a period of one year, which period may be further extended by the collector at Havana whenever sufficient reasons for such extension are presented to him. Merchandise not withdrawn at the completion of the prescribed period shall be forfeited to the United States and shall be sold at auction. Out of the proceeds shall be paid all expenses incurred by the storage and sale of the goods and the duties due on the same.

55. Merchandise in bond may be withdrawn at any time for consumption, for transportation to another port, or for exportation, but no withdrawal shall be allowed before the liquidation of the original warehouse entry. The withdrawal must be made by the person or firm named in the original warehouse entry or by a person or firm duly authorized by the former, which authority must appear in writing upon the face of the withdrawal. All withdrawals shall be made in duplicate or triplicate, as the case may be, and shall show the number of the bond, the marks and numbers of the packages withdrawn, the vessel and date of importation, the description, quantity, separate value of each package, and total dutiable value of the merchandise, and shall be signed by the party making the withdrawal.

56. No withdrawal for export shall be allowed before the liquidation of the warehousing entry or a special liquidation of such items as refer to the merchandise exported, and there shall be no abatement nor allowance of duties on account of damage, loss, or deterioration of merchandise while in warehouse, except as provided by statute.

57. No merchandise shall be removed from a bonded warehouse unless upon a duly signed permit containing the designation of said warehouse, the date of the receipt of the merchandise therein, and the word "deliver" and date thereof certified by the person in charge of the storage books at the custom-house.

WITHDRAWALS AT ORIGINAL PORTS FOR CONSUMPTION.

58. A withdrawal for consumption must be made out in the following form, and must be signed by the importer or by a party authorized by him. If by the latter, the original importer must place upon the withdrawal his written authority for the substitution. No oath or declaration is required for withdrawals from bond.

To the STOREKEEPER:

Duties having been paid, you will deliver to ——— ———, the merchandise described per entry as follows: ———, and which was imported into this district ———, 18—, by ——— ———, in the ———, ——— ——— master, from ———.

——— ———, *Collector.*

The collector's clerk in charge of the storage accounts will make upon the permit a statement of storage and labor charges due upon the packages withdrawn from warehouses, class one. After the duties and charges have been paid to the collector's cashier, the permit will be signed by the collector and returned to the importer or his representative for presentation to the storekeeper at the bonded warehouse, who will thereupon deliver the merchandise.

60. All permits received for the delivery of packages from bonded warehouse shall be entered upon the warehouse books and returned by the storekeeper thereof to the custom-house, stamped with date of delivery, and due note thereof shall be made upon the storekeeper's record.

61. Merchandise upon which the duties have been paid may remain in bonded warehouse at the risk and expense of the owners, and if exported directly therefrom within the prescribed period shall be entitled to a remission of the duties paid thereon less 1 per centum, but evidence of due landing abroad shall be furnished by the importer to the collector.

64. The time to be inserted in the bond for the production of the landing certificates will be one year when the exportation is to a European or American port, and two years when to a port in Africa or Asia.

65. The bond having been duly executed, a permit shall be issued directing the storekeeper to deliver the goods to the surveyor, which permit shall be as follows:

*Export, delivery permit.*

PORT OF ———,
*Custom-House*, ———, *18*—.

To the STOREKEEPER AT ———:

You will deliver to the surveyor of the port for exportation by ——— ——— to ——— [here describe the merchandise], imported into this district on the ———, 18—, by ——— ———, in the ———, ——— ——— master, from ———.

———, *Collector.*

66. The withdrawal shall be transmitted to the proper officer, with directions to cause the merchandise described therein to be laden for exportation, indicating such as is to be weighed, measured, or gauged, which directions shall be as follows:

PORT OF ———,
*Custom-House*, ———, *18*—.

To the SHIPPING OFFICER:

You will examine the goods described in the accompanying withdrawal, and if found to agree exactly therewith, to superintend the lading thereof on board the ———, for exportation to ———, of which, when completed, you will make due return.

———, *Collector.*

67. A special return of the weight, gauge, or measure of the merchandise must, when required, be made to the collector.

68. The export bond will be canceled upon the presentation of a certificate of a collector of customs that the merchandise has been duly landed at port of destination.

69. Foreign merchandise once imported and afterwards exported is dutiable upon every subsequent importation into Cuba.

## CUSTOMS TARIFF.

DISPOSITION 4.[1]—*Customs treatment of tissues.*[2]

GENERAL RULES.

1. *Number of threads.*—By the number of threads in a tissue shall, unless otherwise stipulated, be meant one-half of all the threads comprised in the warp and weft in a square of 6 millimeters. Should this half contain a fraction, the fraction shall be counted as an entire thread.

2. *Ascertainment of the number of threads.*—In order to determine for customs treatment of tissues the number of threads and the proportion in which the threads subject to the highest duty are found in the tissue, the instrument known as "thread counter" shall be employed.

---

[1] Dispositions 1, 2, and 3 suspended.

[2] The warp of tissues is to be considered as the totality of the threads which lie in the longitudinal sense, whether they form the foundation of the same or whether they have been added in order to form patterns or to give the stuff more body. The weft shall be considered the totality of the threads which cross the warp of the tissue, and combine the same conditions of helping to form patterns or to add to the body of the stuff.

Digitized by Google

*Import tariff*—Continued.

Should there be doubt as to the ascertainment of the number of threads in a tissue owing to the tissue being closer woven in some parts than in others, the closest-woven part and the loosest-woven part shall be taken, and the average threads resulting from the two shall serve as a basis for levying duty.

When the nature of the tissue permits it the thread shall always be counted on the obverse side of the stuff.

All woolly or meltonlike tissues, and generally all tissues in which the hair has been removed by carding or fulling, the threads shall be counted on the reverse side of the stuff by rasping or burning the hair when necessary.

In exceptional cases, where after these operations the ascertainment of the number of threads remains doubtful, a sufficient part of the tissue must be unraveled.

Should this likewise be impossible, as, for instance, in case of ready-made articles, the tissue shall be subject to the highest duty of the group to which it belongs, and should the tissue be mixed it shall be dutiable according to the class in which the highest taxed material entering into the mixture is comprised.

CUSTOMS TREATMENT OF MIXED TISSUES.

3. *Admixtures of two materials.*—Tissues of all kinds, composed of two materials, shall be dutiable as follows:

(*a*) Cotton tissues containing threads of hemp, jute, linen, ramie, or other vegetable fiber shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[1] provided that the number of these threads of hemp, jute, linen, ramie, or other vegetable fibers counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of hemp, jute, linen, ramie, etc., exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class V.

(*b*) Cotton tissues containing threads of wool, flock wool, hair, or wastes of these materials shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[1] provided that the number of threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as tissues mixed with wool.

(*c*) Cotton tissues containing threads of silk or floss silk shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[1] provided that the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*d*) Tissues of hemp, jute, linen, ramie, or other vegetable fibers containing threads of wool, flock wool, hair, or their wastes shall be dutiable according to the corresponding numbers of group 2, Class V, with the surtaxes established in each case,[2] provided that the number of these threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of group 2, Class VI, as tissues mixed with wool.

(*e*) Tissues of hemp, jute, linen, ramie, or other vegetable fibers containing threads of silk or floss silk, shall be dutiable according to the corresponding numbers of group 2, Class V, with the surtaxes established in each case,[2] provided that the number of these threads of silk and floss silk, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*f*) Tissues of wool, flock wool, or hair, containing threads of silk or floss silk, shall be dutiable according to the corresponding numbers of group 2, Class VI, with the surtaxes established in each case,[3] provided that the number of silk or floss-silk threads does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI.

4. *Admixtures of more than two materials.*—Tissues composed of more than two materials shall be dutiable as follows:

[1] Class IV, group 2, Note I. [2] Class V, group 2, Note I. [3] Class VI, group 2, Note I.

*Import tariff*—Continued.

(*a*) Tissues containing an admixture of wool and cotton, or of wool and other vegetable fibers, and at the same time threads of silk or floss silk, shall be subject to the corresponding duties of Class VI, as mixed woolen tissues, whatever be the proportion of the threads of vegetable fibers, and shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*b*) Tissues containing an admixture of cotton and other vegetable fibers, and at the same time threads of silk or floss silk, shall be subject to the corresponding duties of Class V, and assimilated to tissues of jute, hemp, etc., whatever be the proportion of the cotion threads; they shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*c*) Tissues of an admixture of wool, cotton, and other vegetable fibers, containing no silk threads, shall be subject to the corresponding duties of Class V, and shall, in addition, be liable to the surtax leviable on woolen threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of woolen threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as mixed woolen tissues.

5. *Silk tissues.*—All tissues containing silk or floss-silk threads, the number of which, counted in warp and weft, exceeds one-fifth without being more than one-half of the total number of threads composing the tissue, shall be considered as tissues mixed with silk.

When the number of silk or floss-silk threads, counted in warp and weft, exceeds one-half of the total, the tissues shall be considered and dutiable as of pure silk.

EXCEPTIONS.

For knitted stuffs, tulles, lace, blondes, tulles for borders and ribbons, composed of an admixture, exception to the preceding rules shall be made in the following cases:

6. *Knitted and netted stuffs.*—All kinds of knitted stuffs and tulles, lace, blondes, and tulles of all kinds for borders, when mixed, shall be dutiable according to the corresponding numbers of the class comprising the threads of the highest taxed material, whatever be the proportion of such threads in the tissue.

Knitted stuffs, lace, blondes, and tulles for borders, comprised in Class VII, shall be considered as tissues mixed with silk when they contain threads of cotton or other vegetable fibers, or of wool or flock wool, whatever be the proportion of such threads in the mixture.

Tulles less than 15 centimeters in width shall be considered as tulles for borders.

7. *Ribbons.*—Ribbons and galloons mixed with cotton and other vegetable fibers or with vegetable fibers and wool, containing no silk, shall be subject to the corresponding duties of the class comprising the highest taxed threads.

Ribbons or galloons containing silk, in whatever proportion, shall be dutiable as tissues according to the corresponding numbers of Class VII. When not exceeding 15 centimeters in width they shall be considered as mixed silk tissues, provided that they contain in any proportion threads of cotton or other vegetable fibers or of wool or flock wool.

8. *Trimmings.*—Trimmings shall be dutiable on the total weight, as if exclusively composed of the apparent or visible textile material.

Trimmings composed on their apparent or visible part of various textile materials shall be subject to the corresponding duties of the class comprising the highest taxed material. When the predominating component material consists of metallic threads of any kind, the trimmings shall be dutiable according to Class VII plus the surtax leviable on the metal.

Trimmings are distinguished from ribbons and galloons by the latter being real tissues, with warp and weft, while trimmings are plaited.

SURTAXES.

9. *Establishment of surtaxes.*—The surtaxes applicable, owing to broché, embroidery, metal threads, or making up, shall always be computed on the duties leviable on the tissue by taking into account, if necessary, the increase of such duties in case of admixture.

For the collection of the total duty the surtaxes applicable for either of the above-mentioned reasons must, when necessary, be added together.

*Import tariff*—Continued.

10. *Brochés.*—Tissues, *brochés*, or woven like brocades, with silk or floss silk, shall be liable to the duties leviable thereon plus the surtaxes established in every case.[1]

By *broché* or brocaded tissues are meant all tissues with flowers or other ornaments applied by means of the small shuttle called "*espolin*" in such manner that the threads do not occupy the entire width of the stuff, but only the space comprising the flower or pattern.

11. *Embroidery.*—Tissues embroidered by hand or by machine after weaving or with application of trimmings shall be liable to the duties leviable thereon plus the surtaxes established in every case[2] by taking into account whether the embroidery contains metallic threads or not.

Embroidery is distinguished from patterns woven in the tissue, as the latter are destroyed by unraveling the weft of the tissue, while embroidery is independent of the warp and weft and can not be unraveled.

12. *Metallic threads.*—Tissues and trimmings containing metallic threads, in whatever proportion, shall be liable to the duties leviable thereon plus the surtaxes established in every case.[3]

Tissues exclusively composed of metallic threads shall be dutiable according to Class VII plus the surtax leviable on the metal.

13. *Made-up articles.*—Tissues manufactured into articles of all kinds shall be liable to the duties leviable thereon plus the surtaxes established in every case.[4]

Ready-made clothing, wearing apparel of all kinds and of any style, and, generally, all articles made up by the seamstress or tailor, shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part.

For the application of the corresponding surtaxes clothing and articles, half finished or basted, shall be considered as made-up articles and clothing.

DISPOSITION 5.—*Rules applicable to goods not specially mentioned and to articles composed of several materials.*

1. Articles not enumerated in the tariff shall, for the application of duty, be assimilated to those which they most closely resemble.

When an article presented for customs clearance is not mentioned in a number of the tariff or in the repertory, and when doubts arise as to its assimilation to articles specified in the tariff, the interested party or the importer may request the customs authorities to indicate the number according to which such article is to be dutiable.

In such case the clearance shall be effected according to the number so indicated.

2. Articles which, owing to their nature or for their application, are composed of two or more materials or of different parts[5] shall, for the total weight, be taxed according to the material chiefly determining the value of the article.

3. In case of doubt as to which is the material chiefly determining the value of an article, such article shall be dutiable according to the most highly taxed component material.

4. When the mixture of different materials has been made with a view of evading the payment of the duties of any specified number of the tariff, the duties leviable on the article subject to the highest duty shall always be collected.

DISPOSITION 6.—*Regulations to be applied in levying duty on packages and receptacles—tares.*

1. Packages and receptacles capable of again being used to contain goods or for other purposes shall be dutiable according to the corresponding number of the tariff, unless in case of goods dutiable on gross weight, for which it is expressly provided that the weight of packages or receptacles shall, for tariff purposes, be included in the weight of the goods.

2. Packages and receptacles liable to higher duties than those established for their contents shall always be dutiable according to the number of the tariff to which they belong.

3. The following articles shall pay on gross weight, including packages and receptacles:

*Included in Class I:*

Marble, jasper, and alabaster, in the rough or cut into flat blocks, slabs, or steps.
Other natural or artificial stone, unwrought and in flat blocks, slabs, or steps.
Earthy substances employed in industry or in the arts; cement, lime, and gypsum.
Mineral pitch and tar; asphalts, bitumens, and schists.

[1] Classes IV, V, and VI, group 2, Note II, Letter *A*.
[2] Classes IV, V, and VI, group, 2, Note II, Letter *B*, and Class VII, group 2, Note II, Letter *A*.
[3] Classes IV, V, and VI, group 2, Note II, Letter *C*, and Class VII, group 2, Note II, Letter *B*.
[4] Classes IV, V, and VI, group 2, Note II, Letter *D*, and Class VII, group 2, Note II, Letter *C*.
[5] As, for instance, the handle of an implement and the implement itself, the glass and frame of a mirror.

6. All goods not enumerated in the foregoing lists or not included in the abovementioned cases shall be dutiable on net weight or according to the bases stipulated in the respective numbers of the tariff; all packages or receptacles containing such goods shall be separately liable to the duties set forth in the corresponding numbers of the tariff.

7. Goods dutiable on gross weight entitled or not to tare allowance shall always be taxed inclusive of the weight of all interior paper wrappers, ribbons, envelopes, or packing.

8. When an article entitled to tare allowance is imported in bulk or merely fastened by means of rope or hoops, or packed in paper, straw, hay, or the like, no tare shall be deducted.

9. Goods dutiable on net weight shall pay together with the weight of the paper wrappers, ribbons, envelopes, or immediate receptacles other than the boxes or cases. Needles, pins, pens, and other articles comprised in Nos. 49, 50, and 65 shall be excepted from this rule, and will be weighed together with the boxes if of cardboard.

Other boxes and cases, also boxes and cases containing other articles, shall be dutiable according to the number of the tariff to which they belong.

Goods affixed to cardboard, cards, or wood shall be dutiable together with the weight of such package.

Twisted yarn of all kinds shall be dutiable together with the weight of the bobbins.

10. When the same package contains two or more articles dutiable on gross weight and paying different rates of duty, the highest taxed article shall be dutiable together with the weight of all exterior packages, subject to deduction of tare, if any.

The other articles or article shall be dutiable separately, with no allowance for tare.

11. When goods dutiable on gross weight and liable to the same duty, but for which different tares have been established, are inclosed in the same package, the lowest tare shall be deducted. Should part of the goods be dutiable on gross weight without any allowance for tare, no tare shall be deducted.

12. When the same package contains goods dutiable on gross weight as well as other articles dutiable on net weight, or otherwise than on weight, all such articles shall pay separately, and those dutiable on gross weight must comply with the foregoing rules, save that no article contained in the package shall be entitled to any tare allowance.

13. Packages containing mineral waters shall be dutiable according to the following rules:

Cases containing bottles shall be dutiable, according to No. 189 (letter *b*), on 15 per cent of the gross weight of case and contents.

Bottles shall be dutiable according to No. 10, and for this purpose bottles containing 70 centiliters or more shall be considered as weighing 720 grams each.

For smaller bottles and for flasks, except of glass, and for other receptacles used for importing water, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the numbers of the tariff in which classed.

14. Receptacles containing brandies and liquors shall be treated as follows:

When the importation is effected in barrels or other casks the receptacles shall be dutiable, according to No. 191 (letter *a*), on 14 per cent of the gross weight if single and on 20 per cent if double.

When the importation takes place in bottles or flasks and in wooden cases or hampers, all such packages shall be dutiable according to the number of the tariff in which they are included.

The cases shall be dutiable, according to No. 189 (letter *b*), on 15 per cent of gross weight.

The hampers shall be classed under No. 201 on 8 per cent of gross weight.

*Import tariff*—Continued.

For bottles or flasks, also for any other receptacle serving to import alcohol, brandies, or liquors, the weight shall be practically ascertained, and such receptacles shall be liable to the duties established in the numbers of the tariff applicable thereto.

15. Receptacles containing wine shall be treated as follows:

When the importation is effected in barrels or other casks, the receptacles shall be dutiable, according to No. 191 (letter *a*), on 12 per cent of gross weight if single and on 18 per cent if double.

When the importation takes place in bottles or flasks packed in wooden cases or hampers, all such packages shall be dutiable according to the number of the tariff in which they are classed.

The cases shall be dutiable, according to No. 189 (letter *b*), on 15 per cent of gross weight.

The hampers shall be classed under No. 201, on 8 per cent of gross weight.

Common bottles containing claret, Burgundy, or like wines shall follow the régime of No. 10, and for this purpose shall be considered as weighing 760 grams each.

Ordinary half bottles shall be considered as weighing 400 grams each.

Ordinary champagne and similar bottles shall be considered as weighing 950 grams each.

Half bottles of the same description shall be considered as weighing 550 grams each.

For bottles and flasks of a shape different from the ordinary kind or of an unknown capacity, also for any other receptacle used for importing wine, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the number of the tariff applicable thereto.

16. Receptacles containing beer or cider shall be treated as follows:

When the importation takes place in barrels or other casks the receptacles shall be dutiable, according to No. 191 (letter *a*), on 30 per cent of gross weight if single and on 25 per cent if double.

When the importation is effected in bottles or flasks packed in wooden cases or barrels all such packages shall be dutiable according to the number of the tariff in which comprised.

Exterior cases or barrels shall respectively be liable to the duty prescribed in No. 189 (letter *b*) or in No. 191 (letter *a*) on 15 per cent of gross weight.

For bottles or flasks, and likewise for all other receptacles used for importing beer or cider, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the number of the tariff to which they belong.

DISPOSITION 7.—*Articles prohibited importation.*

1. Dynamite, gunpowder, and similar explosives, unless the importer is able to produce a special authorization for landing issued to him by the proper authorities.
2. Paintings, publications, figures, and all other objects offensive to morality.
3. Artificial wines (other than medicinal wines of known composition) and adulterated wines.

(See free list.)

GROUP 3.—*Schists, bitumens, and their derivatives.*

Régime applicable to goods classed in the present group.

Whenever doubt arises as to the classification of the products enumerated in Nos. 6, 7, and 8, the customs must, before collecting duty, refer the matter to the collector at the chief port.

In case of doubt as to the clearance of crude petroleum, a sample of this oil must be taken and the following rules observed:

1. A sample of 200 cubic centimeters shall be taken from 50 cases or less or from 10 barrels or less comprised in the declaration and belonging to the same kind of goods.

2. These samples shall be mixed in a large receptacle, and when the discharge is terminated 2 liters are taken therefrom and put into separate bottles, which are sealed and furnished with labels signed by the customs employees and the interested party. These bottles shall be forwarded to the customs chemical expert in order to be assayed.

3. Immediately after this operation, the goods shall be cleared and the corresponding duty applied, but the interested party shall always be bound by the results of the analysis and the clearance shall not be deemed definitive until that result be known.

4. The samples must be assayed within one month, and the interested party has the right to be present when the samples are opened and analyzed, provided that he has made a writen request to this effect at the time of identifying the samples by affixing his signature to the labels. He may also appeal to the collector at the chief port from the report of the experts.

5. Should the interested party in his appeal request that a new analysis be made, this operation shall be effected at his expense if the decision of the customs be sustained. In contrary cases the expenses shall be borne by the Government.

6. In order that the Government may always be enabled to know the nature of products imported under the denominations comprised in the present group, the customs must enter in their statistics and collection sheets the following different kinds:

No. 6 of the tariff:
- *a.* Tar and other liquid products, even thick.
- *b.* Pitch, asphalts, schists, and other solid or pasty products.

No. 7 of the tariff:
- *a.* Petroleum, crude.
- *b.* Other crude oils which can be used in the preparation of illuminating oils.
- *c.* Oleonaphtha and the other products classed in this number.

No. 8 of the tariff:
- *a.* Petroleum, refined.
- *b.* Other refined oils designed for illumination.
- *c.* Benzine, vaseline, and other products comprised in this number.

[1] The rods in question are iron or steel rods exceeding 8 millimeters in thickness employed in the manufacture of iron wire.

[2] Crucible steel is distinguished from bars and other pieces of iron or common steel by its sharp edges. The surface is very smooth, of a bluish color, darker than that of iron, and its fracture is close-grained. (This steel is generally imported in round, square, octagonal, triangular, or flat bars.)

[3] By hoop iron ("flejes") shall be understood unpolished flat bands or circles of less than 3 millimeters in thickness.

GROUP 2.—*Tissues.*

NOTE I.—When the tissues included in the numbers of this group contain an admixture, they shall, according to kind, be liable to the following surtaxes (see Disp. IV):

1. Cotton tissues containing threads of hemp, jute, linen, ramie, or pita shall be liable to a surtax of 15 per cent of the duties applicable thereto, provided that the number of these threads of hemp, jute, linen, ramie, or pita, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of hemp, jute, linen, ramie, etc., exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class V.

2. Cotton tissues containing threads of wool, flock wool, hair, or wastes of these materials, shall be liable to a surtax of 35 per cent of the duties applicable thereto, provided that the number of threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as tissues mixed with wool.

3. Cotton tissues containing threads of silk or floss silk shall be liable to a surtax of 70 per cent of the duties applicable thereto, provided that the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

The provisions of this note shall not apply to knitted stuffs, tulles, lace, blondes, and tulles for borders (see Disp. IV, rule 6), to ribbons (Disp. IV, rule 7), or to trimmings (Disp. IV, rule 7).

NOTE II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (see Disp. IV):

(*a*) Tissues, brochés, or woven like brocades with silk or floss silk, shall be liable to the duties leviable thereon plus a surtax of 35 per cent.

(*b*) Tissues embroidered by hand or by machine after weaving or with application of trimmings shall be liable to the duties leviable thereon plus a surtax of 30 per cent.

Should the embroidery contain threads, purl, or spangles of common metals or of silver, the surtax shall amount to 60 per cent of the duties applicable to the tissue.

When the threads, purl, or spangles are of gold, the surtax shall be 100 per cent.

(*c*) Tissues and trimmings containing threads or purl of common metals or silver shall be liable to a surtax of 50 per cent of the duties leviable thereon.

When the threads or purl are of gold the surtax shall amount to 100 per cent.

(*d*) Tissues entirely or partially made up into sacks shall be liable to the duties applicable thereto plus a surtax of 15 per cent.

Shawls called "mantones" and "pañolones," traveling rugs, counterpanes, sheets, towels, tablecloths and napkins, mantels, veils, shawls, hemmed fichus and handkerchiefs shall, for the making up, be liable to a surtax of 30 per cent of the duties leviable thereon.

Other made-up articles, wearing apparel, and clothing of all kinds, finished, half finished, or simply basted shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part, plus a surtax of 100 per cent.

Articles of hosiery specially mentioned shall not be liable to the payment of the surtax for making up.

118. Tissues, plain and without figures, napped or not, weighing 10 kilograms or more per 100 square meters, unbleached, bleached, or dyed, having:

GROUP 2.—*Tissues.*

NOTE I.—When the tissues included in the numbers of this group contain an admixture, they shall, according to kind, be liable to the following surtaxes. (See Disp. IV):

1. Tissues of hemp, jute, linen, ramie, or pita containing threads of wool, flock wool, hair, or their wastes shall be liable to a surtax of 40 per cent of the duties applicable thereto, provided that the number of these threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of group 2, Class VI, as tissues mixed with wool.

2. Tissues of hemp, jute, linen, ramie, or pita containing threads of silk or floss silk shall be liable to a surtax of 60 per cent of the duties applicable thereto, provided that the number of these threads of silk or floss silk, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

3. Tissues of cotton containing an admixture of hemp, linen, ramie, jute, or other vegetable fibers, and at same time threads of silk or floss silk, shall be dutiable according to the corresponding numbers of this group (See Disp. IV, rule 4, letter *b*), with a surtax of 60 per cent, provided that the number of silk or floss-silk threads counted in the warp and weft does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

The provisions of this note shall not apply to knitted stuffs, tulles, lace, blonde and tulles for borders (see Disp. IV, rule 6), to ribbons (Disp. IV, rule 7), or to trimmings (Disp. IV, rule 8).

NOTE II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (Disp. IV):

GROUP 2.—*Tissues and fulled stuffs.*

NOTE I.—When the tissues comprised in this group are mixed, they shall, according to kind, be liable to the following surtaxes (see Disp. IV):

I. Tissues of wool or hair containing threads of silk or floss silk shall be liable to a surtax of 45 per cent of the duties applicable thereto, provided that the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

2. Tissues containing an admixture of wool and cotton, or of wool and other vegetable fibers, and at the same time threads of silk or floss silk, shall be dutiable according to the corresponding numbers of this group (Disp. IV, rule 4, letter *a*), with a surtax of 45 per cent, provided that the number of silk or floss-silk threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissue shall be subject to the corresponding duties of Class VII.

The provisions of this note shall not apply to knitted stuffs, tulles, lace, blonde, and tulles for borders (see Disp. IV, rule 6), to ribbons (Disp. IV, rule 7), or to trimmings (Disp. IV, rule 8).

NOTE II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (Disp. IV):

*A.* Tissues, brochés, or woven like brocades with silk or floss silk, shall be liable to the duties leviable thereon, plus a surtax of 20 per cent.

*B.* Tissues embroidered by hand or by machine after weaving or with application of trimmings shall be liable to the duties leviable thereon, plus a surtax of 40 per cent.

Should the embroidery contain threads, purl, or spangles of common metals or of silver, the surtax shall amount to 60 per cent of the duties applicable to the tissue.

When the threads, purl, or spangles of gold, the surtax shall be of 100 per cent.

*C.* Tissues and trimmings containing threads or purl of common metals or silver shall be liable to a surtax of 50 per cent of the duties leviable thereon.

When the threads or purl are of gold the surtax shall amount to 100 per cent.

*D.* Shawls, including those called "mantones" and "pañolones," fichus, horse cloths or blankets, traveling rugs, bed covers, counterpanes or bordered blankets (even when the border consists of a silk ribbon, provided the latter be not more than 2 centimeters in width) shall, for the making up, be liable to a surtax of 30 per cent of the duties leviable thereon.

On other made-up articles, wearing apparel and clothing of all kinds, finished, half finished, or simply basted, shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior parts, plus a surtax of 100 per cent.

Articles of hosiery specially mentioned shall not be liable to the payment of the surtax for making up.

### Group 2.—*Tissues.*

Note I.—The tissues comprised in this group shall be considered as pure silk tissues when the number of silk or floss-silk threads, counted in the warp and weft, exceeds one-half of the total number of threads composing the tissue. (Disp. IV, rule 5.)

This rule shall not apply to knitted stuffs, tulles, lace, blondes and tulles for borders, or to ribbons or galloons not exceeding 15 centimeters in width. Such goods shall be considered as mixed silk tissues and dutiable according to the corresponding numbers of the tariff, when containing threads of cotton or other vegetable fibers, wool or flock wool, whatever be the proportion of such threads in the mixture. (Disp. IV, rules 6 and 7.)

Note II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (see Disp. IV):

*A.* Tissues embroidered by hand or by machine after weaving, or with application of trimmings, shall be liable to the duties leviable thereon, plus a surtax of 50 per cent.

Should the embroidery contain threads, purl, or spangles of common metals or of silver, the surtax shall amount to 60 per cent of the duties applicable to the tissue.

When the threads, purl, or spangles are of gold, the surtax shall be 100 per cent.

*B.* Tissues and trimmings containing threads or purl of common metals or silver shall be liable to a surtax of 50 per cent of the duties leviable thereon.

When the threads or purl are of gold the surtax shall amount to 100 per cent.

*C.* Shawls called "mantones," handkerchiefs of manila hemp, blankets, counterpanes, shawls, veils, mantles, hemmed fichus, and handkerchiefs shall, for the making up, be liable to a surtax of 30 per cent of the duties leviable thereon.

Other made-up articles, wearing apparel and clothing of all kinds, finished, half finished, or simply basted, shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part, plus a surtax of 100 per cent.

Articles of hosiery specially mentioned shall not be liable to the payment of the surtax for making up.

---

[1] Knitted goods containing an admixture of silk shall be dutiable according to the corresponding numbers of Class VII. (See Disp. IV, rule 6.)

[2] See Disp. IV, rules 8 and 12. Ribbons and galloons containing in any proportion threads of silk shall be dutiable according to the corresponding numbers of Class VII (Disp. IV, rule 7).

[3] Yarns and threads of all kinds of vegetable fibers combined in any proportion with threads of common metal shall be dutiable according to this number. Those combined with gold or silver shall be subject to the corresponding numbers of group 1, Class II.

| 239. Weighing machines | per cent ad valorem.. | 20 |
| 240. Machinery and apparatus for making sugar and brandy[4] | do.... | 10 |
| 241. Agricultural machinery and apparatus[5,6] | do.... | 10 |
| 242. Steam motors, stationary[5] | do.... | 20 |

[1] Boots and shoes the inside soles of which do not measure more than 18 centimeters shall enjoy a rebate of 40 per cent.

[2] Strung frames for pianos shall be liable to the corresponding duty leviable on pianos, though they be not imported with all the pieces constituting that instrument.

[3] Finished or spare parts of steel are comprised in No. 49. The same parts of other metals or alloys shall be dutiable according to the component material.

Cases, stands, bell jars, and other accessories shall be dutiable as manufactured articles according to their class.

Clockworks for wall or table clocks, unfinished, shall be taxed according to No. 67.

Unfinished pieces are those which are only roughly filed, with no escapements, the wheels of which are not adjusted and the last wheel not crenated.

When clockworks are imported within cases, on stands, etc., and the importer does not wish to separate them for examination, the works and the dial will be reckoned as weighing 1 kilogram, and the rest shall be dutiable conformably to the preceding paragraph.

[4] This number includes:

1. The following articles, whoever be the importer:

Weighing machines (platforms) for weighing sugar cane; complete machines of all kinds for crushing sugar cane; steam crushers; complete apparatus for diffusion; purifying apparatus; clarifying apparatus; reservoirs for sirup or molasses; filters and filtering apparatus; apparatus called "trenes jamaiquinos," complete; furnaces for making animal black; steam desiccators; centrifugal machines; vessels called "bombonas," "cachimbas" (kind of kettle to transfer cane sirup from one vessel into another), skimmers, distributers, and sugar molds; copper apparatus or vessels ("tachos") acting in vacuum, also their machines, pipes, and cocks, of copper or iron; polarimeters.

2. The following articles, when imported directly by planters, on proof of the installation thereof in their establishments:

Steam plows; stills; donkey engines, with or without pumps; gasometers for lighting the works; material for portable railways; carts for the conveyance of cane and the output of the works.

[5] For the application of duty it should be observed:

*a.* That the machine must be complete. Complete machines include tubes (flues), belting, etc., which form an integral part of such machines, but no spare parts.

*b.* That spare parts are dutiable according to No. 247 when of copper, and to No. 251 in all other cases.

*c.* That to be considered as complete, machines must be imported in one sole shipment. Machines imported in two or more shipments shall be liable to the duties stipulated in Nos. 247 and 251, except in the case when a previous and special authorization has been granted by the collector at the chief port.

[6] The machines and apparatus mentioned in this number are those employed by farmers and agriculturists for preparing the ground and gathering the crops, also those employed in order to clean the crops and improve them without essentially changing their nature.

GROUP 4.—*Vessels.*

NOTE I.—[3]The duties on ships include likewise those levied on anchors, kedges, cables and chains, barometers, chronometers, binnacles, compasses (loose and fixed), speaking trumpets, telescopes, casks, cordage, sails, and masts, necessary for the maneuvers and safety of vessels, with due regard to their class. All other articles shall be liable to the duties leviable thereon.

NOTE II.—[3] Duties on steam vessels shall be levied on the total number of tons which may result from the official measurement, and no separate duty shall be levied on machinery which shall be considered an integral part of the vessel.

The certificate of tonnage shall temporarily serve as a basis for levying duty on vessels entering from abroad. The interested parties must present to the customs authorities a certificate of measurement approved by the inspector; but it is understood that the customs authorities will not consider the

[1] Machines and separate pieces of the same, of copper and its alloys, with part of other materials, shall also be taxed under this heading, provided the above metals predominate in weight.

[2] It will be necessary to prove to what manufacture or to what industry spare woolen hose and filters are destined in order to be assessed according to this number.

For the definition of parts of machinery the following rules must be observed:

1. A separate piece of a machine is understood to be any object which is not expressly specified by name under some heading of the tariff, and which by its shape and by the manner in which it is presented for clearance in the custom-house, though not completely finished, may be considered as exclusively destined to a machine and can have no other application. If it be imported completely finished it must pay under one of the headings of the tariff referring to the machinery.

2. Tubes, bars, axles, screws, bolts, sheets, plates, boiler bottoms, wire and other articles expressly taxed in the tariff must pay duty accordingly, though they be destined to machinery.

3. Tools, instruments, and utensils employed in the arts, agriculture, and industry can not be considered as parts of machinery for the application of duty, and must pay according to the materials of which composed.

[3] The tackle, apparel, furniture, etc., of a vessel wrecked at sea, and the cargo of a vessel wrecked on the coast of Cuba and abandoned for two years, are exempt from duty. Underwriters may be recognized as owners for the purposes of entry.

clearance and payment of the duties as finally settled until this formality has been complied with and noted.

National ships lengthened in foreign dockyards must, on their return, pay duty on the additional tonnage.

Vessels refitted with engines abroad shall pay a fiscal duty of $6 per horse-power, when it is impossible to ascertain the weight of the new machinery.

Boilers and accessories thereof, funnels, tubes, etc., changed abroad, shall be liable to a fiscal duty of $3 per square meter of heating surface.

Vessels undergoing other repairs in foreign ports shall, on their return, pay duty on the material employed for the purpose.

256*a*. Salvage from wrecked vessels is prima facie dutiable on appraised value according to its material.[1]

HARBOR REGULATIONS FOR ST. THOMAS.[1]

SEC. 1. For every vessel that lies off and on and sends a boat on shore a report must immediately be made to the harbor master.

SEC. 2. Vessels must only in cases of necessity anchor in the outbays, and a report thereof shall in such cases be made to the authorities within twenty-four hours in accordance with these regulations. Transgressions hereof will be punished in conformity with the royal resolution of the 20th of August, 1790, by a fine from $25.60 to $64.

SEC. 3. Every vessel must, while entering the harbor, show the flag, or in case it enters after sunset, then the next morning. The flag must also be hoisted in warping or sailing out.

SEC. 4. No vessel is permitted to anchor in that part of the harbor between the two point batteries and straight lines from said batteries to the fort.

SEC. 5. It is forbidden for boats and other vessels to lie alongside, as well as for persons to go on board of vessels destined to this place, either outside or inside of the harbor, before the harbor master has been on board and given permission thereto. For transgressions hereof there will be a fine of from $5 to $100, and in cases of repeated transgressions from $10 to $200.

SEC. 6. It must immediately be reported to the harbor master:

(1) If the vessel comes from or has touched at a place where contagious sickness prevails, or on the voyage has had intercourse with another vessel, or if there has been any case of death on board, and whether there is, or on the voyage has been, sickness on board. Incorrect reports will be punished in accordance with the quarantine laws.

(2) If gunpowder or ammunition is found on board, the same must immediately be conveyed to such place as the harbor master directs.

(3) If there are passengers or persons on board who are not entered in the vessel's muster-roll. Incorrect reports hereof will be punished with a fine of from $5 to $500.

SEC. 7. Postbags as well as loose letters are immediately to be delivered to the harbor master. Omissions hereof will be punished by a fine of $2 for a single letter, and for larger letters and other mail matters, fifty times the amount of postage.

SEC. 8. No one on board must leave the vessel before the harbor master's arrival; and if the harbor master forbids a person from going on shore, the master of the vessel is responsible for the person not leaving the vessel before the permission of the police is obtained. Within two hours after the vessel is anchored, the master must forward to the harbor master a correct statement, signed by himself, of the passengers or persons arrived in the vessel who are not found entered on the muster-roll. If the vessel arrive after sunset, before 9 o'clock next morning the list of the passengers must be handed to the harbor master.

SEC. 9. Immediately after the vessel has anchored, whether it has cargo or is in ballast, the papers showing what the vessel has in, such as the clearance, manifest, bills of lading, cockets, etc., must be delivered to the harbor master. Within twenty-four hours after the vessel's arrival the master has besides personally to deliver to the custom-house the measure brief or register, sea pass, or other documents representing it, unless said documents might be delivered to the consul concerned, in which case the consul in his quality as such and personally is responsible for the presence of the same until the vessel is cleared at the custom-house. Transgressions of any of the points contained in this section will be punished by a fine of $10 to $200, according to circumstances.

SEC. 10. Before the discharging of the cargo commences, and latest within twenty-four hours after the vessel's arrival (holidays excepted), the master has to sign at the custom-house a general report of the whole cargo, whether it is destined for landing or for reexportation with the same vessel. If it be decided afterwards to land any part of what is reported for exportation, the master has to make report thereof at the custom-house before the discharge thereof is commenced. Any discharging of cargo before the master has made the proper report will be punished with forfeiture of the goods so discharged, or their value, or according to circumstances, by a fine of from $2 to $100 as for a breach of order, and the same punishment will be inflicted if the master omit to report same goods.

SEC. 11. Landing or taking in cargo must, with observance of what is in this respect prescribed, take place from the rising of the sun, and until one hour after its setting. If goods are landed or taken in at any other time such is forfeited, or the concerned punished, according to circumstances, by a fine of from $2 to $100, as for a breach of order, unless a written report has previously been made to the custom-house, and this authority has thereupon granted permission.

SEC. 12. All vessels must immediately be moored, and everything that can prevent other vessels from warping and sailing be hauled in until the vessel again is ready for sea. No boats, rafts, or spars must lie astern of the vessel.

SEC. 13. After the tattoo, no seafaring person (masters and mates excepted) must be found on shore without a pass from the police master.

SEC. 14. It is forbidden to boil or warm pitch, tar, turpentine, or oil, on board; neither is it allowed, without special permission from the harbor master, to heave vessels down in order to clean or caulk them. It is also forbidden to throw overboard in the harbor, stone, sand, or other kind of ballast, straw, and the like, as well as dead or dying animals. The harbor master will point out where ballast shall be conveyed. Transgressions of the provisions contained in this section will be punished by a fine of from $5 to $300, the third part whereof devolves to the informer.

SEC. 15. After sunset, firing of guns from vessels in the harbor must only be done as signals of distress or for the departure of packets.

SEC. 16. No day laborer or porter must be employed without being provided with a permit from the police master, and the prescribed badge, under a fine of from $6.40 a day for the employer, and $3.20 for the laborer himself.

SEC. 17. Masters of vessels must provide that the sick of their crew are attended by an authorized physician, and the treatment of sick persons must, as a rule, not take place on board. If contagious diseases break out on board, before an authorized physician is called the master must, without delay, report the same to the harbor master, who has to call the land physician. Transgressions of the regulations of this section will be punished by a fine of from $20 to $100.

SEC. 18. Masters of Danish vessels are obliged to receive royal mails for the port to which the vessel clears, and have in due time to report at the post-office at what time the vessel is destined to leave, which report, as a rule, must take place for vessels bound to the mother country at latest seven days, and to the Danish West India Islands at latest six hours, before leaving.

SEC. 19. None of the crew of a vessel must be discharged or left behind without the police master's permission, and every discharge from a crew must, before the vessel leaves the port, be noted on the muster roll by the authority concerned. Neglect of the regulation of this section will be punished by a fine of from $10 to $200.

SEC. 20. Every person on board at the departure of the vessels, and not as belonging to the crew of the vessels, entered on the muster roll by the authority concerned, must be provided with a lawful passport, in default of which the master will be fined in a sum of from $5 to $100.

Digitized by Google

SEC. 21. Before a vessel can depart the clearance has to be produced in the fort, and there at the same time it shall be pointed out where the vessel, which then must show her flag, is lying. After sunset no vessel must leave the harbor without a special permission from the commander of the fort.

SEC. 22. The harbor master's commands concerning order in the harbor must immediately be obeyed, and whoever transgresses them will be punished according to the existing laws, and will have personally to bear all expenses resulting therefrom.

SEC. 23. Neglect of these regulations will, in as far as not otherwise provided for in the foregoing, be punished by fines of from $5 to $100.

SEC. 24. Transgressions of the rules here laid down will be treated as public police suits, with exception of the cases mentioned in sections 9 to 11, which cases will be treated similarly as others appertaining to the customs department.

SEC. 25. Masters of vessels on arrival will receive a copy of these regulations gratis.

## DOMINICAN REPUBLIC.

### *Import tariff.*

[Corrected to June 1, 1899.]

ARTICLE 1. The import duties to be collected by the customs of the Republic shall continue to be levied in the form established by the law of April 28, 1894, i. e., 50 per cent on the evaluations prescribed in the tariffs in force.[1]

ART. 2. All surtaxes established in virtue of anterior provisions shall continue to be in force and shall, as heretofore, be applicable to customs receipts. In virtue of the present decree there shall, in addition, be created a new surtax of 3 per cent on the total proceeds of said receipts, surtax applicable both to import and export duties.

ART. 3. The present decree repeals all other laws, decrees, or provisions contrary thereto. Decree of August 9, 1897.

[1] *Dominican tariff increase.*—The following has been received from Consul Grimke, dated Santo Domingo, March 23, 1898:

I transmit a copy and translation of a new law of the Dominican Government, increasing all customs duties 10 per cent; the same to take effect on and after the 1st day of April, 1898:

DECREE.

ART. 1. That there be created a surtax of 10 per cent on the customs dues existing at present, destined exclusively for the guaranty and payment of the obligations contracted by the Government with the internal commerce of the Republic, in connection with the operations which are being carried on in the conversion of the foreign debt denominated "Consolidated gold bonds, 4 per cent, 1893," and the "French-American reclamation consols, 1895."

ART. 2. The time during which the surtax decreed in the foregoing article shall be applied shall be left to the discretion of the Executive, and regulated as he may deem advisable.

EXEMPTIONS AND IMMUNITIES.

The exoneration of the duty "octroi" or "town dues" is exceptionally attributed to the following articles:

First. Victuals, matters and all articles of any nature destinated for different services of the "Etat."

Second. Articles of all sorts imported for the colony or communes, with bill of lading to prove the same.

Third. Articles of all nature, including pianos, composing the furniture and clothing of strangers coming to establish themselves in the colony, or Frenchmen who also come, when such articles bear traces of having been already used. This disposition is not applicable to household provisions, suspended carriages, or horses and harness.

Fourth. Clothing and equipments for the troops and uniforms for officers and functionaries.

Fifth. Clothing and equipment imported for account of the active service of custom-house officers.

Sixth. Horses and mules imported on direct order for the gendarmery and artillery.

Seventh. The materials and supplies for navigation companies, subventioned by the "Etat" or the colony.

Eighth. Instruments, cable wire, and all other necessary matters for the service and construction of telephonic and telegraphic lines subventioned by the colony.

Ninth. Guano from Peru.

Tenth. Natural and artificial ice.

Eleventh. Machines to decorticate ramie.

Twelfth. Objects of collection outside of commerce.

Thirteenth. Books of all sorts, and geographical charts.

Fourteenth. Church ornaments and all other articles destinated for the creed, imported directly for account of said society.

3. STATISTICAL DUTIES.

Merchandise in casks, barrels, cases, boxes, bags, and other packages, 15 centimes (2.89 cents) per package.

Merchandise in bulk, such as coal, etc., 15 centimes (2.89 cents) per metric ton or cubic meter.

Animals, living or for slaughter, of the following kinds: Horses, mules, asses, oxen, goats, hogs, etc., 15 centimes per head.

This duty is free of all additional taxes. Any merchandise in bulk, tariffed otherwise than by weight or cubic meter, will pay at the rate of 15 centimes per 1,000 kilograms (2,204.6 pounds).

The duty will be claimed but once for merchandise reexported immediately or transshipped immediately at the port of arrival. Said merchandise withdrawn from the bond house will pay, but if it is to be sent for the exterior, it will be exigible separately on the packages containing different articles which would be joined together under one wrapping in the evident purpose to elude the tax per package. When it will be of packages of the same merchandise, and of a gross weight of 6 kilograms to the maximum, it will be subject a duty of 15 centimes per group of 5 packages. Manures, bales, and packages, simply tied by small bands of iron, rope, or wood, will be considered and taxed as merchandise in bulk.

EXEMPTED FROM STATISTICAL DUTY.

Funds shipped to and from by the treasury; travelers' baggage; fresh or salted fish from French fisheries; postal packages; the remainder of provisions landed for the short allowance of ships' crews; wrecks; cargoes landed on account of bad weather or having to put in at port, and destined to be reexported; material of equestrian troops or others of passage through the colony; ballast, and samples without any merchantable value; vessels bought for naturalization; articles for collection; cargoes of ice and comestibles preserved to the extent of one-tenth of the provision of ice; material for ice houses possessing immunities; material for telegraphic and telephonic companies subventioned.

## II.—Extract from the Deliberation of the Council-General of Martinique[2] Establishing Regulations for the Collection of the Sea Octroi.

[Journal officiel of September 8, 1898.]

The council-general, taking into consideration article 6, paragraph 1, of the law of January 11, 1892, adopts the following provisions:

Art. 1. The sea octroi shall be applicable to goods of whatever origin, whether they be imported, harvested, prepared, or manufactured in the colony. This octroi shall be collected conformably to the annexed schedule, specifying the goods liable to the octroi and the basis for the collection thereof.

Art. 2. The sea octroi shall be liquidated on importation by the customs, and collected under the same conditions and according to the same rules as customs duties. Credit can, in no case, be allowed for sea octroi. Decrees of the governor, in privy

council, shall assure the collection of the sea octroi on the goods enumerated in the tariff of these duties and which are harvested, prepared, or manufactured in the colony.

ART. 3. The proceeds of the sea octroi shall be allotted to the communes in proportion to their population.

* * * * * * *

ART. 6. All goods entering into the colony, whether liable to sea octroi or not, must be declared at the custom-house, under penalty of forfeiture and liability to a fine of 500 francs.

ART. 7. Goods other than those forwarded coastwise from one place to another in the colony may only be landed in ports open to trade. These ports are Fort de France, Saint Pierre, Trinité, François, and du Marin. If important commercial interests require that a vessel should land goods elsewhere than in one of the ports open to trade, the captain or consignee of the vessel shall apply to the chief of the customs for the necessary leave to effect such discharge. On this authority being granted, the vessel may proceed to the spot indicated, where the operations so exceptionally undertaken shall take place under customs surveillance. The captain will, however, be required to fulfill at the custom-house in whose district the place of discharge is situated the necessary formalities for entry, under a penalty of a fine of 500 francs in addition to the confiscation of the goods. The authorization granted can always be revoked in case of abuse.

ART. 8. When the landing of goods has been regularly authorized, each transport by lighter from the vessels to the shore must be accompanied by a memorandum, under the hand of the captain, stating the marks, numbers, quantities, and nature of the goods so conveyed. The said memorandum shall be delivered to the customs officers prior to the unloading of the lighter, under penalty of the confiscation of the goods and of a fine of 100 francs inflicted on the lightermen.

ART. 9. French vessels not regularly engaged in the coasting trade, as well as foreign ships which, save in case of properly justified "force majeure," or without the special authority provided in the foregoing article 7, section 2, enter any port other than those open to trade, shall be confiscated, together with their cargo, and shall be liable to a fine of 1,000 francs. This will likewise apply should such vessels unlawfully discharge goods along the coast, and all goods already landed shall be also forfeited. The same penalties shall be applicable whether relating to undecked boats of the colony arriving from abroad or foreign pirogues or canoes, should they put in elsewhere than the aforesaid open ports, or discharge or land, or attempt to discharge or land, goods along the coast.

ART. 10. Any owner or consignee of imported goods must, like for customs matters, furnish the customs, within three days from the entry of the vessel, with a declaration in due form. The value to be declared for goods liable to an ad valorem duty is the actual value on the spot—i. e., the value at the place of origin or manufacture of the imported article, increased by the charges for freight, insurance, and commission incurred up to the landing in the colony.

ART. 11. If, on entry, the customs suspect that the value of the goods dutiable ad valorem has been inaccurately declared, they may proceed to an evaluation of the goods by experts. Two arbitrators or experts shall thereupon be appointed, one by the declarer and the other by the chief of the local customs service. Should the declarer refuse to appoint an expert, the president of the tribunal shall appoint one on his behalf. Should the experts not agree or the declarer exact it, when the experts are appointed the latter shall choose an umpire. In the event of the experts disagreeing, the umpire shall be appointed by presidents of tribunals of commerce in cities, and by the justice of the peace in other localities. The same magistrates shall appoint a first expert when the declarer refuses to select one. The decision of the arbitrators must be rendered within eight days from their appointment. This decision shall be final and no appeal can be taken therefrom. Should the experts' examination establish that the value does not exceed by more than 5 per cent the amount declared by the importer, the octroi shall be collected on the amount declared. Should the value assessed by the experts exceed 5 per cent the amount of the declaration, the excess shall be liable to quadruple duty. For goods taxed at 10 per cent ad valorem or less, quadruple duty shall only be incurred when the excess exceeds by 10 per cent the value declared. When it is equal or inferior, but exceeding 5 per cent, the collection shall be effected on the experts' assessment. All expenses due for the experts' assessment shall be borne by the declarer should the value assigned by the arbitration committee exceed by 5 per cent the declared value; otherwise the same shall be borne by the treasury of the sea octroi.

ART. 12. In case of contestation between the customs and commerce respecting the origin, kind, or quality of the goods presented for inspection, the difference shall, if

the value of the goods does not exceed 1,000 francs, be settled in the colony by experts, after the parties concerned have signed a promise to absolutely abide by the experts' award. Matters of greater importance shall be referred to the appraisement committee attached to the ministry of commerce, according to the disposition of the laws of July 22, 1822, May 7, 1881, and January 11, 1892. The goods may be delivered forthwith, provided that the declarer undertakes, under bond, to discharge such duty or octroi and the expenses for the appraisement on the customs evaluation. The expenses for this appraisement shall only be borne by the declarer when the declaration is found inaccurate.

ART. 13. The goods may be detained by the customs either for inspection or appraisement, or as security for the fines incurred or guarantee for the collectible octroi.

ART. 14. Merchandise, not being postal parcels, stored at the custom-house for inspection or after examination must be removed within the undermentioned delays, under liability to a custody tax, to be fixed by the council-general within forty-eight hours from the storage, when the consignee is domiciled in the place where the custom-house of reception is situated, and within five days in contrary cases. No tax shall be collected for delays resulting from the necessary verification. Goods not withdrawn within eight days shall be treated like those mentioned below.

ART. 15. Goods remaining in customs warehouses, in cases other than those mentioned in article 13, especially in default of a detailed declaration, shall be recorded in a special register within eight days from their storage. Claimants when withdrawing goods must, in addition to a custody tax, pay a warehouse tax, the amount of which shall be fixed by the council-general. If the said goods remain unclaimed at the expiration of one year from the date of the entry thereof in the storage register, they shall be sold for the benefit of the colony according to the formalities prescribed by the law of August 22, 1791. Goods which the declarer, for any reason whatever, abandons to the administration shall be sold in like manner for the benefit of the colony, on complying with the formalities prescribed for seized goods. The amount of duties and expenses shall be deducted from the proceeds of the sale.

ART 16. The provisions of edicts, laws, ordinances, or decrees now in force at Martinique in matters relating to customs shall be applicable in the colony to cases of sea octroi. For the interpretation of these regulations customs employees must conform to ministerial and administrative decisions relative thereto. The sea octroi on importation shall be assimilated to customs duties for the form of declarations, method of collection, and especially enforced recovery. The keeping, custody, and communication of books and other documents, limitations for the benefit of the public treasury and the taxpayer, method of repression and settlement of contraventions, rules of competency and procedure, as well for legal proceedings as for contestations on the application of the tariff—in one word, for the régime applicable thereto—the sea octroi shall be considered, in all respects, as customs proceeds. Consequently, the obligations of captains relative to manifests, ship's papers, etc., as well as those of consignees and consignors of goods for declarations, etc., the obligations and powers of the customs service, the régime for storage, litigations, and penal dispositions are, for matters relating to the sea octroi on importation, the same as for customs matters.

EXEMPTIONS AND IMMUNITIES.

ART. 17. The following articles shall exceptionally be exempt from the sea octroi:

1. Provisions, materials, and articles of all kinds destined to the various services of the state, colony, or communes.
2. Church ornaments and articles for worship, imported directly for account of the vestries.
3. Furniture and articles of clothing showing, on examination, traces of use.
4. Articles of clothing and equipment for the troops and uniforms for officers and functionaries.
5. Articles of clothing and equipment imported for account of the active customs service (mass).
6. Instruments, cables, wire, and other materials necessary for the service and construction of telegraph and telephone lines subventioned by the colony.
7. Materials and stores for navigation companies subventioned by the state or colony, other than those transporting goods or passengers between the different ports of the colony.

Deliberated in public session of the council-general on December 24, 1897.

## HAITI.

[Corrected to June 1, 1899.]

The import duties collected in the custom-houses of Haiti may be paid in foreign money. An additional duty of 10 per cent on the import and tonnage duties is collected on merchandise and vessels of countries which have no consuls or consular agents in the Republic. But this latter duty will not be collected on the merchandise and vessels of nations which officially recognize the Government.

Charges for weighing are imposed on all imported articles, whatever their designation, which are sold by the pound, quintal, or ton. This charge is about 50 cents per 1,000 pounds.

Weighing charges are also imposed upon all provisions, dyewoods, and other products exported from the country, and sold by weight, at the rate of 50 cents per 1,000 pounds.

## MONEY, WEIGHTS, AND MEASURES.

*Money.*—The monetary unit of Haiti is the gourde, which is divided into 100 cents; value, 96½ cents American currency.

*Weights.*—Quintal equals 100 pounds (about).

*Measures.*—The aune (yard mentioned in the tariff) equals 46.77 inches. The pied (foot mentioned in the tariff) equals 12.78 inches, and is subdivided into 12 pouces (inch mentioned in the tariff) or 144 lignes (lines). The toise equals 6 pieds, and the pas equals 3½ pieds. The gallon is the old English wine gallon.

[1] Tariff increase in Haiti.—Vice-Consul-General Terres writes from Port au Prince, March 6, 1899, that according to a decree published on February 25, a surtax of 25 per cent is established on all importations from and after March 14, 1899, the proceeds to be applied to the gradual withdrawal of the paper money now in circulation in the Republic.

This increase has been added to the duties throughout the schedules.—*Note by the Bureau of Foreign Commerce.*

## MODIFICATIONS TO THE CUSTOMS TARIFF.

[August, 1898.]

The customs tariff of Haiti shall be completed and modified in accordance with the under-mentioned laws:

*IMPORTATION.*

### I.—Régime Applicable to Goods not Specially Mentioned in the Tariff.

[Article 24 of the law of July 13, 1858.]

Goods or products proceeding from abroad and not specially mentioned in the tariff shall be appraised according to the wholesale prices current at the place of export; the amount of this appraisement shall be reduced to gourdes at the rate established by the administration for reckoning the value of foreign coins, and on the amount thus obtained 20 per cent shall be collected, irrespective of the additional 10 cents per gourde for wharfage and weighing charges.

### II.—Surtax Leviable on Importation.

[Law of November 16, 1876.]

Art. 1. The following enactments shall, on and after December 1 next, be repealed, viz: Article 11 of the customs law, dated July 13, 1858, concerning consignment duties; the law of October 2, 1863, establishing an additional import duty of 10 per cent; the law of September 21, 1870, levying 10 per cent for the liquidation of the debts connected with the revolution, and the law of August 21, 1872, creating 25 per cent on importation for the withdrawal of paper money.

Art. 2. The foregoing additional duties shall be substituted by an import duty of 50 per cent.

* * * * * * *

### III.—Further Surtax Applicable on Importation.

[Law of March 2, 1883.]

* * * * * * *

Art. 3. A further additional duty of 33⅓ per cent on the fixed import duties, as now established in the tariffs relating thereto, shall be collected; the same shall be applied to the requirements of the current service, without prejudice to the surtax of 50 per cent, which shall continue to be levied on the amount of the fixed duties.

### IV.—Classification of Wheels and Axles for Ox Carts (Cabrouets).

[Law of August 19, 1884.]

Art. 1. One month after the promulgation of the present law, ox-cart wheels shall be liable to a fixed duty of 5 gourdes, 50 cents, per pair.

Mule-cart wheels shall pay a fixed duty of 4 gourdes, 50 cents.

Art. 2. Axles are assimilated to iron, and, owing to their weight, shall be liable as iron bars.

### V.—Régime Applicable to Sewing Machines.

[Law of November 9, 1893.]

Art. 1. On and after January 1 next, sewing machines shall, exclusive of surtaxes, be dutiable as follows:

| | Cents. |
|---|---|
| Single-thread machines | 10 |
| Double-thread machines | 20 |
| Machines with stand | 50 |

## PROMULGATING ORDER.

WAR DEPARTMENT,
*Washington, January 20, 1899.*

The following order of the President is published for the information and guidance of all concerned:

EXECUTIVE MANSION, *January 20, 1899.*

By virtue of the authority vested in me as Commander in Chief of the Army and Navy of the United States of America, I do hereby order and direct that the following tariff of duties and taxes shall be levied and collected, and the regulations for the administration thereof shall take effect and be in force in all ports and places in the island of Porto Rico and all islands in the West Indies east of the 74th degree, west longitude, evacuated by Spain, on and after February 1, 1899.

All questions arising in the administration of customs shall be referred to the collector at the port of San Juan for decision, and there shall be no appeal from such decision except in cases where the collector may find it expedient to ask for special instructions of the War Department on the points involved.

Necessary and authorized expenses for the administration of said tariff and regulations shall be paid from the collections thereunder.

Accurate accounts of collections and expenditures shall be kept and rendered to the Secretary of War.

WILLIAM MCKINLEY.

The above order and the following tariff of duties and taxes prescribed thereunder will be proclaimed and enforced, as therein provided, and all regulations and orders heretofore issued inconsistent herewith are hereby repealed.

G. D. MEIKLEJOHN,
*Acting Secretary of War.*

## REGULATIONS FOR THE GUIDANCE OF OFFICERS CONCERNED IN THE COLLECTION OF DUTIES ON IMPORTS, TAXES, AND OTHER CHARGES AND EXACTIONS TO BE LEVIED AND COLLECTED AS A MILITARY CONTRIBUTION AT PORTS AND PLACES IN PORTO RICO.

### CUSTOMS PORTS.

1. The port of San Juan has been duly designated as the chief customs port of Porto Rico, and the following have been declared to be subports, viz, Ponce, Mayaguez, Arecibo, Aguadilla, Humacao, Arroyo, and Guanica, and the officer of the Army duly assigned to each of said ports as collector will have general jurisdiction of the collection of customs at such ports, respectively. Every collector stationed at a subport will make weekly reports to the collector at San Juan of all transactions at his subport, with copies of all entries of merchandise duly certified; and all moneys collected at subports must be deposited with the duly designated officer, whose receipt therefor must be taken in duplicate. Any questions arising at any subport will be referred to the collector at San Juan for his decision, from which there shall be no appeal, except in such cases as he may refer for decision to the Secretary of War.

### NAVIGATION BETWEEN THE UNITED STATES AND PORTO RICO CONFINED TO AMERICAN VESSELS.

2. Trade between ports of the United States and all ports or places in Porto Rico, and trade between ports or places in Porto Rico, shall be carried on in registered vessels of the United States and in no others.[1]

(*a*) Any merchandise transported in violation of this regulation shall be subject to forfeiture.

(*b*) For every passenger transported and landed in violation of this regulation the transporting vessel shall be subject to a penalty of $200.

(*c*) This regulation shall not be construed to forbid the sailing of other than registered vessels of the United States with cargo and passengers between the United States and ports or places in Porto Rico, or between ports or places in Porto Rico, provided that none are landed, but are destined for some foreign port or place.

(*d*) This regulation shall not be construed to authorize any lower customs charges or tariff charges on the cargoes of American vessels entering from the United States than are paid on the cargoes of foreign vessels entering from foreign ports.

### ENTRANCE AND CLEARANCE OF VESSELS.

3. Every vessel shall, on arrival, be placed under customs control until duly discharged. Passengers with no dutiable property in their possession may be permitted to land without detention.

If any merchandise be found on board any vessel which is not included in her manifest, produced as required by these regulations, the master shall forfeit an amount equal to the value of the merchandise not manifested, and all such merchandise belonging to or consigned to the officers or crew of the vessel shall be forfeited. These forfeitures shall not be incurred, however, if it shall be made to appear to the principal customs officer of the port that the errors and omissions in the manifest were made without intention of fraud or collusion. In such case the master may be allowed to correct his manifest by means of a post entry. Should any package or article named on the manifest be missing on the arrival of the vessel, or if the merchandise on board does not otherwise agree with the manifest delivered by the master, except as above prescribed, the master shall be liable to a penalty of $500; but if it is made to appear to the satisfaction of the principal customs officer at the port that no part whatever of the merchandise of such vessel has been unshipped, landed, or unladen since it was taken on board except as specified in the manifest, and pursuant to permits, or that the disagreement is by accident or mistake, in such case the penalty shall not be inflicted.

4. Within twenty-four hours after the arrival of any vessel the master must, under a penalty for failure of $1 per ton registry measurement, produce to the proper officer a manifest of her cargo, with the marks, numbers, and description of the packages and the names of the respective consignees, which manifests, if the vessel be from a port in the United States, shall be certified by the collector of the port of sailing. If the vessel be from any other than a United States port, her manifest must be certified by the United States consul or commercial agent at such port; if

[1] By War Department circular of May 1, 1899, this paragraph is temporarily amended so as to permit all vessels, foreign or American, to load and clear for the United States.

there be no United States consul or commercial agent at such port, then by the consul of any nation at peace with the United States; and the register of the vessel shall, upon her arrival in Porto Rico, be deposited with the consul of the nation to which she may belong, if any there be; otherwise with the collector of the port, until the master shall have paid such tonnage taxes and other port charges as may be due under these regulations.

5. No vessel shall be allowed to clear for another port until all her cargo shall be landed or accounted for. All goods not duly entered for payment of duty within five days after their arrival in port shall be landed and stored, the expense thereof to be charged against the goods.

6. Prior to the departure of any vessel from any of the ports herein designated the master shall deposit with the proper officer a manifest of the outward cargo of such vessel, specifying the marks and numbers of packages, a description of their contents, with names of shippers and consignees, with a statement of the value of each separate lot; also names of passengers and their destination. A clearance will then be granted to the vessel. No prohibited or contraband goods shall be exported.

6½. No merchandise shall be brought, under penalty of forfeiture thereof, into Porto Rico, from the United States or any foreign country, in any vessel measuring less than 30 tons gross in capacity.

TONNAGE DUES.

7. At all ports or places in Porto Rico there shall be levied the following navigation and port charges:

On entry of a vessel from a port or place not in Porto Rico or not in the United States, 20 cents per net ton.

On the entry of a vessel from a port or place not in Porto Rico or not in the United States, lading or discharging cargo which is less than the net tonnage of the vessel, dues of $1 per thousand kilograms may be imposed, at the option of the master or consignor or consignee of the cargo, in lieu of the tonnage tax above prescribed.

On entry of a vessel only to discharge or take on board passengers and their baggage, the tonnage tax above prescribed shall not be imposed.

The following shall be exempt from tonnage dues:

A vessel belonging to or employed in the service of the Government of the United States.

A vessel of a foreign government not engaged in trade.

A vessel in distress.

A yacht belonging to an organized yacht club of the United States or of a foreign nation which imposes no tonnage or equivalent taxes on American yachts.

A vessel engaged in trade between the United States and Porto Rico.

A vessel engaged in the coasting trade of Porto Rico.

The tonnage of a vessel shall be the net or register tonnage expressed in her national certificate of registry.

ENTRY OF MERCHANDISE.

8. All imported merchandise must be entered at the custom-house of the port of arrival, either for immediate consumption or in bond, by the person holding a bill of lading which names him as the consignee or a bill of lading indorsed to his order by the consignee named therein. A banker holding a bill of lading as security for advances of money may transfer the same, by indorsement, to the actual importer. Underwriters will be recognized as consignees of merchandise abandoned to them and salvors as consignees of merchandise found by them derelict at sea.

A consignee holding a bill of lading drawn to his order or assigns may transfer the same to any person who can lawfully make the required declarations on entry, and the holder of a bill of lading drawn, in blank, "to order," and indorsed by the shipper or consignor, may make entry of the merchandise specified therein.

9. Whenever, from evidence furnished by the invoice or bill of lading, or, as in the case of custom-house brokers and forwarders, by the known business of the parties making entry, the collector has reason to believe that the consignees named in the bill of lading are in fact intermediary agents for the delivery of the merchandise to the ultimate consignees or real owners, there shall be required upon the entry a statement of the names of such ultimate consignees, and bonds must be taken for the production of the declaration of the owner or real importer. And collectors will, whenever they consider it expedient, require such ultimate consignees or owners to produce any invoices or bills of sale pertaining to the importation which they may have in their possession.

10. Merchandise of which entry is not perfected at the expiration of the period allowed by these regulations for the discharge of cargo of the importing vessel will be taken possession of by the collector as unclaimed and placed in store, to be disposed of as hereinafter provided.

Digitized by Google

*Regulations for the guidance of officers, etc.*—Continued.

Unless otherwise specially provided by regulation, duties accrue upon imported merchandise on arrival of the importing vessel within a customs port with intent to unlade.

11. Entries for bonding may be made either for placing the merchandise in warehouse or for its constructive warehousing and immediate transportation to other ports without appraisement; and merchandise in warehouse may be withdrawn either for consumption, for exportation, for transportation to another port, and rewarehousing. Two of these objects may in some cases be combined in one withdrawal. Whenever goods are so transported in bond without appraisement, they must be consigned to the care of the collector or acting collector at the port of destination, who will allow entry to be made at his port by the actual consignee.

12. Entries shall be in duplicate in writing, according to prescribed form, and shall be signed by the importer or his duly authorized agent, and shall declare the names of the importing vessel and her master, her port of departure and date of arrival, the number and marks of packages, or the quantity, if in bulk, and the nature of the merchandise contained therein; also the value thereof as set forth in an invoice to be presented with the entry, with all costs incident to placing the same, packed, ready for shipment to the United States.

13. Every invoice must represent a distinct shipment to one consignee or firm of consignees by one vessel. If by reason of accident or short shipment a portion thereof should fail to arrive, an extract from the original invoice, certified by the collector and naval officer, may be used for entering the remaining packages, but the consolidation of separate shipments on one invoice shall not be permitted. Invoices must be made out on firm and durable paper and legibly written in ink, and must contain the quantities of the merchandise in the weights and measures of the country of exportation. Press copies shall not be accepted for customs purposes.

14. The description on the entry of the merchandise shall be in terms of the tariff and in the currency of the invoice, and the values of the several classes of merchandise shall be separately placed under their respective rates of duty, as claimed by the importer, and the totals of each class duly shown. The rates of duty thus stated on the entry shall be advisory only, and shall not govern the collector's classification for the assessment of duty.

*Form of entry for immediate consumption.*

Entry of merchandise imported by ——— ———, in the ———, ——— ———, master, from ———, on the ——— day of ———, 18—:

———— ————.
[Importer's signature.]

15. For the assessment of duty, the currency of the invoice must be reduced to the money of account of the United States upon the basis of the values of foreign coins, as proclaimed by the Secretary of the Treasury on the 1st days of January, April, July, and October of each year. The date of the invoice will indicate the value of the currency.

Where an invoice is made out in Spanish silver pesetas and accompanied by a consular certificate showing the equivalent value thereof in Spanish gold pesetas, then the duty thereon may be assessed on the basis of the Spanish gold peseta.

When the standard value of a foreign coin has not been thus proclaimed, any invoice expressed in such coin must be accompanied by a consular certificate showing its value in standard gold dollars of the United States.

16. Every invoice, as soon as entered, shall be stamped with the date of the entry and certified by the signature of the acting collector or his deputy; and the officers

whose duty it is will compare the classification made by the importer with the description given in the invoice, and will see that the merchandise is entered at the rates provided by the tariff. Entries and all papers pertaining thereto, respectively, will be designated by a serial number.

The rates of duty charged upon entry and the entered value shall be indorsed on the invoice, which shall be stamped with the date of entry and name of the vessel of importation.

17. The consignee named in the bill of lading, or the person to whom such consignee shall, by indorsement, have assigned the bill of lading, shall present to the officer duly designated for that purpose by the military authority his bill of lading, an invoice describing the goods, showing their character, quantity, and cost, together with an entry in duplicate showing the name of the importer and of the vessel of importation, the place whence the goods were imported, the date of their arrival at the port of destination, the marks and numbers of the packages, the nature and quantity of their contents, their value, including costs incurred in packing them for shipment, and the currency in which the invoices were made out. The invoice must be made out in the currency of the country of exportation, and need not be verified. The entry shall be signed by the importer, who must make affidavit to the truth of all the statements contained therein, and shall agree in value and description with the facts shown by the invoice.

18. After the packages and contents have been duly compared with the invoice and found to agree therewith, the duty due thereon will be computed on the face of the entry; and only after the payment of the proper duties and charges an order for the delivery of the packages and contents will be issued by the proper officer.

19. Any objections to the assessment of duty must be filed by the importer before the payment by him of the same; and no refund of duty will be made thereafter, except when specially ordered by the general in command.

20. The acting collector of the port shall cause to be examined not less than 10 per cent of the packages comprised in any one invoice, and shall satisfy himself of the nature and quantity of the contents. The examining officer shall indorse upon the invoice, in red ink, his report as to the dutiable character and value of the merchandise; and this report shall be the basis for the exaction of duty by the collector.

21. Goods found to be fraudulently entered, either as to value, quantity, or character, shall be forfeited to the Government, and any goods which have been the subject of an attempt to import into Porto Rico without going through the custom-house shall be seized and confiscated.

22. Entries of merchandise covered by any one invoice may be made simultaneously for both consumption and warehouse. Where an intent to export the merchandise is shown by the bill of lading and invoice, the whole or a part of an invoice, not less than one package, may be entered for "warehouse and immediate export." In this case the collector may designate the vessel in which the merchandise is laden as constructively a "warehouse," in order to facilitate the direct transfer of the goods to the exporting vessel. The same procedure may apply to goods entered for "warehouse and immediate transportation."

23. Any goods, wares, or merchandise not duly entered within ninety days after importation shall be sold at auction by order of the officer in command of the United States forces after five days' public notice, conspicuously posted at the port: *Provided*, That the period of ninety days may be extended by said officer not exceeding a period of six months from the date of importation, when good and sufficient reasons therefor are presented to him, if in his judgment the interests of the Government will permit of such extension. The proceeds of such sale will be kept for ten days, subject to the demand of the importer, after deduction of the proper duties on the goods and all expenses of storage and sale.

24. All seized and confiscated merchandise shall be sold in like manner, and the proceeds, after deduction of expenses, shall be turned over to the officer duly designated for that purpose.

25. The officer designated for that purpose shall receive all customs duties, fees, and charges, and shall without delay pay the same over to such officer as shall be designated by the commanding general. Records shall be kept and accounts rendered of all money transactions, and receipts in duplicate shall be taken by the officer paying over such moneys, one copy to be retained by him as his official voucher and the other transmitted by mail with his accounts to the War Department, Washington, D. C.

26. Such public buildings as may be suitable for the purpose shall be used and occupied for the transaction of business and for the storage of imports in the ports aforesaid.

27. All supplies and materials for the use of the Army and Navy of the United States shall, under suitable restrictions to be prescribed by the commanding general, be admitted without payment of duty.

28. Any goods, wares, or merchandise in bond or under general order which shall be withdrawn therefrom shall be subject to the rates of duty in force at the time of such withdrawal.

Export duties will be refunded on the return of the merchandise to the island without having been advanced in value or changed in condition by any process of manufacture while abroad.—Circular of April 14, 1899.

## SPECIAL RULES FOR THE WAREHOUSING OF IMPORTED GOODS AND FOR THEIR TRANSPORTATION IN BOND.

29. Warehouses duly authorized for the storage of imported dutiable goods shall be known and designated as of classes one, two, and three.

Where there is available space in the premises used as custom-houses, such space may be set apart for the storage of imported goods in bond, and the premises are to be known as warehouses of class one.

Other premises used for the general storage of imported goods are to be known and designated as warehouses of class two.

Yards used for the storage of heavy or bulky articles are to be known and designated as warehouses of class three.

### WAREHOUSES OF CLASS ONE.

30. At ports where there are Government stores, preference shall be given to them for the storage of seized goods, and also of unclaimed goods if there is sufficient space for their accommodation. Unclaimed and seized goods may also be deposited, by order of the collector or acting collector, in warehouses of class two. Where there are no class two warehouses, the collector or acting collector may procure suitable premises for the temporary storage of unclaimed or seized goods; but in all cases the rent and other attendant expenses must be charged against the goods.

### WAREHOUSES OF CLASS TWO.

31. Where it is not practicable to bond the entire building, the first or ground floor of the premises may be bonded as a warehouse of class two, provided all interior means of communication between such first or ground floor and the remainder of the premises are removed, and there are no other means of entrance or exit to the bonded portion except those upon a street or other public thoroughfare. The general storage of imported merchandise may be allowed in warehouses of class two upon the order of the collector or acting collector of customs.

The rates of storage and compensation for labor in the handling of bonded goods will be as agreed upon between the owner or importer of the goods and the proprietor of the warehouse, who will receive the amount due for storage and labor, the collector or acting collector looking to the safe custody of the goods only for the security of the revenue. The proprietor of the warehouse will not be allowed to make charges for storage, labor, or other expenses in excess of the regular rates prevailing at the port; and in instances where disputes arise with reference to such charges the collector or acting collector of customs shall determine the question whether or not the charges are excessive. No goods shall be delivered from bonded warehouse without payment of the proper charges thereon. A storekeeper shall be appointed to have immediate charge of the receipt and delivery of goods at any warehouse.

The bonded warehouses must, in addition to the locks of the proprietors, have placed thereon customs locks, the keys of which are to remain in the custody of the storekeeper assigned to the premises by the collector or acting collector.

Proprietors of bonded warehouses will be required to pay monthly to the collector or acting collector of customs a sum equal to the salary of the officers assigned to the premises as storekeepers, and to provide at all times suitable accommodations for such storekeepers in the warehouses.

The windows of the bonded warehouses, unless protected by iron bars, must be provided with substantial shutters, capable of being securely closed on the inside of the premises.

### WAREHOUSES OF CLASS THREE.

32. Warehouses of class three are to be used exclusively for the storage of wood, coal, mahogany, lumber, railroad, pig, and bar iron, and other heavy or bulky articles. Yards inclosed by substantial fences not less than 10 feet in height, with gates opening into a street or public thoroughfare, may be bonded as warehouses of this class.

Digitized by Google

*Regulations for the guidance of officers, etc.*—Continued.

Unclaimed and seized merchandise of a heavy and bulky character may be stored in warehouses of this class under the same regulations and conditions as are provided for the deposit of unclaimed or seized goods in warehouses of class two.

APPLICATIONS FOR ESTABLISHMENT OF BONDED WAREHOUSES.

33. Applications for the establishment of bonded warehouses of either of the classes hereinbefore mentioned must be made in writing to the collector or acting collector of customs, describing the premises, the location and capacity of the same, and the purpose for which the building is to be used.

Upon receipt of such application the collector or acting collector will cause an examination of the premises to be made, with reference particularly to its location, construction, and means provided for the safe-keeping of merchandise. If such examination is satisfactory, the collector or acting collector should transmit the papers, with an indorsement of his own views thereon, to the collector or acting collector, and if that officer approves the application the person or persons making the same should be notified by the collector or acting collector to enter into bond, in duplicate, in such penalty as may be deemed sufficient to protect the interests of the revenue. Not less than two individuals should be accepted as sureties, and they should each be required to file with the bond, in addition to their oaths as sureties, a statement showing real estate or other property owned by them, the value of which shall be at least equal to the amount specified in their oaths as sureties. Duly incorporated guarantee or security companies may be accepted as sureties whenever the collector shall be satisfied as to their sufficiency.

The bonds should be executed before the collector or acting collector, and if approved by him one copy of each bond should be retained by him on file, and he will notify the owner or occupant of the premises of the establishment of the warehouse. The other copy of the bond should be transmitted to the Auditor for the War Department.

FORM OF BOND TO BE GIVEN ON THE ESTABLISHMENT OF WAREHOUSES.

The bonds for warehouses of all classes will be in the following form:

Know all men by these presents, that we, ——— ——— and ——— ———, as principals, and ——— ——— and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars for the payment of which, well and truly to be made to the United States, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, by these presents, as witness our hands and seals this —— day of ———, 18——.

——— ———.
——— ———.

CONDITION OF BOND FOR WAREHOUSE OF CLASS TWO OR THREE.

The condition of this obligation is such that, if the above-bounden principals shall comply in all respects with the requirements and the regulations of the War Department in connection with the warehousing of imported goods, and shall exonerate and hold the United States and its officers harmless from or on account of any risk, loss, or expense of any kind or description connected with or arising from the deposit or keeping of imported merchandise, under the laws and regulations aforesaid, in the warehouse or premises known as ———, and shall also pay to the collector or acting collector, monthly, the salary of the officer or officers in charge; and if the proprietor or occupant of said warehouse shall receive for storage therein such unclaimed and seized goods as the collector or acting collector of the customs may order to be deposited therein, and shall safely keep and deliver to the claimant, on the order of the collector or acting collector, all seized goods stored as aforesaid and all unclaimed goods stored as aforesaid, on payment of storage and charges, and shall promptly report to the collector or acting collector any and all damaged or perishable articles that may be found or stored in said warehouse, and shall not receive any gunpowder or other dangerous or explosive substance, except firecrackers, into said warehouse, and shall keep in repair said warehouse, and shall not remove, nor suffer to be removed, any goods, wares, or merchandise from said warehouse without lawful permit, and without the presence of the customs officer in charge, then this obligation to be void; otherwise, to remain in full force and virtue.

GENERAL PROVISIONS.

34. The collector or acting collector of customs should promptly notify the Auditor for the War Department of the death, pecuniary embarrassment, or insolvency of any of the parties to a bond, or warehouse, or of any circumstances which make it advisable to require new bonds.

New bonds must in all cases be given when a warehouse passes into the hands of new principals, or where changes take place in partnerships.

Alterations in bonded warehouses can be made only by permission of the collector or acting collector, and if such alterations constitute a material change in the premises new bonds should be required.

It is the duty of the collector or acting collector to notify the Auditor for the War Department of all changes in the surroundings of bonded premises likely to affect their security. If burned or otherwise destroyed, immediate notice, with full particulars, should be given, and if rebuilt the premises can not be used as a bonded warehouse until bonded anew.

35. Proprietors or occupants of bonded warehouses will be required, on ten days' notice from the collector or acting collector, to renew their bonds, and if they fail so to do no merchandise should be sent to their warehouse, and that stored in the premises should be removed at the expense of the proprietors or occupants.

36. Warehouses may be discontinued by the collector or acting collector at any time upon receipt of written request to that effect from the proprietors or occupants of the premises, provided all the requirements of these regulations have been complied with on the part of the principals. In instances where dutiable merchandise is stored in the premises the same must be removed at the risk and expense of the proprietors, and the premises should not be surrendered, nor discontinuance authorized, until after a careful examination of the accounts of the warehouse and a comparison thereof with the books of the custom-house.

36*a*. The period which shall be allowed for the storage of bonded goods shall be one year from date of importation, but this period may be extended by the commanding general to two years when satisfactory reasons are shown for such extension.

WAREHOUSING GOODS.

37. The entry of goods for warehousing shall be in duplicate, in the following form, and verified by oath or affirmation, as in the entry of merchandise for consumption:

WAREHOUSE ENTRY.

CUSTOM-HOUSE, ———,

[To be signed by importer.]

The dutiable value of each package must be stated on this entry when the invoice will permit this being done.

Any portion of an invoice, not less than an entire package, or, if the merchandise be in bulk, not less than 1 ton in weight, may be entered for warehousing, and the remainder for consumption, or for warehouse and transportation in bond. In such instances, however, the entries must be made simultaneously, and the oaths or affirmations altered to correspond.

All package goods, including distilled spirits in casks, must be sent to and received in the warehouse by the shipping marks and numbers, and if imported without numbers they are required to be numbered consecutively from 1 upward. Such goods should be gauged, weighed, and in all respects dealt with by such numbers. The collector or acting collector should also, at the expense of the owner of the goods, cause each package, when received in warehouse, to be marked with the year and month when received, the name of the vessel in which it was imported, and of

the place whence shipped, such marking to be done under the supervision of the storekeeper, and the necessary labor to be furnished by the proprietor of the warehouse as a charge on the goods.

The shipping marks, numbers, and identification as above must be entered on books to be kept and on reports to be made by the officer in charge in his daily returns to the collector's office. They will then be entered in the general warehouse books at the custom-house, and the numbers therein given will be the designating numbers on all permits for withdrawal.

38. The entry for warehousing having been examined by the collector or acting collector, and the duty estimated thereon, the collector or acting collector will take a bond from the importer, with satisfactory security, in double the amount of such estimated duties, in the following form:

WAREHOUSING BOND.

Know all men by these presents, that we, ——— ———, as principals, and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars, to be paid to the United States, for the payment whereof we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, firmly by these presents.

Witness our hands and seals at the port of ——— this —— day of———, eighteen hundred and ——.

Whereas certain goods, wares, and merchandise, consisting of ——— (here insert marks, number, description of packages, quantity of contents), were originally imported at the port of ——— in the ———, whereof ——— ——— is (or was) master, from ———, on the —— day of ———, eighteen hundred and ——; and whereas the above-bounden principals have this day entered the same at the port of———, under the regulations of the United States providing for the warehousing of merchandise in bond, as per warehouse (or rewarehouse) entry number ——, in which the said goods, wares, and merchandise are also described or set forth.

Now, therefore, the condition of the above obligation is such that if, within one year from the said date of original importation, the said goods, wares, and merchandise shall be regularly and lawfully withdrawn from public store or bonded warehouse on payment of the legal duties and charges to which they shall then be subject; or if, at any time within one year from the said date of original importation, they shall be so withdrawn for actual export beyond the limits of Porto Rico, then the above obligation is void; otherwise, to remain in full force.

39. No partial withdrawal of merchandise from bonded warehouse will be allowed in less quantities than an entire package, or, if in bulk, of less than one ton.

Original importers are not by any subsequent transfers relieved, either personally or upon the warehousing bond, from their liability for duties. Both principal and sureties continue liable until the duties are paid or the merchandise exported.

The importer of record may transfer to any other person the right to any merchandise under bond, which shall be done in writing upon the face of the withdrawal:

Delivery of above goods may be made to ——— ———.

(Signed) ——— ———,
*Importer.*

40. The bond having been executed, the collector or acting collector will issue a permit to send the goods to the warehouse named in the entry, with the exception of such as may be designated for examination. This permit will be addressed to the inspector or other customs officer who supervises the unlading of the merchandise from the importing vessel, and will be in the following form:

41. When goods are sent from an importing vessel or car to a warehouse, or from one vessel or conveyance to another, or from warehouse to vessel or car, as well as all unclaimed merchandise, and all packages ordered for examination, they must be delivered to cartmen or draymen or lightermen appointed by the collector or acting collector, and after such cartmen, draymen, or lightermen have given bond in a sum not less than $5,000, with two sureties, conditioned for the faithful performance of their duty as draymen, cartmen, or lightermen.

The following is the form of bond prescribed for bonded draymen, cartmen, or lightermen, viz:

Know all men by these presents, that we, ——— ———, are held and firmly bound unto the United States of America in the sum of five thousand dollars, for which payment, well and truly to be made, we bind ourselves, our heirs, successors, executors, administrators, and assigns, jointly and severally, firmly by these presents:

Sealed with our seals this —— day of ———, eighteen hundred and ——.

Whereas the said ——— ——— has made application to be appointed one of the custom house ———, within and for the port of ———: Now, the condition of this obligation is such that if the said ——— ——— shall well and truly perform the several duties of a custom-house ———, according to the rules and regulations prescribed by the commanding general relative to lighterage, cartage, and drayage of goods in bond, et cetera, and the regulations prescribed by the collector or acting collector at the port of ——— in relation to said lighterage, cartage, and drayage, and shall make good all loss or damage which may happen in the ——— by said ——— ——— of any goods, wares, or merchandise from vessels to bonded warehouses, or to public store, or from one warehouse to another, or to any other place, when directed by a proper officer of the customs, then this obligation to be void; otherwise, to be in full force and virtue.

42. Any person, firm, or corporation owning one or more lighters, barges, scows, propellers, drays, or carts, may, upon producing evidence of good character to the collector, be appointed by him; and in instances where a general bond is advisable, such bond may be executed covering all of the wagons, lighters, drays, carts, etc., owned or managed by the person or persons giving the bond, which should be in an amount to be designated by the collector.

43. All merchandise not entered within forty-eight hours after arrival should be taken possession of by the collector or acting collector, and sent to a warehouse of class three as unclaimed goods.

44. On arrival of goods destined for another port, an entry for warehousing and transportation in bond must be combined, and should be in the following form:

45. This entry should be in triplicate, and one of the copies should be forwarded immediately by mail to the chief customs officer at the place of destination of the merchandise. With the entry should be filed a bond in an amount equal to double the duties chargeable on the goods. The bond should be in the following form:

TRANSPORTATION BOND.

Know all men by these presents, that we, ——— ——— and ——— ———, as principals, and ——— ——— and ——— ———, as sureties, are held and firmly bound unto the United States of America in the sum of ——— dollars, for the payment whereof to the United States we bind ourselves, our heirs, executors, administrators, and assigns, jointly and severally, firmly by these presents.

Witness our hands and seals, at the port of ———, this ——— day of ———, eighteen hundred and ———.

Whereas the merchandise described in the entry hereinafter referred to was heretofore imported into the United States at the port of ———; and whereas permission is desired, under the laws and regulations in such case made and provided, to transport the said merchandise to the port of ———, without the previous payment of duties thereon; and whereas entry thereof for (withdrawal from warehouse and) or (warehouse and immediate) transportation in bond hath this day accordingly been filed with the collector (or acting collector) of customs at the port of ———, in which the said merchandise is described as follows: (Here describe in accordance with entry), which said entry is numbered ———.

Now, therefore, the condition of this obligation is such that if the above bounden principals shall, within ——— days from the date hereof, transport, or cause to be transported, in ——— (here name vessel, railroad car, character, etc., and the route, as designated on the entry), and shall, within the time herein specified, deliver the same to the collector (or acting collector) at the said port of destination, and if due entry thereof shall be made for rewarehousing, and if said principals shall also, within the time herein specified, produce to and deposit with the collector (or acting collector) at the said port of withdrawal the certificate of the collector (or acting collector) of the said port of destination that the said merchandise has been delivered to him according to law, and rewarehoused, and the duties thereon paid or secured, or, failing to do so, shall pay to the proper collecting officer of the United States at the said port of withdrawal the amount of duties to be ascertained as due and owing on the merchandise aforesaid, and an additional duty of one hundred per cent, pursuant to the statute in such case made and provided, then this obligation to be void; otherwise it shall remain in full force.

46. The arrival of the goods at destination shall be reported by the common carrier to the collector or acting collector, who will require the owner of the merchandise, or his duly accredited representative, to make entry thereof, either for consumption or for warehouse; and the chief customs officer, in his treatment of the goods, will be governed by the instructions hereinbefore given for the guidance of officers at ports of original importation.

TRANSPORTATION IN BOND.

47. Common carriers, such as railroad or other transportation companies, in order to convey dutiable merchandise in bond from the port of importation to other ports, must give security in the nature of a general transportation bond in such penalty as may be directed by the collector, with at least two good and sufficient sureties, to be approved by him, conditioned that the principals shall transport and deliver to the collector or acting collector of customs at the port to which the merchandise may be consigned all goods in bond delivered to such carrier, such transportation and delivery to be made without delay. Application to bond routes for the purpose indicated should be made to the collector or acting collector of customs. If the application to bond is approved, the common carrier should be required to enter into bond in a penalty not less than $20,000, and in the following form:

BOND AS COMMON CARRIER.

Know all men by these presents, that we, ——— ———, as principals, and ——— ———, as sureties, are held and firmly bound unto the United States of America, in the sum of twenty thousand dollars, for the payment of which well and truly to be made we bind ourselves, our heirs, our successors, executors, and administrators, jointly and severally, firmly by these presents.

Witness our hands and seals this —— day of ———, eighteen hundred and ——.

Whereas the above-bounden ——— ——— has applied to be authorized and designated as a common carrier for the transportation of dutiable merchandise in bond in Porto Rico, under the rules and regulations prescribed by the United States, from the port of ——— to the ports of ———, ———, ———, in the following manner, viz: In suitable [here insert the "cars," "vessels," or such other means of conveyance as it is proposed to be used] owned or controlled by said [here insert the name of the principal on the bond], used in the transportation of goods between the ports named above; and in consideration thereof this bond is given to secure the United States of America against any loss or expense arising in connection with the transportation of merchandise over the route hereinbefore set forth under the provisions of the regulations prescribed by the War Department of the United States:

Now, therefore, the condition of this obligation is such that if the above-bounden principal shall duly observe and faithfully comply with the regulations pertaining to the transportation and safe delivery of imported merchandise, and shall pay the necessary expense of such locks, seals, or other fastenings as may be required by the collector for securing the custody and safe transportation of such merchandise, and shall use only such means of conveyance for transportation as may be prescribed, approved, and authorized by the collector, or acting collector, and shall without delay transport and make prompt report and safe delivery of all merchandise delivered to ——— ——— for transportation in bond, together with the manifest thereof, showing that such merchandise is in bond, and its port of destination, to the collector or other proper officer of the customs at the port of destination, in the manner required by the regulations aforesaid; or, in default of such delivery, shall pay to the United States as liquidated damages the value of all such merchandise not so transported and delivered, with the duties added, together with all costs, charges, and expenses caused by failure to make such delivery, and shall also protect and save harmless the United States from any loss or damage resulting from fraud or negligence on the part of any officer, agent, or other person employed by the above-bounden principal, then this obligation to be null and void; otherwise to remain in full force and virtue.

48. When merchandise is forwarded from the port of importation, separate manifests, in triplicate, should be prepared for each vessel, car, or other vehicle used for the purpose, signed by the agent of the vessel, railroad, or other company by which the transportation is made, and certified and delivered by the inspector. Each manifest should contain a description of the merchandise, by marks, numbers, and contents, the route, conveyance, port of destination, names of shipper and consignee. The manifests should be in the following form:

MANIFEST OF MERCHANDISE TRANSPORTED IN BOND.

PORT OF ——— ———.

Laden on car No. —— of the ——— railroad [or other transportation company; if vessel, name of same], for transportation to the port of ———, in the district of ———, by way of [here state route and conveyance as in the entry], to be delivered to the collector or other proper officer of the customs on arrival at the port of destination:

*Regulations for the guidance of officers, etc.*—Continued.

49. The officer in charge of the lading should see that manifests are furnished for each car or vessel or conveyance, as herein required, and he should certify on the manifest to the lading of the goods, giving the number of the car, or name and description of the vessel. One of the manifests should be delivered to the conductor of the car, or the master of the vessel, and the other two should be returned to the custom-house without unnecessary delay.

The collector or acting collector should transmit one copy of the manifest by first mail to the chief customs officer of the port of destination.

50. Upon arrival of the car or vessel or other conveyance at the port of destination, examination should be made of the fastenings of the vehicle for the purpose of ascertaining whether or not they have been tampered with. If such fastenings are not intact, or the collector has reason to suspect fraudulent attempts, he should take possession of the vehicle and its contents and report the facts to the commanding general. If there is no evidence that fraud has been attempted, the seals should be removed by the customs officer and entry of the goods allowed as hereinbefore provided for.

51. Merchandise in bonded warehouse may be examined at any time during the business hours of the port by the importer, consignee, or agent, who may take samples of his goods in reasonable quantities, according to the usage of the port; make all needful repairs of packages, and repack the goods if necessary for their safety or preservation, provided when the original contents are placed in the new packages they shall be marked and numbered as before.

Casks containing wines liable to sour may be refilled when necessary for preservation, but the wine used for such refilling must be part of the same importation and must have been withdrawn for consumption with payment of duties.

No samples shall be taken nor any goods exhibited or examined without a permit from the collector, countersigned by the naval officer, and under the supervision of an officer of customs, nor unless by request of the importer, owner, or consignee; nor shall any package be repaired nor goods repacked without a permit, to be granted only when necessary for the safety or preservation of the contents. Goods imported in bulk, and not in present danger of deterioration, can not be placed in packages while in warehouse.

52. All merchandise subject to a specific duty shall be dutiable according to the weight, measure, or quantity landed from the importing vessel.

53. Whenever the collector shall be duly notified of the existence of any lien for freight upon imported goods, he shall refuse delivery of the same until the lien has been satisfied.

54. Merchandise may remain in bonded warehouse for a period of one year, which period may be further extended by the collector at San Juan whenever sufficient reasons for such extension are presented to him. Merchandise not withdrawn at the completion of the prescribed period shall be forfeited to the United States, and shall be sold at auction. Out of the proceeds shall be paid all expenses incurred by the storage and sale of the goods and the duties due on the same.

55. Merchandise in bond may be withdrawn at any time for consumption, for transportation to another port, or for exportation, but no withdrawal shall be allowed before the liquidation of the original warehouse entry. The withdrawal must be made by the person or firm named in the original warehouse entry, or by a person or firm duly authorized by the former, which authority must appear in writing upon the face of the withdrawal. All withdrawals shall be made in duplicate or triplicate, as the case may be, and shall show the number of the bond, the marks and numbers of the packages withdrawn, the vessel and date of importation, the description, quantity, separate value of each package, and total dutiable value of the merchandise, and shall be signed by the party making the withdrawal.

56. No withdrawal for export shall be allowed before the liquidation of the warehousing entry, or a special liquidation of such items as refer to the merchandise exported, and there shall be no abatement nor allowance of duties on account of damage, loss, or deterioration of merchandise while in warehouse, except as provided by statute.

57. No merchandise shall be removed from a bonded warehouse unless upon a duly signed permit containing the designation of said warehouse, the date of the receipt of the merchandise therein, and the word "deliver" and date thereof, certified by the person in charge of the storage books at the custom-house.

WITHDRAWALS, AT ORIGINAL PORTS, FOR CONSUMPTION.

58. A withdrawal for consumption must be made out in the following form, and must be signed by the importer or by a party authorized by him. If by the latter, the original importer must place, upon the withdrawal, his written authority for the substitution. No oath or declaration is required for withdrawals from bond.

## CUSTOMS TARIFF.

### DISPOSITION 4.[1]—*Customs treatment of tissues.*[2]

GENERAL RULES.

1. *Number of threads.*—By the number of threads in a tissue shall, unless otherwise stipulated, be meant one-half of all the threads comprised in the warp and weft in a square of 6 millimeters. Should this half contain a fraction, the fraction shall be counted as an entire thread.

2. *Ascertainment of the number of threads.*—In order to determine, for customs treatment of tissues, the number of threads and the proportion in which the threads subject to the highest duty are found in the tissue, the instrument known as "thread-counter" shall be employed.

Should there be doubt as to the ascertainment of the number of threads in a tissue, owing to the tissue being closer woven in some parts than in others, the closest-woven part and the loosest-woven part shall be taken, and the average threads resulting from the two shall serve as a basis for levying duty.

When the nature of the tissue permits it, the thread shall always be counted on the obverse side of the stuff.

All wooly or melton-like tissues, and generally all tissues in which the hair has been removed by carding or fulling, the threads shall be counted on the reverse side of the stuff by rasping or burning the hair when necessary.

In exceptional cases, where, after these operations, the ascertainment of the number of threads remains doubtful, a sufficient part of the tissue must be unraveled.

Should this likewise be impossible, as, for instance, in case of ready-made articles, the tissue shall be subject to the highest duty of the group to which it belongs, and should the tissue be mixed, it shall be dutiable according to the class in which the highest taxed material entering into the mixture is comprised.

CUSTOMS TREATMENT OF MIXED TISSUES.

3. *Admixtures of two materials.*—Tissues of all kinds, composed of two materials, shall be dutiable as follows:

(*a*) Cotton tissues containing threads of hemp, jute, linen, ramie, or other vegetable fiber shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[3] provided that the number of these threads of hemp, jute, linen, ramie, or other vegetable fibers, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of hemp, jute, linen, ramie, etc., exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class V.

(*b*) Cotton tissues containing threads of wool, flock wool, hair, or waste of these materials shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[3] provided that the number of threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as tissues mixed with wool.

(*c*) Cotton tissues containing threads of silk or floss silk shall be dutiable according to the corresponding numbers of group 2, Class IV, with the surtaxes established in each case,[3] provided that the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*d*) Tissues of hemp, jute, linen, ramie, or other vegetable fibers containing threads of wool, flock wool, hair, or their wastes shall be dutiable according to the corresponding numbers of group 2, Class V, with the surtaxes established in each case,[4] provided that the number of these threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

---

[1] Dispositions 1, 2, and 3 suspended.

[2] The warp of tissues is to be considered as the totality of the threads which lie in the longitudinal sense, whether they form the foundation of the same or whether they have been added in order to form patterns or to give the stuff more body. The weft shall be considered the totality of the threads which cross the warp of the tissue, and combine the same conditions of helping to form patterns or to add to the body of the stuff.

*Import tariff*—Continued.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of group 2, Class VI, as tissues mixed with wool.

(*e*) Tissues of hemp, jute, linen, ramie, or other vegetable fibers, containing threads of silk or floss silk, shall be dutiable according to the corresponding numbers of group 2, Class V, with the surtaxes established in each case,[1] provided that the number of these threads of silk or floss silk, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*f*) Tissues of wool, flock wool, or hair, containing threads of silk or floss silk, shall be dutiable according to the corresponding numbers of group 2, Class VI, with the surtaxes established in each case,[2] provided that the number of silk or floss-silk threads does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceed one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI.

4. *Admixtures of more than two materials.*—Tissues composed of more than two materials shall be dutiable as follows:

(*a*) Tissues containing an admixture of wool and cotton, or of wool and other vegetable fibers, and at the same time threads of silk or floss silk, shall be subject to the corresponding duties of Class VI, as mixed woolen tissues, whatever be the proportion of the threads of vegetable fibers, and shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*b*) Tissues containing an admixture of cotton and other vegetable fibers, at the same time threads of silk or floss silk, shall be subject to the corresponding duties of Class V, and assimilated to tissues of jute, hemp, etc., whatever be the proportion of the cotton threads; they shall, in addition, be liable to the surtax leviable on the silk or floss-silk threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of silk or floss-silk threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

(*c*) Tissues of an admixture of wool, cotton, and other vegetable fibers, containing no silk threads, shall be subject to the corresponding duties of Class V, and shall, in addition, be liable to the surtax leviable on woolen threads, provided that the number of these threads, counted in warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of woolen threads exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as mixed woolen tissues.

5. *Silk tissues.*—All tissues containing silk or floss-silk threads, the number of which, counted in warp and weft, exceeds one-fifth without being more than one-half of the total number of threads composing the tissue, shall be considered as tissues mixed with silk.

When the number of silk or floss-silk threads, counted in warp and weft, exceeds one-half of the total, the tissues shall be considered and dutiable as of pure silk.

EXCEPTIONS.

For knitted stuffs, tulles, lace, blondes, tulles for borders and ribbons, composed of an admixture, exception to the preceding rules shall be made in the following cases:

6. *Knitted and netted stuffs.*—All kinds of knitted stuffs and tulles, lace, blondes, and tulles of all kinds for borders, when mixed, shall be dutiable according to the corresponding numbers of the class comprising the threads of the highest taxed material, whatever be the proportion of such threads in the tissue.

Knitted stuffs, lace, blondes, and tulles for borders, comprised in Class VII, shall be considered as tissues mixed with silk when they contain threads of cotton or other vegetable fibers, or of wool or flock wool, whatever be the proportion of such threads in the mixture.

Tulles less than 15 centimeters in width shall be considered as tulles for borders.

7. *Ribbons.*—Ribbons and galloons mixed with cotton and other vegetable fibers or with vegetable fibers and wool, containing no silk, shall be subject to the corresponding duties of the class comprising the highest taxed threads.

Ribbons or galloons containing silk, in whatever proportion, shall be dutiable as

*Import tariff*—Continued.

tissues according to the corresponding numbers of Class VII. When not exceeding 15 centimeters in width, they shall be considered as mixed silk tissues, provided that they contain in any proportion threads of cotton or other vegetable fibers or of wool or flock wool.

8. *Trimmings.*—Trimmings shall be dutiable on the total weight, as if exclusively composed of the apparent or visible textile material

Trimmings composed on their apparent or visible part of various textile materials shall be subject to the corresponding duties of the class comprising the highest taxed material. When the predominating component material consists of metallic threads of any kind, the trimmings shall be dutiable according to Class VII plus the surtax leviable on the metal.

Trimmings are distinguished from ribbons and galloons by the latter being real tissues, with warp and weft, while trimmings are plaited.

SURTAXES.

9. *Establishment of surtaxes.*—The surtaxes applicable, owing to broché, embroidery, metal threads, or making up, shall always be computed on the duties leviable on the tissue by taking into account, if necessary, the increase of such duties in case of admixture.

For the collection of the total duty, the surtaxes applicable for either of the above-mentioned reasons must, when necessary, be added together.

10. *Brochés.*—Tissues, *brochés*, or woven like brocades with silk or floss silk, shall be liable to the duties leviable thereon plus the surtaxes established in every case.[1]

By *broché* or brocaded tissues are meant all tissues with flowers or other ornaments applied by means of the small shuttle called "*espolin*" in such manner that the threads do not occupy the entire width of the stuff, but only the space comprising the flower or pattern.

11. *Embroidery.*—Tissues embroidered by hand or by machine after weaving or with application of trimmings shall be liable to the duties leviable thereon plus the surtaxes established in every case[2] by taking into account whether the embroidery contains metallic threads or not.

Embroidery is distinguished from patterns woven in the tissue, as the latter are destroyed by unraveling the weft of the tissue, while embroidery is independent of the warp and weft and can not be unraveled.

12. *Metallic threads.*—Tissues and trimmings containing metallic threads, in whatever proportion, shall be liable to the duties leviable thereon, plus the surtaxes established in every case.[3]

Tissues exclusively composed of metallic threads shall be dutiable according to Class VII, plus the surtax leviable on the metal.

13. *Made-up articles.*—Tissues manufactured into articles of all kinds shall be liable to the duties leviable thereon, plus the surtaxes established in every case.[4]

Ready-made clothing, wearing apparel of all kinds and of any style, and, generally, all articles made up by the seamstress or tailor, shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part.

For the application of the corresponding surtaxes, clothing and articles half finished or basted, shall be considered as made-up articles and clothing.

DISPOSITION 5.—*Rules applicable to goods not specially mentioned and to articles composed of several materials.*

1. Articles not enumerated in the tariff shall, for the application of duty, be assimilated to those which they most closely resemble.

When an article presented for customs clearance is not mentioned in a number of the tariff or in the repertory, and when doubts arise as to its assimilation to articles specified in the tariff, the interested party or the importer may request the customs authorities to indicate the number according to which such article is to be dutiable.

In such case the clearance shall be effected according to the number so indicated.

2. Articles which, owing to their nature or for their application, are composed of two or more materials or of different parts[5] shall, for the total weight, be taxed according to the material chiefly determining the value of the article.

3. In case of doubt as to which is the material chiefly determining the value of an article, such article shall be dutiable according to the most highly taxed component material.

*Import tariff*—Continued.

4. When the mixture of different materials has been made with a view of evading the payment of the duties of any specified number of the tariff, the duties leviable on the article subject to the highest duty shall always be collected.

DISPOSITION 6.—*Regulations to be applied in levying duty on packages and receptacles—tares.*

1. Packages and receptacles capable of again being used to contain goods or for other purposes, shall be dutiable according to the corresponding number of the tariff, unless in case of goods dutiable on gross weight, for which it is expressly provided that the weight of packages or receptacles shall, for tariff purposes, be included in the weight of the goods.

2. Packages and receptacles liable to higher duties than those established for their contents shall always be dutiable according to the number of the tariff to which they belong.

3. The following articles shall pay on gross weight, including packages and receptacles:

*Included in Class I:*

Marble, jasper, and alabaster, in the rough or cut into flat blocks, slabs, or steps.

6. All goods not enumerated in the foregoing lists or not included in the above-mentioned cases shall be dutiable on net weight or according to the bases stipulated in the respective numbers of the tariff; all packages or receptacles containing such goods shall be separately liable to the duties set forth in the corresponding numbers of the tariff.

7. Goods dutiable on gross weight entitled or not to tare allowance shall always be taxed inclusive of the weight of all interior paper wrappers, ribbons, envelopes, or packing.

8. When an article entitled to tare allowance is imported in bulk or merely fastened by means of rope or hoops, or packed in paper, straw, hay, or the like, no tare shall be deducted.

9. Goods dutiable on net weight shall pay together with the weight of the paper wrappers, ribbons, envelopes, or immediate receptacles other than the boxes or cases. Needles, pins, pens, and other articles comprised in Nos. 48, 49, and 64 shall be excepted from this rule, and will be weighed together with the boxes if of cardboard.

Other boxes and cases, also boxes and cases containing other articles, shall be dutiable according to the number of the tariff to which they belong.

Goods affixed to cardboard, cards, or wood shall be dutiable together with the weight of such package.

Twisted yarn of all kinds shall be dutiable together with the weight of the bobbins.

10. When the same package contains two or more articles dutiable on gross weight and paying different rates of duty, the highest taxed article shall be dutiable together with the weight of all exterior packages, subject to deduction for tare, if any.

The other article or articles shall be dutiable separately, with no allowance for tare.

11. When goods dutiable on gross weight and liable to the same duty, but for which different tares have been established, are inclosed in the same package, the lowest tare shall be deducted. Should part of the goods be dutiable on gross weight without any allowance for tare, no tare shall be deducted.

12. When the same package contains goods dutiable on gross weight as well as other articles dutiable on net weight or otherwise than on weight, all such articles shall pay separately, and those dutiable on gross weight must comply with the fore-

going rules, save that no article contained in the package shall be entitled to any tare allowance.

13. Packages containing mineral waters shall be dutiable according to the following rules:

Cases containing bottles shall be dutiable according to No. 189 (letter *b*) on 15 per cent of the gross weight of case and contents.

Bottles shall be dutiable according to No. 8, and for this purpose bottles containing 70 centiliters or more shall be considered as weighing 720 grams each.

For smaller bottles and for flasks, except of glass, and for other receptacles used for importing water, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the numbers of the tariff in which classed.

14. Receptacles containing brandies and liquors shall be treated as follows:

When the importation is effected in barrels or other casks, the receptacles shall be dutiable according to No. 191 (letter *a*) on 14 per cent of the gross weight if single and on 20 per cent if double.

When the importation takes place in bottles or flasks and in wooden cases or hampers, all such packages shall be dutiable according to the number of the tariff in which they are included.

The cases shall be dutiable according to No. 189 (letter *b*) on 15 per cent of gross weight.

The hampers shall be classed under No. 201 on 8 per cent of gross weight.

For bottles or flasks, also for any other receptacle serving to import alcohol, brandies, or liquors, the weight shall be practically ascertained, and such receptacles shall be liable to the duties established in the numbers of the tariff applicable thereto.

15. Receptacles containing wine shall be treated as follows:

When the importation is effected in barrels or other casks, the receptacles shall be dutiable according to No. 191 (letter *a*) on 12 per cent of gross weight if single and on 18 per cent if double.

When the importation takes place in bottles or flasks packed in wooden cases or hampers, all such packages shall be dutiable according to the number of the tariff in which they are classed.

The cases shall be dutiable according to No. 189 (letter *b*) on 15 per cent of gross weight.

The hampers shall be classed under No. 201 on 8 per cent of gross weight.

Common bottles containing claret, Burgundy, or like wines shall follow the régime of No. 8, and for this purpose shall be considered as weighing 760 grams each.

Ordinary half bottles shall be considered as weighing 400 grams each.

Ordinary champagne and similar bottles shall be considered as weighing 950 grams each.

Half bottles of the same description shall be considered as weighing 550 grams each.

For bottles and flasks of a shape different from the ordinary kind or of an unknown capacity, also for any other receptacle used for importing wine, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the number of the tariff applicable thereto.

16. Receptacles containing beer or cider shall be treated as follows:

When the importation takes place in barrels or other casks, the receptacles shall be dutiable according to No. 191 (letter *a*), on 18 per cent of gross weight if single and on 25 per cent if double.

When the importation is effected in bottles or flasks packed in wooden cases or barrels, all such packages shall be dutiable according to the number of the tariff in which comprised.

Exterior cases or barrels shall, respectively, be liable to the duty prescribed in No. 189 (letter *b*) or in No. 191 (letter *a*) on 15 per cent of gross weight.

For bottles or flasks, and likewise for all other receptacles used for importing beer or cider, the weight shall be practically ascertained, and such receptacles shall be dutiable according to the number of the tariff to which they belong.

DISPOSITION 7.—*Articles prohibited importation.*

1. Dynamite, gunpowder, and similar explosives, unless the importer is able to produce a special authorization for landing issued to him by the proper authorities.
2. Paintings, publications, figures, and all other objects offensive to morality.
3. Artificial wine (other than medicinal wines of known composition) and adulterated wines.

## MONEY RECEIVABLE FOR CUSTOMS, ETC.

EXECUTIVE MANSION, *January 20, 1899.*

It is hereby ordered that on and after February 1, 1899, and until otherwise provided, all customs, taxes, public and postal dues in the island of Porto Rico shall be paid in United States money, or in foreign gold coins, such as the Spanish alphonsinos (centen) and the French louis, which will be accepted in payment of such customs, taxes, public and postal dues, at the following rates:

| | |
|---|---|
| Alphonsinos (25-peseta piece) | $4.82 |
| Louis (20-franc piece) | 3.86 |

It is further ordered that on and after February 1, 1899, and until further provided, the following Porto Rican or Spanish silver coins now in circulation in the island of Porto Rico shall be received for customs, taxes, public and postal dues, at the following fixed rates in United States money:

| | |
|---|---|
| The peso | $0.60 |
| The medio peso | .30 |
| The peseta | .12 |
| The real | .06 |
| The medio real | .03 |

It is further ordered and directed that out of the Porto Rican coins so received a convenient supply shall be retained and carried for exchange for United States money at the rate hereinbefore enumerated, namely, $0.60 United States money for one Porto Rican silver peso.

It is further ordered that all existing contracts for the payment of money in the currency of Porto Rico may be discharged and paid in that money in accordance with the contracts, or in United States money at the relative value set forth in the above table, namely, for each $100 United States currency, 166⅔ Porto Rican pesos.

Bronze and copper coins now current in the island of Porto Rico will be received at their face value for fractional parts of a dollar, in a single payment to an amount not exceeding 12 cents (1 peseta).

WILLIAM MCKINLEY.

Importations from the United States are dutiable like other commodities.

### CLASS I.—STONES, EARTHS, ORES, GLASS, AND CERAMIC PRODUCTS.

GROUP 1.—*Stones and earths employed in building, arts, and manufactures.*

| | | |
|---|---|---|
| 1. Marble, jasper, and alabaster: | | |
| *a.* In the rough or in dressed pieces, squared or prepared for shaping, G. W. | 100 kil. | $0.50 |
| *b.* Slabs, plates, or steps of any dimension, polished or not,[1] G. W., 100 kil. | | 1.00 |
| *c.* Sculptures, high and bas reliefs, vases, urns, and similar articles for house decoration, T. (Disp. VI, rule 5) | 100 kil. | 3.10 |
| *d.* Wrought or chiseled into all other articles, polished or not, T. (Disp. VI, rule 5) | 100 kil. | 2.00 |
| 2. Stones, other, natural or artificial: | | |
| *a.* Slabs, plates, or steps, G. W. | do | .50 |
| *b.* Wrought into all other articles, T. (Disp. VI, rule 5) | do | 1.00 |

[1] Marble affixed to furniture shall be liable to the same duty as the furniture.

|---|---|---|
| 3. Earths employed in manufactures and arts: Cement, lime, and gypsum. G. W. | 100 kil. | $0.60 |
| 4. Gypsum manufactured into articles: | | |
| *a*. Statuettes, T. (Disp. VI, rule 5) | do | 3.00 |
| *b*. Articles, other, T. (Disp. VI, rule 5) | do | .75 |

GROUP 2.—*Coal.*

| | | |
|---|---|---|
| 5. Coal and coke[1] [2] | 1,000 kil. net | .20 |

GROUP 3.—*Schists, bitumens, and their derivatives.*

Régime applicable to goods classed in the present group.

Whenever doubt arises as to the classification of the products enumerated in Nos. 365 (free list), (366) free list, and 6, the customs must, before collecting duty, refer the matter to the collector at the chief port.

In case of doubt as to the clearness of crude petroleum, a sample of this oil must be taken, and the following rules observed:

1. A sample of 200 cubic centimeters shall be taken from 50 cases or less, or from 10 barrels or less, comprised in the declaration and belonging to the same kind of goods.

2. These samples shall be mixed in a large receptacle, and, when the discharge is terminated, 2 liters are taken therefrom and put into separate bottles, which are sealed and furnished with labels signed by the customs employees and the interested party. These bottles shall be forwarded to the customs chemical expert in order to be assayed.

3. Immediately after this operation the goods shall be cleared and the corresponding duty applied, but the interested party shall always be bound by the results of the analysis, and the clearance shall not be deemed definitive until that result be known.

4. The samples must be assayed within one month, and the interested party has the right to be present when the samples are opened and analyzed, provided that he has made a written request to this effect at the time of identifying the samples by affixing his signature to the labels. He may also appeal to the collector at the chief port from the report of the experts.

5. Should the interested party in his appeal request that a new analysis be made, this operation shall be effected at his expense if the decision of the customs be sustained. In contrary cases, the expenses shall be borne by the Government.

6. In order that the Government may always be enabled to know the nature of products imported under the denominations comprised in the present group, the customs must enter in their statistics and collection sheets the following different kinds:

No. 365 of the free list—[3]

*a*. Tar and other liquid products, even thick.

*b*. Pitch, asphalts, schists, and other solid or pasty products.

No. 366 of the free list—

*a*. Petroleum, crude.

*b*. Other crude oils which can be used in the preparation of illuminating oils.

*c*. Oleonaphtha and the other products classed in this number.

No. 6 of the tariff—

*a*. Petroleum, refined.

*b*. Other refined oils designed for illumination.

*c*. Benzine, vaseline, and other products comprised in this number.

---

[1] Coal and coke shall be cleared in conformity to the weight indicated in the certificate issued to the master of the vessel at the port of shipment, proving the quantity received on board according to the charter party and the bills of lading. In case of doubt the customs may verify the quantity.

[2] Before discharging coal the vessels conveying the same will be visited, and the approximate quantity of cargo will be calculated according to the empty space in the hold and the net tonnage of the vessel by taking for a basis 800 kilograms of coal and 450 kilograms of coke per cubic meter. Should the result not tally with the quantity entered in the manifest and declared, the clearance will be effected by weighing. Particulars must be given at the time of payment of duty as to the method of control adopted, and also the name or names of the controlling officer or officers.

[3] The customs authorities must take special care that, under the denomination of tar or mixtures containing tar, neither crude petroleum, oleonaphtha, nor oils derived from schists are imported. Tar must not contain, in appreciable proportions, volatile products or oils which might be extracted by means of distillation at 300° centigrade. Under the name of asphalts or bitumens, impure paraffin or other products must be included in No. 107 of Class III.

(Tow impregnated with pitch, tarred felts, and tarpaulins coated with sand, which heretofore were dutiable according to this number, shall in future be comprised in No. 325 of Class XIII.)

All petroleum and other mineral oils not having the note to No. 366 shall be considered as refined.

*Import tariff*—Continued.

6. Petroleum and other mineral oils, rectified or refined, intended for illumination; benzine, gasoline, and mineral oils not specially mentioned; vaseline, G. W ..... 100 kil.. $4.00

GROUP 4.—*Ores.*

7. Ores, G. W ..... 100 kil.. .10

GROUP 5.—*Crystal and glass.*

8. Common or ordinary hollow glassware; electric insulators, T. (Disp. VI, rule 5) ..... 100 kil.. 1.00
   Common bottles of glass, intended to contain beer, rum, and sparkling wines, manufactured with native fruit, and garrafones or demijohns and siphons to contain mineral, carbonated, or seltzer waters, shall enjoy a rebate of 60 per cent of the duties stipulated in this number when imported and declared in the custom-house by the manufacturers of said beverages.
9. Crystal, and glass imitating crystal:[1]
   *a.* Articles, cut, engraved, or gilt, T. (Disp. VI, rule 5) ..... 100 kil.. 14.00
   *b.* Articles, other, T. (Disp. VI, rule 5) ..... do... 7.00
10. Plate glass and crystal:[1]
   *a.* Slabs, paving or roofing, T. (Disp. VI, rule 5) ..... do... 1.65
   *b.* For windows or in other articles, provided they be neither polished, beveled, engraved, nor annealed, T. (Disp. VI, rule 5) ..... 100 kil.. 3.40
   *c.* Window glass set in lead and polished, or beveled plate glass, T. (Disp. VI, rule 5) ..... 100 kil.. 4.90
   *d.* Articles, engraved or annealed, T. (Disp. VI, rule 5) ..... do... 9.80
11. Glass and crystal, tinned, silvered, or coated with other metals:
   *a.* Common mirrors not exceeding 2 mm. in thickness, coated with red or dark mercurial varnish, T. (Disp. VI, rule 5) ..... 100 kil.. 10.00
   *b.* Mirrors, other, not beveled, T. (Disp. VI, rule 5) ..... do... 15.00
   *c.* Mirrors, beveled, T. (Disp. VI, rule 5) ..... do... 18.00
12. Glass and crystal in statuettes, flower stands, and vases and similar articles for toilet purposes and house decoration; spectacle and watch glasses; imitations of precious or fine stones; enamel,[2] T. (Disp. VI, rule 5) ..... kilog.. .56
13. Incandescent electric lamps, mounted or not ..... hundred.. 2.00

GROUP 6.—*Pottery, earthenware, and porcelain.*

14. Bricks of clay, not glazed, for building purposes, furnaces, etc.; articles of fire clay, G. W ..... 100 kil.. .30
14½. Vitrified brick for paving purposes, vitrified block, vitrified brick for sewers, vitrified invert block, and vitrified invert brick for sewers, G. W ..... 100 kil.. .05
15. Roofing tiles of clay, not glazed, for building purposes, per square (10 by 10 feet) ..... 1.50
16. Vitrified clay and terra-cotta sewer pipe, slabs or conduits of clay, glazed or unglazed, cement or stoneware, G. W ..... 100 kil.. .25
17. Ceramic tiles of all kinds and glazed roofing tiles, per square (10 by 10 feet). 2.50
18. Hollow ware, glazed or not, of clay or stoneware:
   *a.* Household and kitchen utensils, T. (Disp. VI, rule 5) ..... 100 kil.. .80
   *b.* Dishes or other articles, provided that they be neither gilt, painted, nor ornamented in relief, T. (Disp. VI, rule 5) ..... 100 kil.. 5.50
   *c.* Common bottles of earthenware, to contain beer, etc ..... do... 1.00
   *d.* Articles, gilt, painted, or ornamented in relief, T. (Disp. VI, rule 5), 100 kil ..... 5.60
19. Hollow ware or dishes of faïence:
   *a.* Neither painted, gilt, nor in relief, T. (Disp. VI, rule 5) ..... 100 kil.. 3.50
   *b.* Gilt, painted; or with ornaments in relief, T. (Disp. VI, rule 5), 100 kil ..... 6.40

20. Hollow ware or dishes of porcelain:
    *a.* Neither painted, gilt, nor in relief, T. (Disp. VI, rule 5).....100 kil.. $5.80
    *b.* Painted, gilt, or with ornaments in relief, T. (Disp. VI, rule 5), 100 kil..... 9.30
21. Statuettes, flower stands and vases, high and bas-reliefs, articles for toilet purposes and house decoration, of fine clay, faïence, stoneware, porcelain, or bisque, T. (Disp. VI, rule 5).....kilog.. .25

CLASS II.—METALS, AND ALL MANUFACTURES IN WHICH A METAL ENTERS AS A PRINCIPAL ELEMENT.

GROUP 1.—*Gold, silver, and platinum, and alloys of these metals.*

22. Gold and platinum in jewelry or goldsmiths' wares, with or without precious stones or pearls; jewelry or wares of silver, with precious stones, pearls, and seed pearls, not set, N. W.....hectog.. 7.50
23. Gold or platinum wrought in articles, other, of all kinds, N. W....do.... 2.80
24. Silver in ingots, bars, plates, sheets, or powder, N. W.....kil.. 2.60
25. Jewelry or wares of silver, without precious stones or pearls, N.W. hectog.. 1.50
26. Silversmiths' wares, other, of all kinds, and platinum in ingots, N. W., kil..... 8.00
27. Plate, N. W.....kil.. 2.40

GROUP 2.—*Cast iron* (I).

(I) Articles of malleable cast iron are dutiable as manufactures of wrought iron.

Cast iron:

28. Pigs, G. W.....100 kil.. .10
29. Articles not coated or ornamented with another metal or porcelain, neither polished or turned—
    *a.* Bars, beams, plates, grates for furnaces, columns, and pipes, G. W.....100 kil.. .50
    *b.* Lubricating boxes for railway trucks and carriages, and railway chairs, G. W.....100 kil.. .35
    *c.* Articles, other, G. W.....do.... .75
30. Articles of all kinds not coated or ornamented with another metal or porcelain, polished or turned, T. (Disp. VI, rule 5).....100 kil.. 1.20
31. Articles of all kinds, enameled, gilt, tinned or coated or ornamented with other metals or porcelain, T. (Disp. VI, rule 5).....100 kil.. 2.00

GROUP 3.—*Wrought iron and steel.*

32. Iron, soft or wrought, in ingots or "tochos;"[1] steel in ingots, G. W., 100 kil..... .34
33. Wrought iron or steel, rolled—
    *a.* Rails, G. W.....100 kil.. .425
    *b.* Bars of all kinds, including rods;[2] tires, hoops, and beams, G. W.....100 kil.. .80
    *c.* Bars of all kinds of fine crucible steel,[3] G. W.....do.... 1.40
34. Sheets, rolled—
    *a.* Neither polished nor tinned, of 3 millimeters and more in thickness, G. W.....100 kil.. 1.00
    *b.* Neither polished nor tinned, of less than 3 millimeters in thickness, and hoop iron,[4] G. W.....100 kil.. 1.00
    *c.* Tinned and tin plate, G. W.....do.... 1.30
    *d.* Polished, corrugated, perforated, cold-rolled, galvanized or not, and bands of polished hoop iron, G. W.....100 kil.. 1.20

---

[1] By "tochos" shall be understood rough wrought iron in a mass or prism, round iron, or iron in any other form containing dross. (Wrought iron containing dross has generally an unequal and rough surface.)

Wrought iron in a mass or prism free from dross shall be comprised in No. 34, letter *b*.

In case of doubt this iron shall be submitted to assay for determining its kind.

[2] The rods in question are iron or steel rods exceeding 8 millimeters in thickness employed in the manufacture of iron wire.

[3] Crucible steel is distinguished from bars and other pieces of iron or common steel by its sharp edges. The surface is very smooth, of a bluish color, darker than that of iron, and its fracture is close grained. (This steel is generally imported in round, square, octagonal, triangular, or flat bars.)

[4] By hoop iron ("flejes") shall be understood unpolished flat bands or circles of less than 3 millimeters in thickness.

35. Wrought iron or steel:
    Cast in pieces, in the rough, neither polished, turned, nor adjusted, weighing, each—
    *a.* 25 kil. or more, G. W ..... 100 kil.. $1.00
    *b.* Less than 25 kil., G. W ..... do.... 1.35
36. Cast in pieces, finished—
    *a.* Wheels weighing more than 100 kilograms, fish plates, chairs, sleepers, and straight axles; springs for railways and tramways; lubricating boxes, G. W ..... 100 kil.. .60
    *b.* Wheels weighing 100 kilograms or less; springs other than for railways and tramways; bent axles and cranks, G. W .. 100 kil.. 1.40
37. Pipes—
    *a.* Covered with sheet brass, G. W ..... do.... 1.40
    *b.* Other, galvanized or not, G. W ..... do.... 1.40
38. Wire, galvanized or not—
    *a.* 2 millim. or more in diameter, T. (Disp, VI, rule 5) ..... do.... 1.00
    *b.* More than ½ and up to 2 millim. in diameter, T. (Disp. VI, rule 5) ..... 100 kil.. 1.30
    *c.* ½ millim. or less in diameter, and wire covered with any kind of tissue, T. (Disp. VI, rule 5) ..... 100 kil.. 1.60
39. In large pieces, composed of bars or bars and sheets fastened by means of rivets or screws; the same, unriveted, perforated, or cut to measure for bridges, frames, and other buildings, G. W ..... 100 kil.. 1.60
40. Anchors, chains for vessels or machines, moorings, switches, and signal disks, G. W ..... 100 kil.. .80
41. Anvils, T. (Disp. VI, rule 5) ..... do.... 2.50
42. Wire gauze—
    *a.* Up to 20 threads per inch,[1] T. (Disp. VI, rule 5) ..... 100 kil.. 1.80
    *b.* Of 20 threads or more per inch, T. (Disp. VI, rule 5) ..... kilog.. .05
43. Cables, fencing (barbed wire), and netting; furniture springs, G. W., 100 kil ..... 1.00
44. Tools and implements—
    *a.* Fine, for arts, trades, and professions, of crucible steel, T. (Disp. VI, rule 5) ..... 100 kil.. 5.90
    *b.* Other, T. (Disp. VI, rule 5) ..... do.... 2.50
45. Screws, nuts, bolts, washers, and rivets; Parisian and similar tacks, per cent ad valorem ..... .15
46. Nails, clasp nails, and brads, T. (Disp. VI, rule 5) ..... kil.. 1.00
47. Buckles:
    *a.* Gilt, silvered, or nickeled, T. (Disp. VI, rule 5) ..... kilog.. .20
    *b.* Other, T. (Disp. VI, rule 5) ..... do.... .15
48. Needles, sewing or embroidering, pins, and pens; pieces of clock works, N. W. (Disp. VI, rule 9) ..... kilog. .30
49. Crochet hooks and the like; hooks, hairpins, and surgical instruments, N. W. (Disp. VI, rule 9) ..... kilog.. .30
50. Cutlery of all kinds; tailors' scissors; side arms and pieces for same, T. (Disp. VI, rule 5) ..... kilog.. .40
51. Firearms:
    *a.* Barrels, unfinished, for portable arms, G. W ..... kilog.. .25
    *b.* Small arms, such as pistols and revolvers, also their detached parts, T. (Disp. VI, rule 5) ..... kilog.. 1.00
    *c.* Sporting guns: Muzzle-loading, and detached parts thereof, T. (Disp. VI, rule 5) ..... kilog.. .60
    *d.* Breech-loading, and detached parts thereof, T. (Disp. VI, rule 5), kilog ..... 2.50
52. Manufactures of tin plate, T. (Disp. VI, rule 5) ..... 100 kil.. 6.50
    Wrought iron or steel:
53. Articles of all kinds not specially mentioned, common, even coated with lead, tin, or zinc, or painted or varnished—
    *a.* In which sheet predominates, T. (Disp. VI, rule 5) ..... 100 kil.. 2.00
    *b.* In which sheet does not predominate, T. (Disp. VI, rule 5), 100 kil ..... 2.00
54. Articles of all kinds not specially mentioned, fine, i. e., polished, enameled, coated with porcelain, nickel, or other metals (with the exception of lead, tin, or zinc), or with ornaments, borders, or parts of other metals, or combined with glass or earthenware—
    *a.* In which sheet predominates. T. (Disp. VI, rule 5) ..... 100 kil.. 3.00
    *b.* In which sheet does not predominate (Disp. VI, rule 5) .... do.... 3.00

GROUP 4.—*Copper and alloys of common metals with copper (brass, bronze, etc.).*

| | | | |
|---|---|---|---|
| 55. | Copper scales, copper of first fusion, old copper, brass, etc., G. W | 100 kil | $3.00 |
| 56. | Copper and alloys of copper: In ingots, G. W | do | 4.00 |
| 57. | Rolled in bars of all kinds, G. W | do | 4.50 |
| 58. | Rolled in sheets, G. W | do | 5.00 |
| 59. | Wire, galvanized or not— | | |
| | *a.* 1 millimeter and more in diameter, T. (Disp. VI, rule 5) | do | 5.00 |
| | *b.* Less than 1 millimeter in diameter, T. (Disp. VI, rule 5) | do | 5.00 |
| | *c.* Gilt, silvered, or nickeled, T. (Disp. VI, rule 5) | kilog | .25 |
| 60. | Wire covered with tissues or insulating materials; conducting cables for electricity over public thoroughfares,[1] T. (Disp. VI, rule 5), 100 kil | | 6.00 |
| 61. | Wire gauze— | | |
| | *a.* Up to 100 threads per inch,[2] T. (Disp. VI, rule 5) | 100 kil | 5.00 |
| | *b.* Of 100 threads or more per inch, T. (Disp. VI, rule 5) | kilog | .12 |
| 62. | Pipes, bearings, plates for fireplaces, and boiler makers' wares partially wrought, G. W | 100 kil | 4.50 |
| 63. | Nails and tacks— | | |
| | *a.* Gilt, silvered, or nickeled, T. (Disp. VI, rule 5) | kilog | .15 |
| | *b.* Other, T. (Disp. VI, rule 5) | do | .10 |
| 64. | Pins or pens, N. W. (Disp. VI, rule 9) | do | .40 |
| | Copper and alloys of copper: | | |
| 65. | Articles not specially mentioned, varnished or not, T. (Disp. VI, rule 5) | kilog | .15 |
| 66. | Articles, gilt, silvered, or nickeled, not specially mentioned, T. (Disp. VI, rule 5) | kilog | .25 |

GROUP 5.—*Other metals and their alloys.*

| | | | |
|---|---|---|---|
| 67. | Mercury, G. W | kilog | .20 |
| | Nickel, aluminium, and alloys having for a basis these metals: | | |
| 68. | In lumps or ingots, G. W | 100 kil | 3.00 |
| | Tin and alloys thereof: | | |
| 69. | In lumps or ingots, G. W | do | 4.00 |
| | Zinc, lead, and other metals not specially mentioned, as well as their alloys: | | |
| 70. | In lumps or ingots, G. W | 100 kil | 1.00 |
| | Nickel, aluminium, and their alloys: | | |
| 71. | In bars, sheets, pipes, and wire, G. W | do | 7.00 |
| | Tin and alloys thereof: | | |
| 72. | In bars, sheets, pipes, and wire, G. W | do | 7.00 |
| | Zinc, lead, and other metals: | | |
| 73. | In bars, sheets, pipes, and wire, G. W | | 1.30 |
| 74. | Tin hammered in thin leaves (tin foil) and capsules for bottles, T. (Disp. VI, rule 5) | kilog | .04 |
| | Nickel or aluminium, and their alloys: | | |
| 75. | Articles of all kinds, T. (Disp. VI, rule 5) | do | .50 |
| | Tin and alloys thereof (Britannia metal, etc.): | | |
| 76. | Articles of all kinds, T. (Disp. VI, rule 5) | do | .50 |
| 77. | Zinc, lead, and other metals, and their alloys: | | |

CLASS IV.—COTTON AND MANUFACTURES THEREOF.

GROUP 1.—*Cotton in the wool and yarns.*

| | | |
|---|---|---|
| 115. Cotton in the wool and cotton waste[3] | per cent ad valorem.. | 15 |
| 116. Cotton yarn and thread for crocheting, embroidering, and sewing,[4] including the weight of reels | per cent ad valorem... | 15 |

GROUP 2.—*Tissues.*

NOTE 1.—When the tissues included in the numbers of this group contain an admixture, they shall, according to kind, be liable to the following surtaxes (see Disp. IV):

1. Cotton tissues containing threads of hemp, jute, linen, ramie, or pita shall be liable to a surtax of 15 per cent of the duties applicable thereto, provided that the number of these threads of hemp, jute, linen, ramie, or pita, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of hemp, jute, linen, ramie, etc., exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class V.

[1] The products or substances comprised in Nos. 101, 102, and 103 shall be examined by chemical experts, who must sign the declarations simultaneously with the customs employees.

[2] All gunpowder intended for any kind of firearms, capable of passing through a metallic riddle with round holes of 2½ millimeters in diameter, shall be considered as sporting.

[3] Cotton yarn and threads of less than 20 centimeters in length shall be considered as waste of spun cotton.

[4] Yarns and threads combined in any proportion with threads of common metal shall follow the régime of No. 165, Class VII.

*Import tariff*—Continued.

2. Cotton tissues containing threads of wool, flock wool, hair, or wastes of these materials, shall be liable to a surtax of 35 per cent of the duties applicable thereto, provided that the number of threads of wool, flock wool, hair, or their wastes, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of wool, flock wool, hair, or their wastes exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VI, as tissues mixed with wool.

3. Cotton tissues containing threads of silk or floss silk shall be liable to a surtax of 70 per cent of the duties applicable thereto, provided that the number of silk or floss-silk threads, counted in the warp and weft, does not exceed one-fifth of the total number of threads composing the tissue.

When the number of threads of silk or floss silk exceeds one-fifth of the total, the tissues shall be subject to the corresponding duties of Class VII.

The provisions of this note shall not apply to knitted stuffs, tulles, lace, blondes, and tulles for borders (see Disp. IV, rule 6), to ribbons (Disp. IV, rule 7), or to trimmings (Disp. IV, rule 7).

NOTE II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (see Disp. IV):

(*a*) Tissues, brochés, or woven like brocades with silk or floss silk shall be liable to the duties leviable thereon plus a surtax of 35 per cent.

(*b*) Tissues embroidered by hand or by machine after weaving or with application of trimmings shall be liable to the duties leviable thereon plus a surtax of 30 per cent.

Should the embroidery contain threads, purl, or spangles of common metals or of silver, the surtax shall amount to 60 per cent of the duties applicable to the tissue.

When the threads, purl, or spangles are of gold, the surtax shall be 100 per cent.

(*c*) Tissues and trimmings containing threads or purl of common metals or silver shall be liable to a surtax of 50 per cent of the duties leviable thereon.

When the threads or purl are of gold, the surtax shall amount to 100 per cent.

(*d*) Tissues entirely or partially made up into sacks shall be liable to the duties applicable thereto plus a surtax of 15 per cent.

Shawls called "mantones" and "pañolones," traveling rugs, counterpanes, sheets, towels, tablecloths and napkins, mantles, veils, shawls, hemmed fichus and handkerchiefs shall, for the making up, be liable to a surtax of 30 per cent of the duties leviable thereon.

Other made-up articles, wearing apparel, and clothing of all kinds, finished, half finished, or simply basted shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part, plus a surtax of 100 per cent.

Articles of hosiery specially mentioned shall not be liable to the payment of the surtax for making up.

CLASS VII.—SILK AND MANUFACTURES OF SILK.

GROUP 1.—*Yarns.*

164. Silk and floss silk, spun or twisted, in skeins [4] .....per cent ad valorem.. 25
165. Silk on reels, including weight of the reels.....do.... 25

GROUP 2.—*Tissues.*

NOTE I.—The tissues comprised in this group shall be considered as pure silk tissues when the number of silk or floss-silk threads, counted in the warp and weft, exceeds one-half of the total number of threads composing the tissue. (Disp. IV, rule 5.)

This rule shall not apply to knitted stuffs, tulles, lace, blondes, and tulles for borders, or to ribbons or galloons not exceeding 15 centimeters in width. Such goods shall be considered as mixed silk tissues and dutiable according to the corresponding numbers of the tariff when containing threads of cotton or other vegetable fibers, wool or flock wool, whatever be the proportion of such threads in the mixture. (Disp. IV, rules 6 and 7.)

NOTE II.—Articles included in this group which are within the undermentioned conditions shall be liable to the following surtaxes (see Disp. IV):

*A.* Tissues embroidered by hand or by machine after weaving, or with application of trimmings, shall be liable to the duties leviable thereon, plus a surtax of 50 per cent.

Should the embroidery contain threads, purl, or spangles of common metals, or of silver, the surtax shall amount to 60 per cent of the duties applicable to the tissue.

When the threads, purl, or spangles are of gold the surtax shall be 100 per cent.

*B.* Tissues and trimmings containing threads or purl of common metals or silver shall be liable to a surtax of 50 per cent of the duties leviable thereon.

When the threads or purl are of gold the surtax shall amount to 100 per cent.

*C.* Shawls called "mantones," handkerchiefs of manila hemp, blankets, counterpanes, shawls, veils, mantles, hemmed fichus, and handkerchiefs, shall, for the making up, be liable to a surtax of 30 per cent of the duties leviable thereon.

Other made-up articles, wearing apparel and clothing of all kinds, finished, half finished, or simply basted, shall, for their total weight, be liable to the duties leviable on the principal component tissue on their most visible exterior part, plus a surtax of 100 per cent.

Articles of hosiery specially mentioned shall not be liable to the payment of the surtax for making up.

[1] Knitted goods containing an admixture of silk shall be dutiable according to the corresponding numbers of Class VII. (See Disp. IV, rule 6.)

[2] See Disp. IV, rules 8 and 12.

[3] Ribbons and galloons containing in any proportion threads of silk shall be dutiable according to the corresponding numbers of Class VII (Disp. IV, rule 6).

[4] Yarns and threads of all kinds of vegetable fibers combined in any proportion with threads of common metal shall be dutiable according to this number. Those combined with gold or silver shall be subject to the corresponding numbers of group 1, Class II.

| 240. Machinery and apparatus for making sugar and brandy[3] | do | 10 |
| 241. Agricultural machinery and apparatus[4,5] | per cent ad valorem | 10 |
| 242. Steam motors, stationary[3] | do | 15 |

[1] Strung frames for pianos shall be liable to the corresponding duty leviable on pianos, though they be not imported with all the pieces constituting that instrument.

[2] Finished or spare parts of steel are comprised in No. 48. The same parts of other metals or alloys shall be dutiable according to the component material.

Cases, stands, bell jars, and other accessories shall be dutiable as manufactured articles according to their class.

Clockworks for wall or table clocks, unfinished, shall be taxed according to No. 65.

Unfinished pieces are those which are only roughly filed, with no escapements, the wheels of which are not adjusted and the last wheel not crenated.

When clockworks are imported within cases, on stands, etc., and the importer does not wish to separate them for examination, the works and the dial will be reckoned as weighing 1 kilogram, and the rest shall be dutiable conformably to the preceding paragraph.

[3] This number includes:

1. The following articles, whoever be the importer:

Weighing machines (platforms) for weighing sugar cane; complete machines of all kinds for crushing sugar cane; steam crushers; complete apparatus for diffusion; purifying apparatus; clarifying apparatus; reservoirs for sirup or molasses; filters and filtering apparatus; apparatus called "trenes jamaiquinos," complete; furnaces for making animal black; steam desiccators; centrifugal machines; vessels called "bombonas," "cachimbas" (kind of kettle to transfer cane sirup from one vessel into another), skimmers, distributers, and sugar molds; copper apparatus or vessels ("tachos") acting in vacuum, also their machines, pipes, and cocks, of copper or iron; polarimeters.

2. The following articles, when imported directly by planters, on proof of the installation thereof in their establishments:

Steam plows; stills; donkey engines, with or without pumps; gasometers for lighting the works; material for portable railways; carts for the conveyance of cane and the output of the works.

[4] For the application of duty it should be observed:

*a.* That the machine must be complete. Complete machines include tubes (fluses), belting, etc., which form an integral part of such machines, but no spare parts.

*b.* That spare parts are dutiable according to No. 247 when of copper, and to No. 251 in all other cases.

*c.* That to be considered as complete, machines must be imported in one sole shipment. Machines imported in two or more shipments shall be liable to the duties stipulated in Nos. 247 and 251, except in the case when a previous and special authorization has been granted by the collector at the chief port.

[5] The machines and apparatus mentioned in this number are those employed by farmers and agriculturists for preparing the ground and gathering the crops; also those employed in order to clean the crops and improve them without essentially changing their nature.

256. Wagons, carts, and hand carts ..... do.... 15

GROUP 4.—*Vessels.*

NOTE I.—The duties on ships include likewise those levied on anchors, kedges, cables, and chains, barometers, chronometers, binnacles, compasses (loose and fixed), speaking trumpets, telescopes, casks, cordage, sails, and masts, necessary for the maneuvers and safety of vessels, with due regard to their class. All other articles shall be liable to the duties leviable thereon.

NOTE II.—Duties on steam vessels shall be levied on the total number of tons which may result from the official measurement, and no separate duty shall be levied on machinery which shall be considered an integral part of the vessel.

The certificate of tonnage shall temporarily serve as a basis for levying duty on vessels entering from abroad. The interested parties must present to the customs authorities a certificate of measurement approved by the inspector; but it is understood that the customs authorities will not consider the clearance and payment of the duties as finally settled until this formality has been complied with and noted.

---

[1] Machines and separate pieces of the same, of copper and its alloys, with part of other materials, shall also be taxed under this heading, provided the above metals predominate in weight.

[2] It will be necessary to prove to what manufacture or to what industry spare woolen hose and filters are destined in order to be assessed according to this number.

For the definition of parts of machinery the following rules must be observed:

1. A separate piece of a machine is understood to be any object which is not expressly specified by name under some heading of the tariff, and which by its shape and by the manner in which it is presented for clearance in the custom-house, though not completely finished, may be considered as exclusively destined to a machine and can have no other application. If it be imported completely finished, it must pay under one of the headings of the tariff referring to machinery.

2. Tubes, bars, axles, screws, bolts, sheets, plates, boiler bottoms, wire, and other articles expressly taxed in the tariff must pay duty accordingly, though they be destined to machinery.

3. Tools, instruments, and utensils employed in the arts, agriculture, and industry can not be considered as parts of machinery for the application of duty, and must pay according to the materials of which composed.

*Import tariff*—Continued.

National ships lengthened in foreign dockyards must, on their return, pay duty on the additional tonnage.

Vessels refitted with engines abroad shall pay a fiscal duty of $6 per horse-power when it is impossible to ascertain the weight of the new machinery.

Boilers and accessories thereof, funnels, tubes, etc., changed abroad shall be liable to a fiscal duty of $3 per each square meter of heating surface.

Vessels undergoing other repairs in foreign ports shall, on their return, pay duty on the material employed for the purpose.

256*a*. Salvage from wrecked vessels is prima facie dutiable on appraised value, according to its material.[1]

## FREE LIST.

The undermentioned articles may be imported into Porto Rico exempt from the duties stipulated in the tariffs on compliance with the prescribed conditions and the formalities established for every case in the customs ordinances:

344. Manures, natural.

345. Trees, plants, and moss, in natural or fresh state.

346. National products returning from foreign exhibitions, on presentation of the bill of lading or certificate proving their exportation from the island and of satisfactory evidence attesting that such products have been presented and have been shipped to their point of departure.

347. Carriages, trained animals, portable theaters, panoramas, wax figures, and other similar objects for public entertainment, imported temporarily, provided bond be given.

348. Receptacles exported from Porto Rico with fruits, sugar, molasses, honey, and brandy, and reimported empty, including receptacles of galvanized iron intended for the exportation of alcohol.

349. Specimens and collections of mineralogy, botany, and zoology; also small models for public museums, schools, academies, and scientific and artistic corporations, on proof of their destination.

350. Used furniture of persons coming to settle in the island.

351. Samples of felt, wall paper, and tissues, when they comply with the following conditions:

(*a*) When they do not exceed 40 centimeters in length, measured in the warp or length of the piece, even when such samples have the entire width of the piece. The width shall, for tissues, be determined by the list, and for felts and wall paper by the narrow border which has not passed through the press.

(*b*) Samples not having these indications shall only be admitted free of duty when they do not exceed 40 centimeters in any dimension.

(*c*) In order to avoid abuse, the samples declared for free entry must have cuts at every 20 centimeters of their width, so as to render them unfit for any other purpose.

352. Samples of trimmings in small pieces, of no commercial value or possible application.

353. Archæological and numismatical objects, for public museums, academies, and scientific and artistic corporations, on proof of their destination.

354. Works of fine art acquired by the Government, academies, or other official corporations, and intended for museums, galleries, or art schools, when due proof is given as to their destination.

[1] All articles coated with caoutchouc on one or both surfaces, as well as those with an interior lining of caoutchouc, are included in this number.

*Import tariff*—Continued.

355. Gold in bars, powder, or coined; also national silver or bronze coins.

356. Wearing apparel, toilet objects, and articles for personal use, bed and table linen, books, portable tools and instruments, theatrical costumes, jewels, and table services bearing evident trace of having been used, imported by travelers in their luggage in quantities proportionate to their class, profession, and position.

357. When travelers do not bring their baggage with them, the clearing of the same may be made by the conductor or persons authorized for the purpose, provided they prove, to the satisfaction of the customs, that the effects are intended for private use.

358. Stone, unwrought, for paving purposes.

359. Plows, hoes, hatchets, machetes, cane knives, etc., for agricultural purposes, and other agricultural implements not machinery.

360. Quinine, sulphate and bisulphate of, and all alkaloids or salts of cinchona bark.

361. Books, maps, and scientific instruments, for the use of schools.

362. Mineral, carbonated or seltzer waters, natural or artificial, root beer, ginger ale, and other similar nonalcoholic beverages, not otherwise provided for.

363. Fresh fish.

364. Second-hand clothing donated for charitable purposes to needy persons, and not for sale.

365. Tar and mineral pitch, asphalts, bitumen, and schists.[1]

366. Oleonaphtha, crude natural petroleum and crude oils derived from schists.[2]

367. Articles of the growth, produce, and manufacture of Puerto Rico exported to a foreign country and returned without having been advanced in value or improved in condition by any process of manufacture or other means, and upon which no drawback or bounty has been allowed.

### ARGENTINE TARIFF CHANGES.

Minister Buchanan sends from Buenos Ayres, under date of February 15, 1899, copy of the Argentine tariff for 1899. But few changes of importance to our trade, he says, have been made in the "aforos," or custom-house valuations, of articles upon which ad valorem taxes are calculated. One of the most prominent changes of interest to the United States is that reducing the valuation of spruce pine from 35 to 25 cents per cubic meter, the change resulting in a net reduction in duty of $1.39, gold, per 1,000 feet. Mr. Buchanan continues:

The duty and "aforo" on canned fruits and vegetables have been raised this year, in accordance, no doubt, with the demands made upon Congress by the local canning factories. Unfortunately, the general tariff on this class of goods injures articles that might be imported without detriment to local industries. For instance, canned corn and canned strawberries are taxed alike—25 cents per kilogram (2.2046 pounds). The latter product may be able to support this tax; but, as corn is not packed here, canned corn is practically debarred from the market.

LIQUIDATION AND COLLECTION OF DUTIES AND APPRAISEMENT OF GOODS.

ART. 11. The import duties shall be paid according to an evaluation or customs tariff established by taking for a basis the price of the goods in deposit, and the export duties shall be levied on the value of the goods at the time of their shipment.

The duties leviable on goods not enumerated in the evaluation tariff shall be calculated on the value declared by the clearers and substantiated by means of the original invoice.

ART. 12. The Executive shall designate and fix the value in specie of the goods and products to be enumerated in the tariff mentioned in the preceding article. For goods not specially mentioned the value declared shall always be considered as being in specie.

ART. 13. Goods of foreign origin not enumerated in the tariff shall pay the duty established therein for goods of the same kind and according to the value in deposit declared by the importer. Should it be impossible to assimilate them to any of the goods comprised in the tariff, they shall be subject to the general duty of 25 per cent on their value in deposit declared in the aforesaid manner.

ART. 14. The import duties must be paid in cash before the withdrawal of the goods.

Digitized by Google

ART. 15. The export duties must be paid before the shipment of the products, but the customs may, after the shipment has been effected, refund directly to the interested party, from the daily receipts and in the manner prescribed by the Executive, the amounts which were paid in excess owing to a less quantity having been shipped.

ART. 16. The import, additional import, and export duties, as well as the statistical tax, evaluations established in the tariff, and those declared by the interested party must be expressed in specie. The duties must be paid in legally current money according to the rate established daily for this purpose by the ministry of finance.

ART. 17. Small packages, whatever be their value, shall pay the duties to which they are respectively subject, the exemption from payment of duty accorded by article 209 of the customs ordinances being repealed.

ART. 18. The duties leviable on postal parcels shall be collected by the post-office, with the intervention of the examiners of the respective custom-houses, in the manner to be prescribed by the Executive.

ART. 19. A reduction of 5 per cent for leakage shall be allowed for wines, oils, brandies, beers, and liqueurs, in the wood, proceeding from ports on the other side of the equator, and of 2 per cent when proceeding from ports on this side of the equator.

A reduction of 2 per cent for breakage shall be granted on similar liquids when imported in bottles, whatever be the port from whence proceeding.

ART. 20. The specific duties shall be collected in the following manner, viz: On tea, according to the net weight; on all goods dutiable on weight and packed in two or more receptacles, according to the weight of such goods, including the immediate receptacle, and on articles imported in wooden casks, with such allowance for tare as the executive power may deem fit to grant.

ART. 21. In the case mentioned in the preceding article 13, as well as in all others provided for in the tariff, the declared value shall, when the ad valorem duty is leviable on unenumerated goods, comprise the price in the port of origin, justified, should the customs so exact, by the original invoice, augmented by the freight charges, insurance premiums, and other ordinary expenses incurred up to the time of the entry of the goods in the warehouses of the custom-house at the point of discharge.

ART. 22. Should the customs consider the declared value to be too low, they shall assign to the goods their corresponding value, it being in the faculty of the interested party to pay duty on the basis of such value or to abandon the goods to the customs. The option for abandonment must be notified within five days from the examination of the goods; should such notice not be given within said time, the value assigned by the customs shall be considered as having been accepted.

Should the interested party abandon the goods, the customs shall immediately pay the value declared by the importer plus 10 per cent.

ART. 23. Goods of national manufacture which are exported, and for whatever reason returned to the country, shall pay import duty, except in cases where said goods can be easily identified as differing in an essential manner from similar foreign goods, and provided that the return of the goods be effected within one year from the date of their exportation.

ART. 24. The import duties established by the present law shall be considered as the minimum tariff, and shall be applicable to products and goods of all countries which apply their minimum tariff to exports from the Argentine Republic, which do not increase the present duties on such exports, which do not establish a duty on exempted articles, which do not exceptionally reduce their present tariff for similar goods of any other origin and which do not impede by restrictive measures the importation of Argentine products.

For any country not coming within these conditions the Executive is authorized to levy on goods and products proceeding from such countries a maximum tariff equivalent to a surtax of 50 per cent on the minimum tariff when relating to dutiable goods, and of 15 per cent when referring to duty-free goods.

The application of the maximum tariff shall be effected by order of the Executive by exacting that the countries of origin of the goods be entered in the manifests, justified by original invoices and bills of lading, and, should it be deemed necessary, it may enforce the presentation of any other document. Any attempt to conceal or erroneously enter goods shall be punished conformably to the prescriptions of the customs ordinances relating to fraudulant declarations.

The executive is likewise authorized to grant exceptional reductions, which may not exceed 50 per cent of the duties established by the present law, to certain articles proceeding from countries which, in its opinion, grant equivalent privileges.

ART. 25. The time allowed by articles 426, 429, and 433 of the customs ordinances for lodging claims in respect of errors found in the calculation of duties or in the classification or appraisement of goods is limited to two years.

CUSTOMS CLEARANCE.

ART. 26. Goods exempt from or enjoying a reduction of duty owing to their being destined to an industry, special manufactories, or for public benefit, shall be directly cleared by the customs in the ordinary and general manner and by complying with the reglementary formalities prescribed by the executive for the application of the present law.

ART. 27. The transit by land of goods subject to import duty and on which duty has not been liquidated in one of the custom-houses of the Republic shall, with the following exceptions, be prohibited:

1. Goods in transit to ports of Brazil or Paraguay passing through the ports of Concordia and Monte Caseros.

2. Goods shipped in transit through the custom-houses of the capital and Rosario to those of Mendoza, San Juan, Salta, and Jujuy in destination of Bolivia or Chile.

3. Goods forwarded through the custom-house of La Plata to the capital and vice versa.

ART. 28. The reshipment and transshipment of goods in destination of national ports shall be subject to the formality of passes (tornaguias) which must be stamped in the form determined by the executive.

ART. 29. The executive may establish the use of passes should customs conventions be concluded with contiguous countries. Should no convention exist, masters of vessels and carriers of goods proceeding from such countries shall be required to present, at the first Argentine post of arrival, the manifest of the cargo destined to that port or to foreign ports, stating the mark, number, receptacle, and nature of the goods, and the class, quantity, and nature of the goods contained in each package, conformably to the customs ordinances relative to the clearance of goods at the place of destination. The customs may, when they consider proper, examine the goods on board or on their entry into the warehouse in order to ascertain whether they tally with the manifest, and, in case of inaccuracy as to the kind, quality, quantity, etc., of the goods, the interested party shall be subject to the dispositions established in articles 128 and 930 of the customs ordinances.

Corrections in the manifests mentioned in article 846 of the customs ordinances can no longer be made when the customs have detected the error.

ART. 30. In addition to the formalities stipulated in articles 20 and 880 of the customs ordinances applicable to bills of lading which prove the ownership of goods, these documents must state the weight or volume of every package, according as the freight is paid when relating to "de Hacienda" packages, and in other cases the weight and volume of the total shipment. Argentine consuls shall not exact the above particulars in the ships' manifests and accompanying bills of lading, but shall insist upon the charterer inserting same in the series of bills of lading required to be produced; the customs of the Republic shall not allow the clearance of any goods unless the bills of lading accompanying the customs declaration be drawn up conformably to the stipulations of this article.

ART. 31. The indications mentioned in the preceding article entered in consular manifests and bills of lading shall be legal proof against the importer on the same footing as copies of invoices, shipping manifests, or any other customs document.

ART. 32. For every vessel which has shipped goods for a foreign port the reglementary permit must be presented at the custom-house of the last Argentine port of call, in order to ascertain whether the goods shipped are still on board.

ART. 33. Should a permit of removal (guias de removido) be presented to the customs with a view of obtaining a shipping or clearance permit at the place of destination for tobacco or other nationalized goods designated by the executive, the competent customs may exact from the interested party proof that the import duties have been paid, and the penalties prescribed by articles 1036 and 1037 of the customs ordinances shall be applied.

ART. 34. Importing merchants who have no commercial house in the country and shipping agents must, at the moment of their registration and to facilitate their transactions with the customs, furnish a cash deposit or a bond guaranteed by a person approved by the administrator.

ART. 35. In the case stipulated in articles 1056 and 1057 of the customs ordinances, the administradores de renta must submit to the approval of the ministry of finance the absolutory decisions which have been pronounced when they relate to amounts exceeding 500 pesos of legal national currency.

ART. 36. Imported goods bearing labels attributing qualities tending to augment their value shall be dutiable according to the denomination given on the labels.

ART. 37. Works of art, executed abroad by Argentine artists, may be admitted free of duty on compliance with the formalities to be prescribed by the executive.

ART. 38. Should, conformably to the provisions of article 280 of the ordinances, the contents of packages be ignored, the importer, consignee, or shipper shall be required to produce the detailed documents within eight days following the time

granted by article 279 for the presentation and the deposit of copies of invoices. At the expiration of this time and within twenty-four hours the customs shall proceed to examine the contents of the packages at the expense of the interested party, who, in addition, shall, as a fine, be liable to the payment of 5 per cent of the duties.

ART. 39. Should alimentary products, adulterated or mixed with substances noxious to health, be presented for customs clearance, the customs shall request the advice of the national chemical laboratories, and should the fact be established the products in question shall be destroyed, unless the merchant reships the same within three days after notice. In the latter case, the competent administración de rentas shall affix special marks to the packages in such manner that they can not be presented in any other custom-house of the Republic.

ART. 40. In cases of damage provided in articles 140 and 141 of the customs ordinances, the ministerial officer charged with the auction shall be designated by the competent customs administrations.

* * * * * * *

ART. 42. The customs shall prevent the landing of any live animal infected with a contagious disease or proceeding from a port declared suspicious by the executive.

ART. 43. The administrator shall refuse clearance to any person or bondsman who, from any reason whatsoever, shall be in arrear with the payment of the sums due to the treasury, and he shall exact in writing the payment of the sum due within three days, whatever be the amount or origin of the claim.

ART. 44. After the expiration of the three days referred to in the foregoing article, the administrator shall be entitled to seize the goods belonging to the debtors or bondsmen and being at the custom-house, to the amount of the debt and interest at the rate established by the national bank.

ART. 45. For the application of articles 43 and 44 the regulations established in articles 170 to 176 of the customs ordinances shall be observed.

ART. 46. The importation of triangular daggers or stilettos or their blades, iron knuckles, with or without points, as well as of obscene figures or articles, is prohibited.

Arms and munitions of war can only be imported with the sanction of the competent ministry.

ART. 47. For exceptional cases, when the shipment of national goods is authorized during the night or on holidays, the interested parties shall be required to pay 10 pesos in national currency per day and per employee required to effect the shipment.

PENAL PROVISIONS.

ART. 48. Whosoever commits the offense of contraband, as defined in article 1036 of the customs ordinances, is liable, in addition to the penalties established by said ordinances, to an imprisonment from one month to one year.

ART. 49. Should the person committing said offense be a customs employee he shall be suspended from service for a period of from three to five years, without prejudice to the penalties prescribed by the ordinances in force.

ART. 50. Should, conformably to the provisions of article 1060 of the customs ordinances, the person committing a custom transgression likewise contravene the common laws, the administradores de rentas shall administratively investigate the transgression to the customs law by applying, conformably to said ordinances, the dispositions relative to the offense, and they shall immediately afterwards transmit the file of papers to the authorities or to the ordinary tribunals for trying the contravention against the common laws and for the application of corporal punishments incurred.

ART. 51. As to the application of the penalty of imprisonment, the responsibility of the offender shall be absolutely personal and can not be extended to persons other than those to whom the offense is directly imputable.

Pecuniary penalties can not be substituted for corporal punishment.

ART. 52. The provisions of the customs ordinances concerning false declarations shall apply to goods which, although not included in article 200 of the aforesaid ordinances, may nevertheless be presented to the customs as samples.

ART. 53. Should, at the time of clearance of goods with the permit of removal mentioned in article 33 of the present law, it not be proved that the import duties have been paid the penalty prescribed by articles 1036 and 1037 of the customs ordinances shall be applied.

ART. 54. Should the penalty incurred be the seizure of the fraudulently imported package or a fine equal to the value thereof, and if it be impossible to ascertain the kind of goods contained in such package, the customs shall inflict a fine of 500 pesos gold for every package, and this amount must be paid by the owner of the vessel or, in his place and stead, by the consignee. The amount of every fine shall be divided into two equal parts, one of which shall be attributed to the treasury for

the prejudice caused, and the other to the denunciator or to those who detained the goods.

ART. 55. Should goods dutiable at a rate exceeding 50 per cent be confiscated, two-thirds of the proceeds of their sale at public auction shall be attributed to the treasury, and the balance shall be remitted to the denunciator or to those who effected the seizure.

ART. 56. Should, at the time of examination of a package, a fraud entailing seizure be detected, this penalty shall apply to the entire contents of the package, even when attempt was made to defraud but a part of the package, provided that the value of such part amounts to one-half of the total value of said package.

ART. 57. Should, on comparison of passes, bills of lading, etc., or by other means, it result that, in one sole landing permit, goods of different owners are comprised, contrary to the stipulations of articles 104 and 475–483 of the customs ordinances, the contravention shall be punished by a fine of 50 pesos. This fine shall be applied to every transgressor without prejudice to the penalties prescribed by the law concerning frauds relative to stamps.

ART. 58. Captains or masters of vessels who throw ballast into the river shall, according to the case and the regulations adopted by the executive, be punished by a fine of from 200 to 500 pesos.

River pilots on board of vessels coming from the high seas must inform the competent authority at the port of arrival when any ballast has been thrown into the sea during the trip.

Should they not comply with these instructions they shall forfeit their licenses as pilots and be punished by a fine of 200 pesos.

ART. 59. Should goods not set forth in the manifest in accordance with customs ordinances be discovered on board the ships and in possession of persons employed on board or in the cabins reserved to them, the fiscal administrators may effect a seizure, and moreover inflict on the vessel a fine equivalent to the value of such goods.

MEANS OF APPEAL.

ART. 60. Should the customs employees consider that the absolutory decisions issued by the "administradores de rentas," in the cases mentioned in articles 1054, 1056, and 1057 of the ordinances be prejudicial to their prerogatives, they may appeal in writing to the ministry of finance within three days following the date of the notification of the decision in question. These claims shall be summarily substantiated by a report issued by the "direccion general de rentas," accompanied by the written opinion of the "procurador" of the treasury.

ART. 61. Appeal from the condemnatory resolutions pronounced by the "administradores de rentas" may be made to the ministry of finance within the time fixed in articles 1063 and 1067 of the customs ordinances relative to appeal to the federal courts.

The fact that the interested parties have chosen to appeal to the administration shall entail the renouncement of judicial appeal, and vice versa.

ART. 62. Pending inquiries into customs contraventions, the customs may oblige the interested parties to withdraw goods which, owing to their nature or property, have commenced to, or might, deteriorate or decrease in value. In this case the value of the goods, including the customs duties leviable thereon, shall be deposited to the order of the customs. Should the interested party refuse to withdraw the goods, or should ten days from the date of notification elapse, the goods shall, whatever be the jurisdiction deciding the contravention, be sold at public auction. The sum deposited by the interested party, or the proceeds of the sale, as the case may be, shall be duly remitted to the judge hearing the case.

ART. 63. Customs employees who denounce contraband, fraud, or transgressions, shall, when they so desire, and independently of fiscal action, be considered as parties in judgments pronounced in relation to such offenses.

ART. 64. Should, in the sentence for contraband, fraud, or transgressions, the offender be condemned to the payment of the expenses, the fiscal "procuradores" shall receive the emoluments granted them conformably to the provisions of the law.

ART. 65. Should, on examination of shipments, a difference other than that tolerated by the ordinances be detected, 25 per cent of the ascertained difference shall be attributed to the employee who detected the error.

ART. 66. Masters of vessels, sail or steam, even when enjoying a privilege of whatever kind, shall be required to enter in the manifest their ship's provisions, conformably to articles 31 and following of the customs ordinances, and the regulations to be established by the executive.

GENERAL PROVISIONS.

ART. 67. All dispositions contrary to the present law are repealed.

## BOLIVIA.

[Customs tariff, promulgated Nov. 25, 1893; corrected to June, 1899.]

### EXPLANATION OF TERMS.

1. By ordinary bottles is meant all recipients which have the form and capacity generally adapted to commerce according to the kind of liquid. Wine and liquors imported in half, third, or quarter bottles shall be taxed by taking for a basis as unit the ordinary bottle generally employed for the importation of the liquid presented for clearance.

2. When a tissue of any kind is dutiable according to the number of threads, the threads must be counted in a square of 6 millimeters, by means of the instrument called thread counter.

3. When the length, width, or surface of an article exceeds the maximum or is inferior to the minimum established in the tariff, its value shall be established by taking for a basis the average of the two nearest limits, but when the tariff only mentions the maximum, the duties shall only be based on such maximum.

4. Products presented in the custom-house, which are not enumerated in the tariff, shall be dutiable according to their value stated in the original invoice at the current rate of exchange, or according to their wholesale market price in Bolivia.

5. By gross weight is meant the weight of the packages, including the receptacles generally adopted in the conveyance of goods.

6. Unless otherwise stipulated, the duty shall always be established according to net weight.

7. The expression "including interior receptacles or packages" means that the goods must be weighed with the bindings, cardboard boxes, tins, brass, paper, bottles, boards, or any other material used as an interior receptacle or package. Goods for which another mode of weighing has been stipulated are excepted.

8. When goods are imported in receptacles of a superior quality or of an inferior weight than the ordinary recipients generally employed, the value of such goods shall be increased in proportion to the difference ascertained in the nature of such receptacles.

9. When goods dutiable in gross weight are imported in the same package with other goods, or with goods paying different duties, they shall be subject to an increase of 30 per cent on evaluation, including the immediate receptacles when relative to goods in cases, and 60 per cent when relative to goods in bales.

10. Fractions of a centavo of one-half and above shall be considered a centavo, and those below one-half shall be ignored.

11. The manner in which the measure and weight of goods of different kinds imported in the same package is to be established for levying the duty shall be left to the appreciation of the controllers.

12. The expression "the same" means the entire phrase to which allusion is made, save the restrictions and contrary indications.
